

Investigators Program (*February 22, 1993, 58 FR 10854*).

Reason: It has been determined that the notice is not required by the Privacy Act. In this case, the records cover entities that have been given Federal contracts to investigate EEO complaints. Because these contractors are acting in an entrepreneurial capacity rather than a personal capacity, they do not meet the definition of 'individuals' as contemplated by the Office of Management and Budget in their formal guidelines to federal agencies in implementing the Privacy Act (July 9, 1975, 40 FR 28948).

### Notice of Proposed Information Collection Requests

**AGENCY:** Department of Education.

**SUMMARY:** The Leader, Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

**DATES:** Interested persons are invited to submit comments on or before November 1, 1999.

**SUPPLEMENTARY INFORMATION:** Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: August 27, 1999.

## DEPARTMENT OF ENERGY

### Management of Certain Plutonium Residues and Scrub Alloy Stored at the Rocky Flats Environmental Technology Site

**AGENCY:** U. S. Department of Energy.

**ACTION:** Amendment to a record of decision.

**SUMMARY:** The Department of Energy (DOE) has decided to revise the approach to be used to dispose of approximately 3,360 kg of sand, slag and crucible plutonium residues (containing approximately 130 kg of plutonium) that is currently stored at the Rocky Flats Environmental Technology Site. In an earlier Record of Decision on Management of Certain Plutonium Residues and Scrub Alloy Stored at the Rocky Flats Environmental Technology Site (63 FR 66136, December 1, 1998), DOE decided that the sand, slag and crucible residues would be shipped to the Savannah River Site for processing and storage pending disposition. With the opening of the Waste Isolation Pilot Plant (WIPP) in New Mexico on March 26, 1999, DOE has now decided instead to prepare the sand, slag and crucible residues for direct shipment to the repository for disposal. This will result in final disposition of this material several years earlier than the previous approach and would be more cost effective. The environmental impacts of alternative approaches for management of these residues are presented in the Final Environmental Impact Statement on Management of Certain Plutonium Residues and Scrub Alloy Stored at the Rocky Flats Environmental Technology Site (the EIS, DOE/EIS-0277F, August 1998).

**ADDRESSES:** Copies of the EIS, the first and second Records of Decision published by DOE on this subject, and this Amended Record of Decision are available in the public reading rooms and libraries identified in the **Federal Register** notice that announced the availability of the EIS (63 FR 46006, August 28, 1998), or please write or call: Center for Environmental Management Information, P.O. Box 23769, Washington, DC 20026-3769, telephone 1-800-736-3282 (in Washington, DC: 202-863-5084). These documents may also be accessed on the DOE Office of Environmental Management's World Wide Web site at <http://www.em.doe.gov/em60/documents>.

**FOR FURTHER INFORMATION CONTACT:** For further information on management of plutonium residues and scrub alloy currently stored at the Rocky Flats Environmental Technology Site, contact: Ms. Patrice M. Bubar, Acting Director, Rocky Flats Office (EM-64), Office of Nuclear Material and Facility Stabilization, Environmental Management, U.S. Department of Energy 1000 Independence Avenue, SW,
