Air Force

Notice of Intent To Perform an Environmental Analysis for the Removal of Used Depleted Uranium Targets From Nevada Test and Training Range

AGENCY: United States Air Force, Air Combat Command.

ACTION: Notice of intent to prepare an Environmental Assessment (EA) for the Removal of Used Depleted Uranium Targets from the Nevada Test And Training Range (NTTR).

SUMMARY: The United States Air Force is issuing this Notice of intent (NOI) to announce that it is conducting an Environmental Assessment (EA) to describe the proposed action for removal of used depleted uranium (DU) targets used by A-10 aircraft firing the 30-Millimeter PGU-14/B API Armor Piercing Incendiary round containing sub-caliber high density DU penetrators from the Nevada Test and Training Range (NTTR). This NOI describes the Air Force's proposed scoping process and identifies the Air Force's point of contact.

The proposed EA will be prepared in compliance with the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321-4347), the Council on Environmental Quality NEPA Regulations (40 CFR 1500-1508); and the Air Force's Environmental Impact Analysis Process (EIAP) (Air Force Instruction 32-7061 as promulgated at 32 CFR 989) to determine the potential environmental impacts of removing targets formerly used by A-10 aircraft for DU testing and training at the NTTR.

As part of the proposal, the Air Force will analyze various disposal alternatives for DU contaminated targets and debris currently located in the 60-Series Ranges (Target 63-10) in the Southwest area of NTTR. Because the targets and debris are in various conditions and have varied levels of contamination the Air Force requires flexibility in considering alternatives to dismantle, transport, and dispose/reuse the targets. The targets to be disposed fall into two basic categories: (1) Targets that can be decontaminated because the

DU exists as surface contamination or the DU penetrator remains in the entry hole; and (2) targets that can not be decontaminated because the DU has fused into large areas of the target and it no longer qualifies as a usable target.

DATES: The Air Force will conduct a series of scoping meetings to receive public input on alternatives, concerns, and issues to be addressed in the EA and to solicit public input concerning the scope of the proposed action and alternatives. The schedule and locations of the scoping meetings are as follows:

March 23, 2004, 6 p.m.-8 p.m. Sunrise Library, 5400 Harris Ave., Las Vegas, Nevada

March 24, 2004, 6 p.m.-8 p.m. Indian Spring Community Center, 719 West Gretta Lane, Indian Springs, Nevada

March 25, 2004, 6 p.m.-8 p.m. Bob Ruud Community Center, Main Hall, 150 North Highway 160, Pahrump, Nevada

The Air Force will accept comments at any time during the environmental analysis process. However, to ensure the Air Force considers relevant scoping issues in a timely fashion, all comments should be forwarded to the address below, no later than April 20, 2004. If during the preparation of the EA, the Air Force concludes an Environmental Impact Statement (EIS) is warranted, comments received during this scoping period will be considered in the preparation of the EIS.

I. Funding Opportunity Description

Purpose of Program: This program supports local efforts to enhance the oral language, cognitive, and early reading skills of preschool-age children, especially those from low-income families, through strategies, materials, and professional development that are grounded in scientifically based reading research.

Priorities: Under this competition we are particularly interested in applications that address the following invitational and competitive priorities.

Invitational Priorities: For FY 2004 these priorities are invitational priorities. Under 35 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1—Intensity

The Secretary is especially interested in preschool programs that operate full-time, full-year early childhood

educational programs, at a minimum of 6.5 hours per day, 5 days per week, 46 weeks per year, and that serve children for the two consecutive years prior to their entry into kindergarten.

Scientifically based research on increasing the effectiveness of early childhood education programs serving children from low-income families tells us that children attending such programs that have a greater intensity of service make higher and more persistent gains in the language and cognitive domains than children who attend early childhood programs that have lesser intensity of service. In other words, children who spend more time in high-quality early childhood education programs learn more than children who spend less time in those programs. The purpose of Invitational Priority 1 is to encourage preschool programs supported with Early Reading First (ERF) funds to provide services that are of a sufficient duration and intensity to maximize language and early literacy gains for children enrolled in those programs.

Invitational Priority 2—Children From Low-Income Families

The Secretary is especially interested in projects in which, in all preschool centers supported by the ERF funds, at least 75 percent of the children enrolled in the preschool qualify to receive free or reduced priced lunches; or at least 75 percent of the children enrolled in the elementary school in the school attendance area in which that center is located qualify to receive free or reduced priced lunches.

One of the statutory purposes of the ERF program is to enhance the early language, literacy, and early reading development of preschool-age children, particularly those from low-income families. This priority is intended to increase the likelihood that preschool programs supported with ERF funds serve children primarily from low-income families.

Competitive Preference Priority: In accordance with 34 CFR 75.105(b)(2)(ii), this priority is from § 75.225 of the Education Department General Administrative Regulations (EDGAR), which apply to this program (34 CFR 75.225).

Competitive Preference Priority—Novice Applicant

For FY 2004 this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to a pre-application and an additional 5 points to a full application meeting this competitive priority.

This priority is:

Novice Applicant

The applicant must be a “novice applicant” as defined in 34 CFR 75.225.

Program Authority: 20 U.S.C. 6371–6376.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grant.

Estimated Available Funds:

\$94,439,000.

Estimated Range of Awards:

\$750,000–\$4,500,000.

Estimated Average Size of Awards:

\$2,500,000.

Estimated Number of Awards: 21–

125.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 36 months.

To qualify under (b) of this paragraph, the organization’s or agency’s application must be on behalf of one or more programs that serve preschool-age children (such as a Head Start program, a child care program, or a family literacy program such as Even Start, or a lab school at a university), unless the organization or agency itself operates a preschool program.

Application Procedures:

Note: Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications:

We are continuing to expand our pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. Early Reading First—CFDA Number 84.359A/B is one of the programs included in the pilot project. If you are an applicant under Early Reading First, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-Application). If you use e-Application, you will be entering data online while completing your application. You may not e-mail an electronic copy of a grant application to us. If you participate in this voluntary pilot project by submitting an application electronically, the data you enter online will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- Your participation is voluntary.
- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.
- You will not receive additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.
- You may submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- Your e-Application must comply with any page limit requirements described in this notice.

- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Education Assistance (ED 424) to the Application Control Center after following these steps:

1. Print ED 424 from e-Application.
2. The institution's Authorizing Representative must sign this form.

3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.

4. Fax the signed ED 424 to the Application Control Center at (202) 260-1349.

- We may request that you give us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability: If you elect to participate in the e-Application pilot for Early Reading First and you are prevented from submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

1. You are a registered user of e-Application, and you have initiated an e-Application for this competition; and

2. (a) The e-Application system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

- (b) The e-Application system is unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 p.m. and 4:30 p.m., Washington, DC time) on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgement of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** (see VII. Agency Contact) or (2) the e-GRANTS help desk at 1-888-336-8930.
