Semiannual Regulatory Agenda

DEPARTMENT OF EDUCATION (ED)

DEPARTMENT OF EDUCATION

Office of the Secretary

34 CFR Subtitles A and B

Unified Agenda of Federal Regulatory and Deregulatory Actions

AGENCY: Office of the Secretary, Education.

ACTION: Semiannual regulatory agenda.

SUMMARY: The Secretary of Education publishes a semiannual agenda of Federal regulations. The agenda is issued under the authority of section 4(b) of Executive Order 12866 "Regulatory Planning and Review." The purpose of the agenda is to encourage more effective public participation in the regulatory process by providing the public with early information about pending regulatory activities.

FOR FURTHER INFORMATION CONTACT: Questions or comments related to specific regulations listed in this agenda should be directed to the agency contact listed for the regulations. Questions or comments related to preparation of this agenda should be directed to Stanley M. Cohen, Division of Regulatory Services, Office of the General Counsel, Department of Education, Room 6E117, FB-6, 400 Maryland Avenue SW., Washington, DC 20202-2241; telephone: (202) 401-8300. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: Section 4(b) of Executive Order 12866, dated September 30, 1993, requires the Department of Education (ED) to publish, at a time and in a manner specified by the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget, an agenda of all regulations under development or review. The

Regulatory Flexibility Act, 5 U.S.C. 602(a), requires ED to publish, in October and April of each year, a regulatory flexibility agenda.

The regulatory flexibility agenda may be combined with any other agenda that satisfies the statutory requirements (5 U.S.C. 605(a)). In compliance with the Executive order and the Regulatory Flexibility Act, the Secretary publishes this agenda.

For each set of regulations listed, the agenda provides the title of the document, the type of document, a citation to any rulemaking or other action taken since publication of the most recent agenda, and planned dates of future rulemaking. In addition, the agenda provides the following information:

- An abstract that includes a description of the problem to be addressed, any principal alternatives being considered, and potential costs and benefits of the action.
- An indication of whether the planned action is likely to have significant economic impact on a substantial number of small entities as defined by the Regulatory Flexibility Act (5 U.S.C. 601(6)).
- A reference to where a reader can find the current regulations in the Code of Federal Regulations.
- A citation of legal authority.
- The name, address, and telephone number of the contact person at ED from whom a reader can obtain additional information regarding the planned action.

In accordance with ED's Principles for Regulating listed in its regulatory plan (68 FR 72465, published December 22, 2003), ED is committed to regulation that improves the quality and equality of services to its customers, learners of all ages. ED will regulate only when absolutely necessary and then in the most flexible, most equitable, least burdensome way possible.

Interested members of the public are invited to comment on any of the items listed in this agenda that they believe are not consistent with the Principles for Regulating. Members of the public are also invited to comment on the regulation listed in this agenda that is designated for periodic review under the Regulatory Flexibility Act (5 U.S.C. 610).

This publication in the **Federal Register** does not impose any binding obligation on ED with regard to any specific item in the agenda. ED may elect not to pursue any of the regulatory actions listed here, and regulatory action in addition to the items listed is not precluded. Dates of future regulatory actions are subject to revision in subsequent agendas.

Legal Authority: 20 USC 1681-1682

CFR Citation: 34 CFR 106

Legal Deadline: None

Abstract: The Department proposed changes to the regulations implementing title IX of the Education Amendments of 1972. These changes would amend existing regulations to provide more flexibility for educators to establish single-sex classes and schools at the elementary and

secondary levels. The amendments would support efforts of school districts to improve educational outcomes for children and to provide public school parents with a diverse array of educational options that respond to the educational needs of their children, while at the same time ensuring appropriate safeguards against discrimination. Amendments would be designed to permit appropriate latitude for innovative efforts to help children learn and to expand the choices parents have for their children's education consistent with the purposes of title IX.

CFR Citation: 34 CFR ch III

Abstract: These regulations would implement changes made by the anticipated reauthorization of the Individuals With Disabilities Education Act. This action is a notice that, if regulations are necessary, ED would review the regulations in 34 CFR

chapter III under section 610 of the Regulatory Flexibility Act (5 U.S.C. 610). The purpose of this review would be to determine if these regulations should be continued without change, or should be amended or rescinded, to minimize any significant economic impact upon a substantial number of small entities. We would request comments on the continued need for the regulations; the complexity of the regulations; the extent to which they overlap, duplicate, or conflict with other Federal, State, or local government regulations; and the degree to which technology, economic conditions, or other relevant factors have changed since the regulations were promulgated.

Priority: Other Significant
Legal Authority: PL. 107-110
CFR Citation: 34 CFR 200

Abstract: These regulations would clarify statutory provisions regarding State, LEA, and school accountability for the academic achievement of limited English proficient (LEP) students and are needed to implement changes to title I of the Elementary and

Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001. The regulations would permit States to exclude from reading/language arts assessments LEP students who have been in schools in the United States for fewer than 10 months. The regulations would also permit States to count in the LEP subgroup for one or two years students who were LEP but who, it is determined, are no longer LEP.

Priority: Other Significant
Legal Authority: 20 USC 1232h
CFR Citation: 34 CFR 98
Legal Deadline: None

Abstract: These regulations are needed to implement amendments to the Protection of Pupil Rights Amendment (PPRA) resulting from (1) section 1017 of the Goals 2000 Educate America Act (Pub. L. 103-227; 20 U.S.C. 1232h) and (2) legislation passed as part of the No Child Left Behind Act of 2001 (NCLB) (Pub. L. 107-110). Section 1017 of Goals 2000 amended PPRA to require schools, in certain instances, to make specific educational materials available to parents for inspection. The provision

also amended PPRA to prohibit schools from requiring students to submit to certain surveys, analyses, or evaluations without parental consent. NCLB specified certain subjects on which schools in conjunction with parents, must develop and adopt policies. NCLB also required local educational agencies to directly notify parents of these policies and permit parents to opt out of certain activities. As our next action we will issue a new NPRM incorporating the amendments resulting from NCLB, as well as the earlier amendments resulting from the Goals 2000 Educate America Act.
