34 CFR Parts 606, 607, 611, 637, 648, 656, 657, 658, 660, 661, 662, 663, 664, and 669

Higher Education Programs

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice of proposed rulemaking.

SUMMARY: The proposed regulations will remove all references to points in the selection criteria the Department of Education (Department) uses to evaluate applications submitted under the higher education discretionary grant programs. We are proposing this action because the current point assignments are outdated and do not permit sufficient flexibility to establish important program objectives. Taking this action will allow us that flexibility and ensure grant awards are made to high quality applicants.

The proposed regulations also would remove the requirement that in competitions for grants under the Partnership and Teacher-Recruitment components of the Teacher Quality Enhancement Grants Program, the Secretary hold a two-stage competition in which applicants must submit a pre-application and a full application. The current structure has not proven effective in producing high quality applications for this program. Removing the requirement for a pre-application will reduce burden on applicants and the Department and allow both to target their resources on the full application stage.

There are some amendments in the proposed regulations that are purely technical corrections to the regulations.

DATES: We must receive your comments on or before January 21, 2005.

ADDRESSES: Address all comments about these proposed regulations to Lorraine Kennedy, U.S. Department of Education, PO Box 33553, Washington, DC 20033 or by e-mail at the following address: *DiscretionaryGrantComments@ed.gov*. SUPPLEMENTARY INFORMATION: The Secretary proposes to amend 34 CFR parts 606, 607, 637, 648, 656, 657, 658, 660, 661, 662, 663, 664, and 669 by removing the mandatory point values from the selection criteria in the regulations associated with the application process for discretionary grant programs. The current regulations that mandate specific point values to the selection criteria in these discretionary grant programs are out-of-date. The proposed regulations would give the Secretary the flexibility to select specific point values from year to year to address current priorities for the programs. The removal of the mandatory point values from the selection criteria for these grant programs is also consistent with the manner in which the Department assigns points to selection criteria for many other discretionary grant programs.

The Secretary also proposes to amend the regulations in 34 CFR part 611, which govern the Teacher Quality Enhancement Grants (TQE) program. The effect of these amendments would be to make discretionary the existing requirement that in competitions for grants under the program's Partnership and Teacher-Recruitment components, the Secretary conduct a two-stage process for selecting applicants involving the submission and review of pre-applications and full applications. We adopted the two-stage process in 2000 in the belief that by inviting full applications only from those applicants that, on the basis of the pre-applications, showed promise of being able to submit high-quality full applications, we would decrease total burden on all applicants and, at the same time, enable those who review and score applications to focus on those with the most promise of being funded. See the notice of proposed rulemaking published in the **Federal Register** on February 11, 2000 at 65 FR 6939. However, under this process, not only has the Department historically received many fewer applications than anticipated, but it also has little evidence that the use of a pre-application stage has helped to promote the Department's receipt of high-quality full applications for either component of the TQE program. As a result, burden has not been reduced but rather has been inadvertently increased without any commensurate return in quality applications. While wishing to reserve the ability to use a two-stage review process should circumstances change, and given its experience, the Department now wishes to have the option of utilizing a single-stage application process as is the typical procedure in other discretionary grant programs.

Executive Order 12866

1. Potential Costs and Benefits

Under Executive Order 12866, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with the proposed regulations are those resulting from statutory requirements and those we have determined to be necessary for administering these programs effectively and efficiently. Elsewhere in this **SUPPLEMENTARY INFORMATION** section we identify and explain burdens specifically associated with information collection requirements. See the heading Paperwork Reduction Act of 1995.

In assessing the potential costs and benefits—both quantitative and

qualitative—of this regulatory action, we have determined that the benefits would justify the costs.

We have also determined that this regulatory action would not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

2. Clarity of Regulations

Executive Order 12866 and the Presidential memorandum of June 11, 1988 on "Plain Language in Government Writing" require each agency to write regulations that are easy to understand.

The Secretary invites comments on how to make these proposed regulations easier to understand, including answers to questions such as the following:

- Are the requirements in the proposed regulations clearly stated?
- Do the proposed regulations contain technical terms or other working that interferes with their clarity?
- Does the format of the proposed regulations (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce their clarity?
- Would the proposed regulations be easier to understand if we divided them into more (but shorter) sections? (A "section" is preceded by the symbol "\$" and a numbered heading; for example, § 606.20 How does the Secretary choose applications for funding?)

• Could the description of the proposed regulations in the **SUPPLEMENTARY INFORMATION** section of this preamble be more helpful in making the proposed regulations easier to understand? If so, how?

• What else could we do to make the proposed regulations easier to understand?

Send any comments that concern how the Department could make these proposed regulations easier to understand to the person listed in the **ADDRESSES** section of the preamble.

Regulatory Flexibility Act Certification

The Secretary certifies that these proposed regulations would not have a significant economic impact on a substantial number of small entities. Small entities affected by these regulations are small institutions of higher education. The changes will not have a significant economic impact on the institutions affected.

Paperwork Reduction Act of 1995

Sections 606.20, 606.21, 606.22, 606.23, 607.20, 607.21, 607.22, 607.23, 611.2, 611.3, 637.31, 637.32, 648.30, 648.31, 656.20, 656.21, 656.22, 657.20, 657.21, 658.30, 658.31, 658.32, 658.33, 660.30, 660.31, 660.32, 660.33, 661.30,

661.31, 662.21, 663.21, 664.30, 664.31, 669.20, and 669.21 contain information collection requirements. Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3057(d)), the Department of Education has submitted a copy of these sections to the Office of Management and Budget (OMB) for its review.

The information collection would apply to applications for awards submitted under certain higher education discretionary grant programs and the Teacher Quality Program. The likely respondents would be State agencies and two and four-year degree granting institutions. This collection of information is necessary for applicants to apply for new grants under the regulations for these discretionary grant programs. Grants will be awarded on the basis of competitively reviewed applications submitted to the U.S. Department of Education, Office of Postsecondary Education.

If you want to comment on the information collection requirements, please send your comments to the Office of Information and Regulatory Affairs, OMB, room 10235, New Executive Office Building, Washington, DC 20503; Attention: Desk Officer for U.S. Department of Education. You may also send a copy of these comments to the Department representative named in the **ADDRESSES** section of this preamble.

We consider your comments on these proposed collections of information in—

- Deciding whether the proposed collections are necessary for the proper performance of our functions, including whether the information will have practical use;
- Evaluating the accuracy of our estimate of the burden of the proposed collections, including the validity of our methodology and assumptions;
- Enhancing the quality, usefulness, and clarity of the information we collect; and
- Minimizing the burden on those who must respond. This includes exploring the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

OMB is required to make a decision concerning the collections of information contained in these proposed regulations between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, to ensure that OMB gives your comments full consideration, it is important that OMB receives the comments within 30 days of publication. This does not affect the deadline for your comments to us on the proposed regulations.

Intergovernmental Review

The discretionary grant programs and the Teacher Quality Enhancement Grants Program are not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

Assessment of Educational Impact

The Secretary particularly requests comments on whether these proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.
