

## ***Program Information for Legislative and Public Affairs (LPA)***

---

*Legislative and Public Affairs is in the process of creating Program Specific Information that would support specific program needs or resources not covered in the toolkit. Materials that might be included in this section are: career guides for key leadership positions, program-specific services or training, program-specific developmental assignments, program mission or vision statements, strategic plans, succession plans, and program contact information.*

*When completed the information will be uploaded the APHIS Training & Development website and integrated into future versions of the CD-ROM of the APHIS Leadership Development Toolkit. All of these versions are available on the APHIS Training Website.*

*Please check the APHIS Training & Development website periodically for updated program-specific information, as well as other resources for developing yourself and/or your employees.*
