PART 1427--COTTON--Table of Contents

Subpart G--Extra Long Staple (ELS) Cotton Competitiveness Payment  
Program

Sec. 1427.1200 Applicability.

Source: 67 FR 64459, Oct. 18, 2002, unless otherwise noted.

(a) These regulations set forth the terms and conditions under which CCC shall make payments, in the form of commodity certificates or cash, to eligible domestic users and exporters of extra long staple (ELS) cotton who have entered into an ELS Cotton Domestic User/Exporter Agreement with CCC to participate in the ELS cotton competitiveness payment program under section 136A(c) of the Federal Agriculture Improvement and Reform Act of 1996 and section 1208 of the Farm Security and Rural Investment Act of 2002.

(b) During the effective period of these regulations, CCC may issue marketing certificates or cash payments to domestic users and exporters, at the option of the recipient under this subpart, in any week following a consecutive 4-week period in which:

(1) The lowest adjusted Friday through Thursday average price quotation for foreign growths (LFQ), as quoted for ELS cotton, delivered C.I.F. (cost, insurance and freight) Northern Europe, is less than the Friday through Thursday adjusted average domestic spot price quotation for base quality U.S. Pima cotton, as determined by the Secretary for purposes of administering the ELS Cotton Competitiveness Payment Program, uncompressed, F.O.B. warehouse; and

(2) The LFQ, determined under Sec. 1427.1207, is less than 134 percent of the current crop year loan level for the base quality U.S. Pima cotton as determined by the Secretary.

(c) Additional terms and conditions may be in the ELS Cotton Domestic User/Exporter Agreement, which the domestic user or exporter must execute in order to receive such payments.

(d) CCC shall prescribe the forms to be used in administering the ELS cotton competitiveness payment program.

Sec. 1427.1202 Definitions.

Consumption means, the use of eligible ELS cotton by a domestic user in the manufacture in the United States of ELS cotton products.

Cotton product means any product containing cotton fibers that result from the use of an eligible bale of ELS cotton in manufacturing.

Current shipment price means, during the period in which two daily price quotations are available for the LFQ for the foreign growth,

quoted C.I.F. northern Europe, the price quotation for cotton for shipment no later than August/September of the current calendar year.

Forward shipment price means, during the period in which two daily price quotations are available for the LFQ for foreign growths, quoted C.I.F. northern Europe, the price quotation for cotton for shipment no earlier than October/November of the current calendar year.

LFQ means, during the period in which only one daily price quotation is available for the growth, the lowest average for the preceding Friday through Thursday week of the price quotations for foreign growths of ELS cotton, quoted cost, insurance, and freight C.I.F. northern Europe, after each respective average is adjusted for quality differences between the respective foreign growth and U.S. Pima, of the base quality, provided that the lowest adjusted quotation becomes the LFQ after it is further adjusted to reflect the estimated cost of transportation between an average U.S. location and northern Europe.

(1) Current LFQ means the preceding Friday through Thursday average of the current shipment prices for the lowest adjusted foreign growth, C.I.F. northern Europe.

(2) Forward LFQ means the preceding Friday through Thursday average of the forward shipment prices for the lowest adjusted foreign growth, quoted C.I.F. northern Europe.

Spot price means the Friday through Thursday weekly average of the domestic spot prices reported by the Agricultural Marketing Service, USDA, for base quality U.S. Pima, uncompressed, F.O.B. warehouse, for the San Joaquin and Desert Southwest markets. When both San Joaquin Valley and Desert Southwest spot quotations are available, the U.S. quotation will be a weighted average of the two quotations, as determined by the Secretary. If only one quotation is available, that quotation will be used.

#### Sec. 1427.1203 Eligible ELS cotton.

(a) For the purposes of this subpart, eligible ELS cotton is domestically produced baled ELS cotton that is:

(1) Opened by an eligible domestic user on or after October 1, 1999, or

(2) Exported by an eligible exporter on or after October 1, 1999, during a Friday through Thursday period in which a payment rate, determined under Sec. 1427.1207, is in effect, and that meets the requirements of paragraphs (b) and (c) of this section;

(b) Eligible ELS cotton must be either:

(1) Baled lint, including baled lint classified by USDA's Agricultural Marketing Service as Below Grade; or

(2) Loose.

(c) Eligible ELS cotton must not be:

(1) ELS for which a payment, under the provisions of this subpart, has been made available;

(2) Imported ELS cotton;

(3) Raw (unprocessed) notes;

(4) Textile mill wastes; or

(5) Semi-processed or reginned (processed) notes.

#### Sec. 1427.1204 Eligible domestic users and exporters.

(a) For the purposes of this subpart, the following persons shall be considered eligible domestic users and exporters of ELS cotton:

(1) A person regularly engaged in the business of opening bales of eligible ELS cotton to manufacturing such cotton into cotton products in

the United States (domestic user), and who has entered into an agreement with CCC to participate in the ELS cotton competitiveness payment program; or

(2) A person, including a producer or a cooperative marketing association approved under part 1425 of this chapter, regularly engaged in selling eligible ELS cotton for exportation from the United States (exporter), and who has entered into an agreement with CCC to participate in the ELS Cotton Competitiveness Payment Program.

(b) Payment applications under this subpart must contain documentation required by the CCC-issued provisions of the ELS Cotton Domestic User/Exporter Agreement and instructions.

Sec. 1427.1205 ELS Cotton Domestic User/Exporter Agreement.

(a) Payments under this subpart shall be made available to eligible domestic users and exporters who have entered into an ELS Cotton Domestic User/Exporter Agreement with CCC and who have complied with the terms and conditions in this subpart, the ELS Cotton Domestic User/Exporter Agreement and CCC-issued instructions.

(b) ELS Cotton Domestic User/Exporter Agreements may be obtained from CCC. To participate in the program authorized by this subpart, domestic users and exporters must execute the ELS Cotton Domestic User/Exporter Agreement and forward the original and one copy to CCC.

Sec. 1427.1206 Form of payment.

Payments under this subpart shall be made available in the form of commodity certificates issued under part 1401 of this chapter, or in cash, at the option of the participant, as CCC determines and announces.

Sec. 1427.1207 Payment rate.

(a) The payment rate for payments made under this subpart shall be determined as follows:

(1) Beginning the Thursday following August 1 and ending the week in which the current LFQ and the forward LFQ may first become available, the payment rate shall be the difference between the U.S. Pima spot price and the LFQ in the fourth week of a consecutive 4-week period in which the U.S. Pima spot price exceeded the LFQ each week, and the LFQ was less than 134 percent of the current crop year loan level for U.S. base quality Pima cotton in all weeks of the 4-week period; and

(2) Beginning the Friday through Thursday week after the week in which the current LFQ and the forward LFQ may first become available and ending the Thursday following July 31, the payment rate shall be the difference between the U.S. Pima spot price and the current LFQ in the fourth week of a consecutive 4-week period in which the U.S. Pima spot price exceeded the current LFQ each week, and the current LFQ was less than 134 percent of the current crop year loan level for base quality U.S. Pima in all weeks of the 4-week period. If the current LFQ is not available, the payment rate may be the difference between the U.S. Pima spot price and the forward LFQ.

(b) Whenever a 4-week period under paragraph (a) of this section contains a combination of LFQ, current LFQ and forward LFQ for only one to three weeks, such as may occur in the spring when the LFQ price is succeeded by the current LFQ and the forward LFQ (Spring transition) and at the start of a new marketing year when the current LFQ and the forward LFQ are succeeded by the LFQ (marketing year transition), under paragraphs (a)(1) and (a)(2) of this section, during both the spring

transition and the marketing year transition periods, to the extent practicable, the current LFQ in combination with the LFQ shall be considered during such 4-week periods to determine whether a payment is to be issued. During both the spring transition and the marketing year transition periods, if the current LFQ is not available, the forward LFQ in combination with the LFQ shall be taken into consideration during such 4-week periods to determine whether a payment is to be issued.

(c) For purposes of this subpart, regarding the determination of the U.S. Pima spot price, the LFQ, the current LFQ and the forward LFQ:

(1) If daily quotations are not available for one or more days of the 5-day period, the available quotations during the period will be used;

(2) If the U.S. Pima spot price is not available or if none of the LFQ, current LFQ or forward LFQ is available, the payment rate shall be zero and shall remain zero unless and until sufficient U.S. Pima spot prices and/or LFQ again become available, the U.S. Pima spot price exceeds the LFQ, the current LFQ or the forward LFQ, as the case may be, and the LFQ, the current LFQ, or the forward LFQ, as the case may be, is less than 134 percent of the current crop year loan rate for base quality U.S. Pima for 4 consecutive weeks.

(d) Payment rates for loose, reginned notes and semi-processed notes that are of a quality suitable, without further processing, for spinning, papermaking or bleaching shall be based on a percentage of the basic rate for baled lint, as specified in the ELS Cotton Domestic User/Exporter Agreement.

#### Sec. 1427.1208 Payment.

(a) Payments under this subpart shall be determined by multiplying:

(1) The payment rate, determined under Sec. 1427.127, by

(2) The net weight (gross weight minus the weight of bagging and ties) determined under paragraph (b) of this section, of eligible ELS cotton bales that an eligible domestic user opens or an eligible exporter exports during the Friday through Thursday period following a week in which a payment rate is established.

(b) For the purposes of this subpart, the net weight shall be based upon:

(1) For domestic users, the weight on which settlement for payment of the ELS cotton was based (landed mill weight);

(2) For reginned notes processed by an end user who converted such notes, without rebaling, to an end use in a continuous manufacturing process, the net weight of the reginned notes after final cleaning;

(3) For exporters, the shipping warehouse weight or the gin weight if the ELS cotton was not placed in a warehouse, of the eligible cotton unless the exporter obtains and pays the cost of having all the bales in the shipment reweighed by a licensed weigher and furnishes a copy of the certified reweights.

(c) For the purposes of this subpart, eligible ELS cotton will be considered:

(1) Consumed by the domestic user on the date the bale is opened for consumption; and

(2) Exported by the exporter on the date that CCC determines is the date on which the cotton is shipped for export.

(d) Payments under this subpart shall be made available upon application for payment and submission of supporting documentation, as required by the CCC-issued provisions of the ELS Cotton Domestic User/Exporter Agreement.
