MOTOR VEHICLE SELF-INSURED INFORMATION

This vehicle is provided to employees of the U.S. Department of Agriculture to perform official business to meet mission requirements.

The U.S. Government is a self insurer of all motor vehicles operated by its employees within the U.S., its territories, and possessions. Claims for the injury or death of third parties or damage to their property arising from an accident with a Federal employee operating a Government-furnished vehicle and while acting within the scope of employment are covered by the Federal Tort Claims Act.
