

For: FSA Employees

Accessing Program Performance Targets and Results Data

Approved by: Administrator

1 Reviewing Data

A Background

Executive Order 13450, Improving Government Program Performance, seeks greater accountability for coordinating performance management responsibilities and achieving measureable results. To this end, USDA has instructed all agencies to ensure accessibility of performance data to all employees.

B Purpose

This notice informs all employees and managers that program performance targets and results may be viewed on the FSA Intranet site at <http://intranet.fsa.usda.gov/bpms/pdf/Fall-2008UpdatePART-MITS.pdf>. The document can also be accessed from http://intranet.fsa.usda.gov/bpms/zone10_jump.htm.

Note: This data is used by FSA to prepare for the government-wide Program Assessment Rating Tool (PART).

C Contact

Submit questions or comments about this notice to the Strategic Performance and Evaluation Staff (SPES) by either of the following:

- Internet at <https://askfsainternal.custhelp.com>

Note: Supervisors may e-mail Randy Gibson, Branch Chief for Planning and Performance Management, SPES, at randy.gibson@wdc.usda.gov.

- telephone at 202-720-5542.

D Employee Action

Each FSA employee and manager should familiarize him/herself with all applicable performance targets and metrics. This data will be useful in understanding current program performance and possible links to individual performance plans or appraisals.
