

For: State and County Offices

Date Extension for Loading 2009 NAP Applications for Coverage

Approved by: Deputy Administrator, Farm Programs

1 Loading 2009 NAP Applications for Coverage

A Background

Notice NAP-112 informed State and County Offices that all 2009 application closing dates that were before December 1, 2008, had been extended to December 1, 2008. The 2009 Application for Coverage software was modified to allow for entry of 2009 applications for coverage until December 8, 2008 (December 1, 2008, plus a 7 day grace period).

Notices FI-2872 and FI-2874 provided information on the lock-out of all payment processing and collection activities on December 4, 2008. Because of this lock-out, problems were encountered by State and County Offices when loading NAP applications for coverage in the automated system from December 4 through December 8, 2008.

B Purpose

This notice advises State and County Offices that:

- an extension is being provided in the 2009 NAP Application for Coverage software to allow for data entry of applications for coverage that were taken manually but could not be loaded before December 8, 2008
- through COB December 24, 2008, all 2009 NAP applications for coverage which were manually taken before December 2, 2008, and were not able to be loaded in the system by the December 8, 2008, deadline because of the NPS migration, shall be loaded
- modified software will be transmitted on December 15, 2008, and will also be included in County Release No. 657.

C State Office Action

State Offices shall ensure that County Offices are immediately informed of the contents of this notice.

Disposal Date	Distribution
June 1, 2009	State Offices; State Offices relay to County Offices
