

Directions for registering and subscribing for forecast notifications:

TO REGISTER:

The first step is to register as a user. Go to www.lre.usace.army.mil/glhh. At the top right-hand corner, click on the word **Register**. A **Register New User** box will now be on your screen. Complete the required information and click on **Register**.

Automatically you are brought to the **News and Events** page where you are now logged in under your username (as indicated in the top right-hand corner). The page should look similar to this:

The screenshot shows the Detroit District website's News & Events page. The header features the text "DETROIT DISTRICT" and "United States Army Corps of Engineers". A search bar is located on the left. The main content area is titled "News & Events" and includes a breadcrumb trail "Detroit Home Page > News & Events". The first news item is "Shoreline Task Force" with a "New" icon and a link to "Shoreline Task Force Consensus Document". Below it is a link for "For more information on this issue, click here." The second news item is "Soo Locks Celebrates!" with a large red title and a link to "See more". The third news item is "Golden Age Passport" with a small image and a link to "See more".

TO SUBSCRIBE TO A FORECAST NOTIFICATION:

From the **News and Events** page, click on **Great Lakes Information** at the left. Click on **Hydraulics and Hydrology**, then click on **Forecasts** (located under **Water Levels**). Click on each forecast you are interested in receiving. Click on [subscribe](#) and you will now be subscribed to receive email notification of the most recently updated water level forecasts.

Note:

-You may unsubscribe at any time by logging in and clicking [unsubscribe](#).
