

DCL – 08-15

DATE: April 11, 2008

TO: ALL STATE AND TRIBAL IV-D DIRECTORS

RE: FY 2007 Preliminary Data Report

Dear Colleague:

Enclosed is a copy of the Child Support Enforcement (CSE) FY 2007 Preliminary Data Report. This report provides financial and statistical information on the Child Support Enforcement Program for Fiscal Year 2007.

Please note that information presented in this report does not take into account the data reliability audits currently being conducted on incentive-related data items. State officials should carefully review data to ensure that numbers included in this report agree with timely submissions to the Office of Child Support Enforcement. Please contact regional offices with any concerns.

While you review this report, I want to draw your attention particularly to the results of our hard work in the past year on the Project to Avoid Increasing Delinquencies, the national PAID initiative. I am delighted to report that, unlike in the recent past, this year we met our national performance goals of 61 percent for both current support collections and collections on arrears. In addition, total distributed collections amounted to almost \$25 billion in FY 2007, a 3.8 percent increase over the amount collected in FY 2006. Of the \$30 billion *current support* that was due, approximately 61 percent (\$19 billion) of that amount was collected and distributed, a 4.2 percent increase over the previous fiscal year's total.

There were over 11.3 million cases with arrears due and over 61 percent of these cases had collections in FY 2007. The total amount of arrearages reported for all previous fiscal years was over \$107 billion and over \$7 billion of these arrearages was collected and distributed in FY 2007, an increase of 2.4 percent from the previous year.

We know that we have more work to do and we expect that the results of our recent PAID initiatives will be more evident in the year ahead. I look forward to our combined continued efforts and hope you will keep sharing your good ideas to increase collections and decrease arrearages.

Sincerely,

/s/

Margot Bean  
Commissioner  
Office of Child Support Enforcement

## Program Highlights

This Office of Child Support Enforcement (OCSE) Preliminary Report highlights financial and statistical program achievements for the Federal Fiscal Year (FFY) 2007. The information is retrieved from State-submitted reports on program status sent to the Federal government quarterly for financial, and annually, for statistical data. Data in the report reveal that almost \$25 billion in child support payments was collected and distributed; almost \$23 billion was distributed to families or Foster Care agencies; 1.7 million paternities were established and acknowledged; and over 1.1 million child support orders were established.

**Caseload.** OCSE defines a child support case as a parent (mother, father, or putative father) who is now or eventually may be obligated under law for the support of a child or children receiving services under the Child Support Program, Title IV-D of the Social Security Act. A *current assistance case* is one in which the children are: (1) recipients of Temporary Assistance for Needy Families (TANF) under Title IV-A of the Social Security Act or; (2) entitled to Foster Care maintenance payments under Title IV-E of the Social Security Act. In addition, the children's support rights have been assigned by a caretaker to the State and a referral to the State IV-D agency has been made. A *former assistance case* is a case in which the

---

Note: The Child Support Performance and Incentive Act of 1998 (CSPIA) required the States to have complete and reliable data for purposes of computing incentives. Federal auditors begin their review of State data after the mandatory December 31<sup>st</sup> deadline for data submission. Readers should note that no determination or assumption has been made in this report regarding data reliability for each State for fiscal year 2007. The numbers are presented as submitted to OCSE.

children were formerly receiving Title IV-A (AFDC or TANF) or Title IV-E (Foster Care) services. A *never assistance case* is a case in which the children are receiving services under the Title IV-D program, but are not currently eligible for and have not previously received TANF and Foster Care assistance. This includes cases in which the family is receiving child support services as a result of a written application (including cases in which children are receiving State, not Title IV-E, Foster Care services) or a case in which they are Medicaid recipients *not* receiving additional assistance.

In FY 2007, there were almost 15.8 million cases in the Child Support Enforcement Program. This represents a slight decrease of 0.6 percent in the caseload from FY 2006. In FY 2007, there were 2.1 million current assistance cases, a decrease of 8.5 percent from FY 2006; 7.2 million former assistance cases, a decrease of 1.0 percent from FY 2006; and 6.4 million never assistance cases reported, an increase of 2.9 percent from FY 2006 (Table 2). The decrease in the overall caseload was largely due to a drop in the number of current assistance and former assistance families between FY 2006 and FY 2007.

**Paternities Established.** Paternity establishment involves the legal establishment of fatherhood for a child. One way paternity can be established is by a voluntary acknowledgement signed by both parents as part of an in-hospital or other acknowledgement program.

In FY 2007, there were almost 640,000 paternities established and nearly 1.1 million in-hospital and other paternities acknowledged (Table 2). Overall, paternity was established or acknowledged for 1.7 million children, a 1.7 percent increase from the previous year.

**Orders Established.** There were over 1.3 million child support orders established in FY 2007. This represents a 14.3 percent increase over the number established in 2006 (Table 2). *Current assistance* orders accounted for 16.2 percent of these orders, *former assistance* orders accounted for 35.4 percent, and *never assistance* orders accounted for 48.4 percent of the support orders established.

**Collections.** Total distributed child support collections amounted to almost \$25 billion in FY 2007 (Tables 1, 3, and 7), a 3.8 percent increase over the amount collected in FY 2006. Child support payments are collected through various methods, including, for example income withholding; unemployment compensation interception; and State or Federal tax refund offsets. In FY 2007, 69.7 percent of payments were collected via income withholding; 1.6 percent from unemployment compensation; 6.0 percent from tax offsets; 18.2 percent from other sources; and 4.5 percent from other States.

**Collections per Full-Time Equivalent (FTE) Staff.** There were over 60,000 FTE staff working in the States and jurisdictions in the Child Support Enforcement Program in FY 2007 (Table 2). Nationally, the amount of child support collected per FTE was over \$413,000 compared to the \$396,000 per FTE in FY 2006, a 4.4 percent increase.

**Expenditures.** Total administrative expenditures were nearly \$5.6 billion in FY 2007, a 0.6 percent increase over those in FY 2006. The Federal Share of expenditures was nearly \$3.7 billion, and the State share was \$1.9 billion (Table 1).

**Collections Due and Distributed.** The total amount of current support due for FY 2007 was over \$30 billion. Approximately \$19 billion, or 61 percent of that amount was collected and distributed, an increase of 4.2 percent over the amount of current support collected and

distributed in FY 2006. The total amount of arrearages reported for all previous fiscal years was over \$107 billion and over \$7 billion of these arrearages was collected and distributed in FY 2007, an increase of 2.4 percent over the amount of arrears collected and distributed in FY 2006 (Table 5).

There were over 11.3 million *cases with arrears due* and over 6.9 million (61 percent) of these cases had collections in FY 2007 (Table 6). Also, in FY 2007, increases were noted for *total cases in which a collection was made*. Preliminary data reveal that there are 8.7 million cases with collections, which represents a 1.8 percent increase over the number of total cases with collections in FY 2006 (Table 2).

The *total cases with an order established* in FY 2007 were over 12.3 million, which represents a 0.8 percent increase over the number of cases with orders established in the previous fiscal year (Table 2).

The *total number of children* in the Title IV-D caseload in FY 2007 was over 17.1 million, a 0.8 percent decrease from the 17.3 million children in the Title IV-D caseload in FY 2006 (Table 2).

In FY 2007, there were 12 comprehensive *Tribal Child Support Enforcement Programs*. Tribes distributed nearly \$15.7 million in total collections in FY 2007 (Table 16), a 21.6 percent increase from the nearly \$12.9 million in FY 2006. There were 27,708 cases in the Tribal Program caseload (Table 13), a 7.0 percent increase from FY 2006; over 14,000 children with paternity established (Table 14), a 4.9 percent increase from FY 2006; and a total of 12,567 support orders established (Table 15), a 37.7 percent increase from FY 2006.

The attached tables and charts provide further preliminary detail regarding collections,

expenditures, caseload, paternities, orders established, and other program statistics, related to both the Child Support Enforcement and Tribal Child Support Enforcement Programs for FY 2007.

<sup>1/</sup> The Medicaid Assistance category was added to the OCSE-34A form in FY 2004. These collections were previously to be reported in the current assistance category.

<sup>2/</sup> Total assistance reimbursement equals collections that will be divided between the State and Federal governments to reimburse their respective shares of either Title IV-A (TANF) payments or Title IV-E (Foster Care) maintenance payments.

<sup>3/</sup> Current assistance collections are those made on behalf of families currently receiving Title IV-A (TANF) or Title IV-E (Foster Care) assistance.

<sup>4/</sup> Former assistance collections are those made on behalf of families formerly receiving Title IV-A (TANF) or Title IV-E (Foster Care) assistance.

<sup>5/</sup> Medicaid Collections are those received and distributed on behalf of children who are receiving Child Support Enforcement services under Title IV-D of the Social Security Act, and who are either currently receiving or who have formerly received Medicaid payments under Title XIX of the Social Security Act, but who are not currently receiving and who have never formerly received assistance under either Title IV-A (TANF) or AFDC) or Title IV-E (Foster Care) of the Social Security Act.

<sup>6/</sup> Never assistance collections are those made on behalf of families never receiving public assistance.

<sup>1/</sup> Current and Former Assistance categories include collections for Title IV-A (TANF) and Title IV-E (Foster Care) cases.

<sup>2/</sup> The Medicaid Assistance category was added to the OCSE-34A form in FY 2004. These collections were previously to be reported in the current assistance category.

**Figure 15** Federal Offset Collections for Five Processing Years

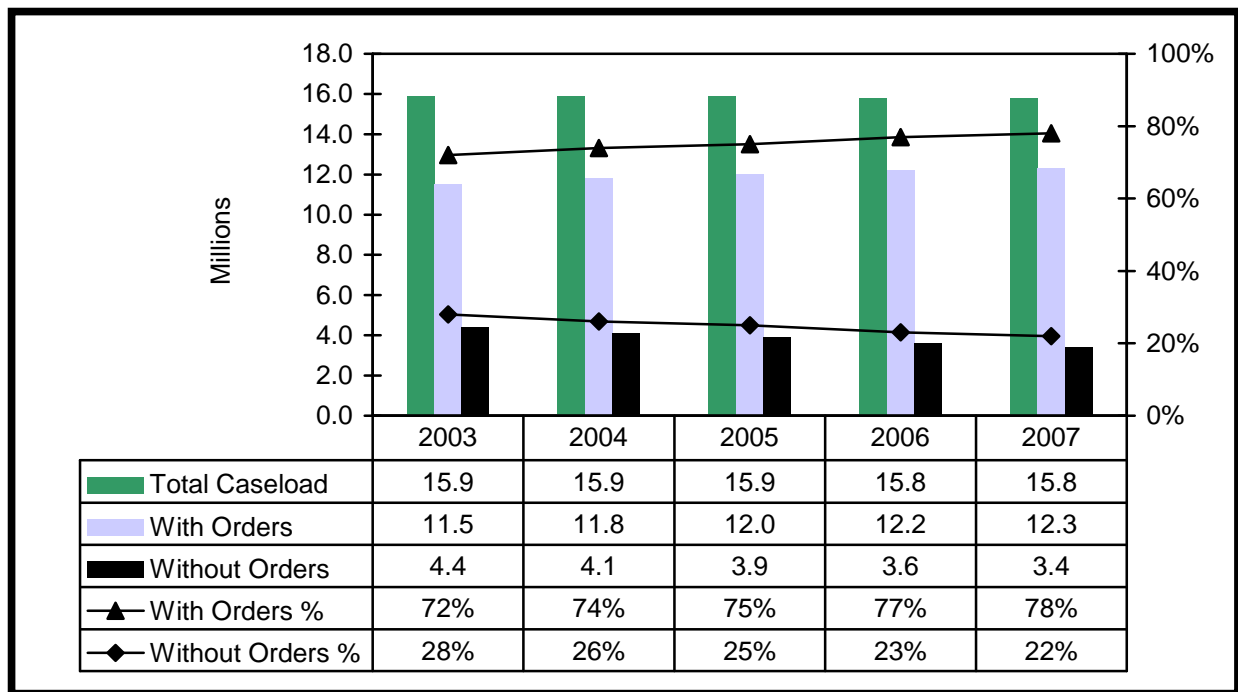

**Figure 1: Total and Percentage of Child Support Caseload by Current, Former, and Never Assistance for Five Consecutive Fiscal Years**

Source: Form OCSE-157 lines 1+3

*In FY 2007, the total child support caseload decreased to 15.8 million cases. This was due in part to a decrease in current assistance cases. Families formerly on public assistance comprise the largest portion of caseload.*

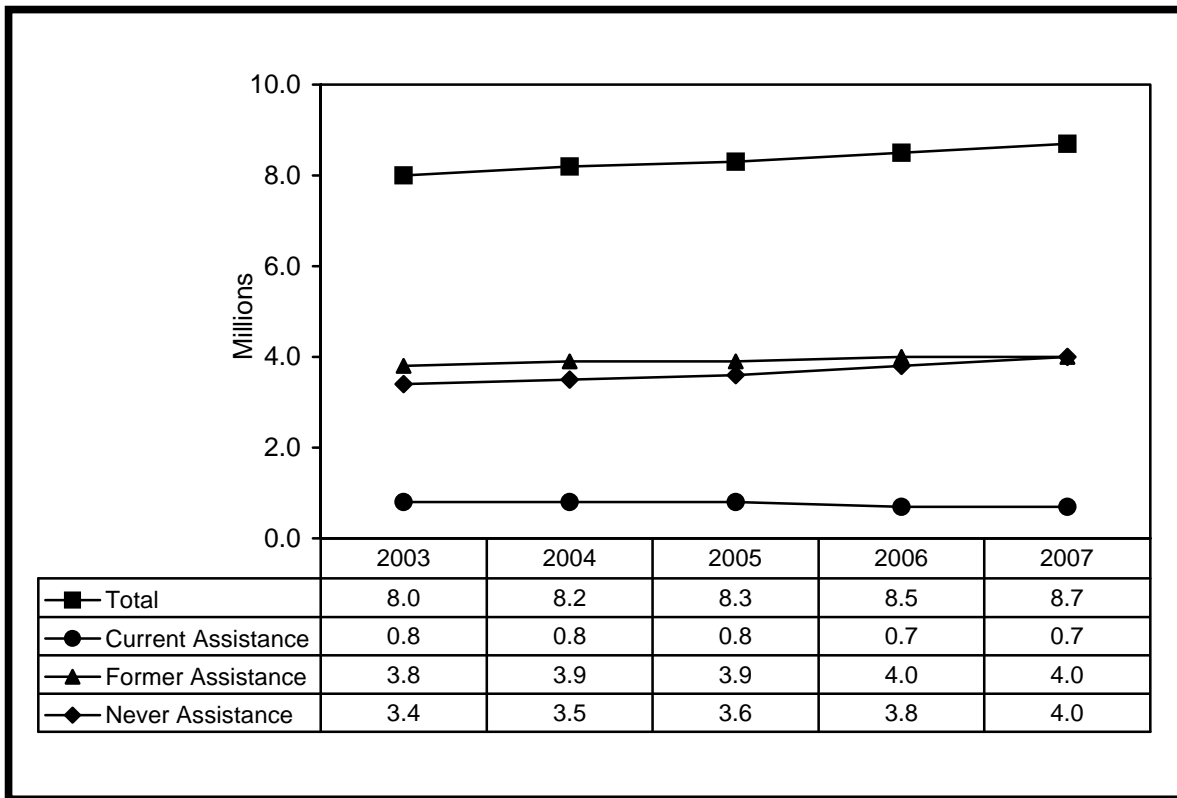

**Figure 2: Total and Percentage of Cases With and Without Support Orders Established for Five Consecutive Fiscal Years**

Source: Form OCSE-157 lines 1+ 3

*Although the total child support caseload decreased in FY 2007, cases with orders increased by 1 percentage point over FY 2006.*

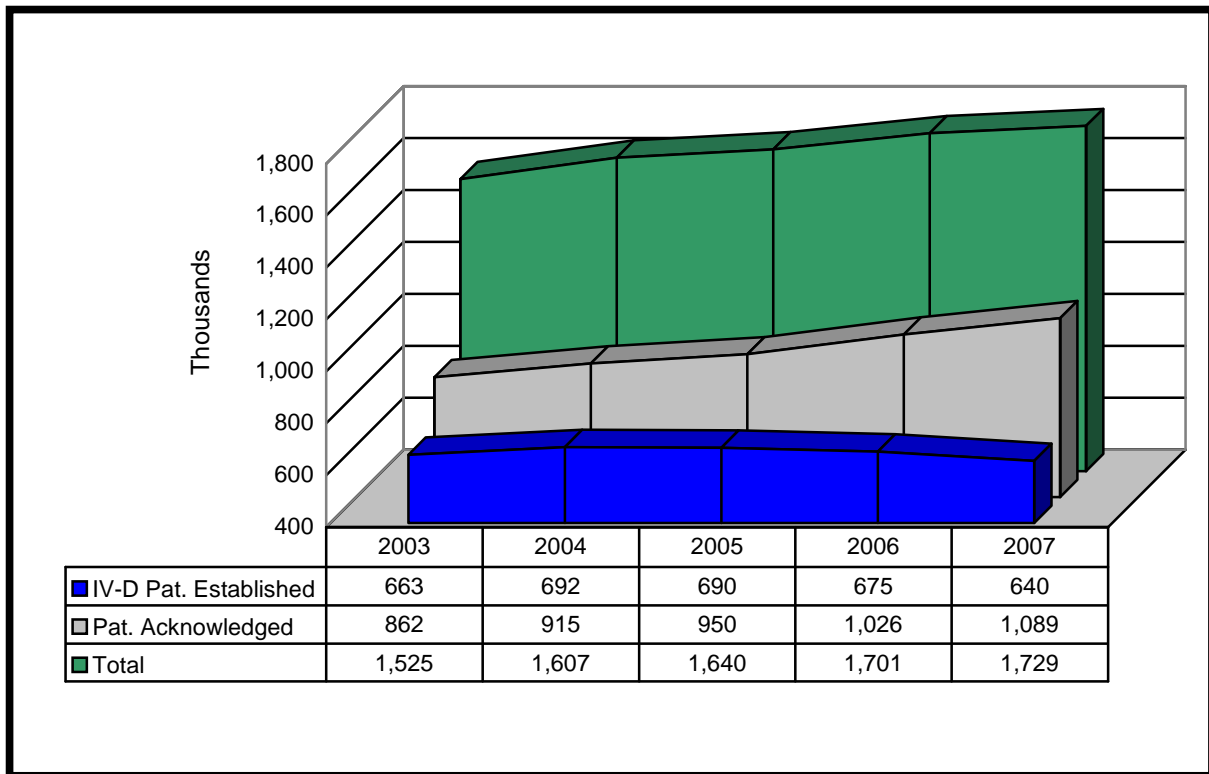

**Figure 3: Number of Cases for Which a Collection Was Made by Current, Former, and Never Assistance for Five Consecutive Fiscal Years**

Source: Form OCSE-157 line 18

*At 8.7 million, the number of IV-D cases for which a collection was made increased by 2.4 percent in FY 2007 over FY 2006.*

**Figure 4: IV-D and Statewide Paternities Established or Acknowledged<sup>1</sup> for Five Consecutive Fiscal Years**

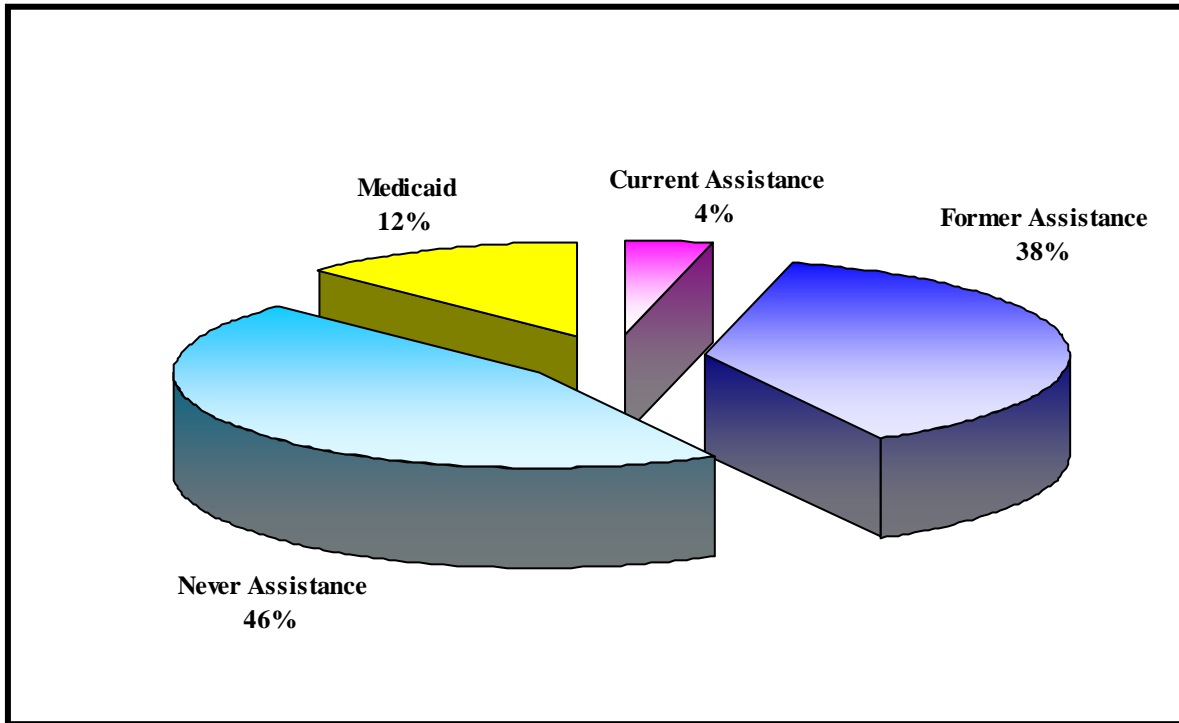

Source: Form OCSE-157 lines 10 and 16

***In FY 2007, a total of 1.7 million paternities were established and acknowledged – largely through in-hospital and other acknowledgement programs.***

<sup>1</sup>Includes in-hospital and other paternities acknowledged. State paternity acknowledgements include an unknown number of acknowledgements for children in the IV-D caseload.

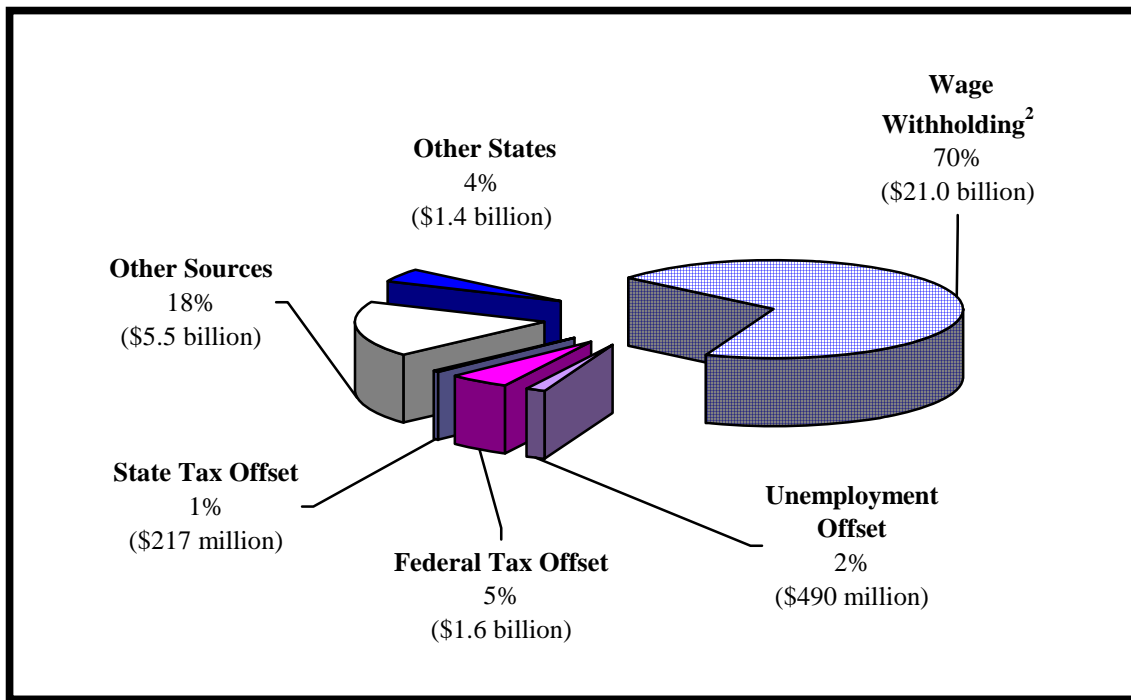

**Figure 5: Total Distributed Collections by Current, Former, and Never Assistance, and Medicaid Cases, FY 2007**

Source: Form OCSE-34A line 8G

*Most child support collections are for families who are not on assistance. Former assistance and never assistance families received 84 percent of the child support collections in FY 2007.*

**Figure 6: Total Collections Received by Method of Collections, FY 2007**

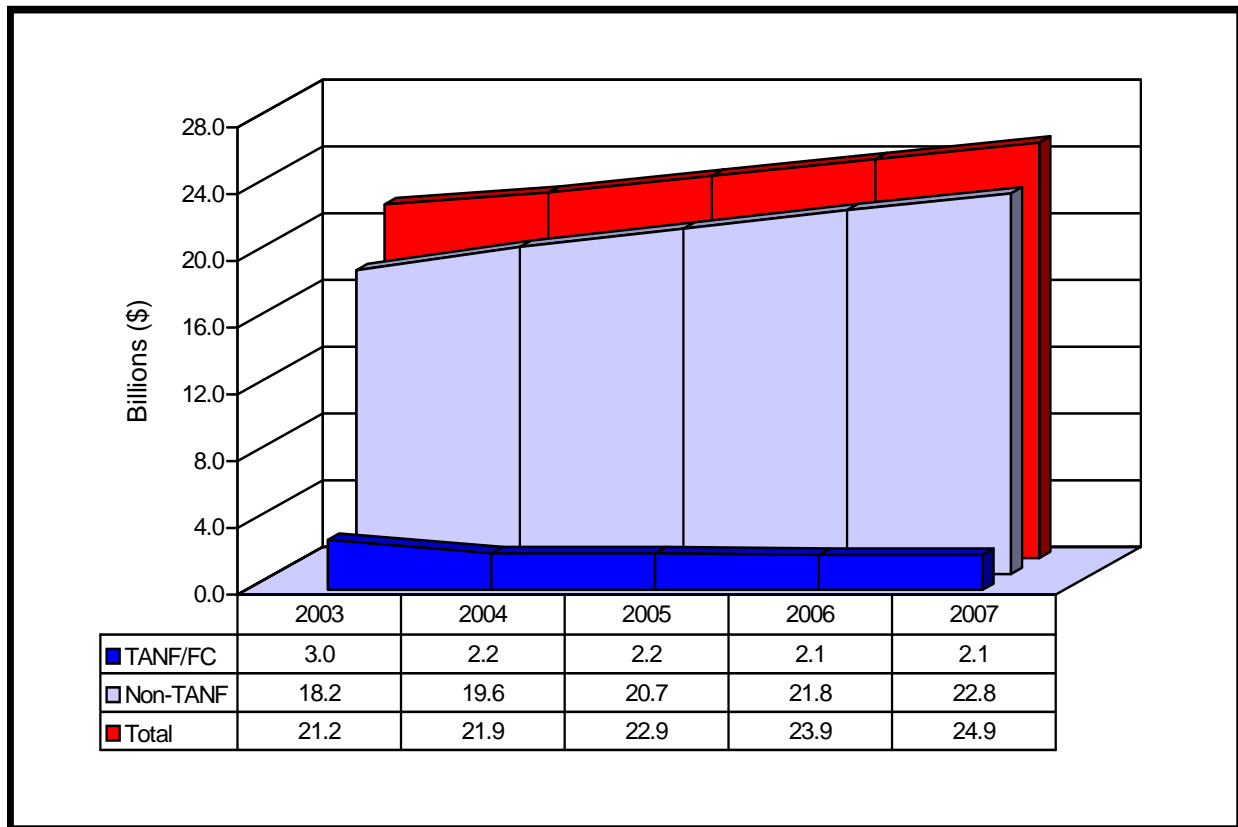

Source: Form OCSE-34A lines 2a thru 2g

***Wage withholding continues to be the most effective way of collecting child support.***

<sup>2</sup>Wage withholding includes some collections for non-IV-D families.

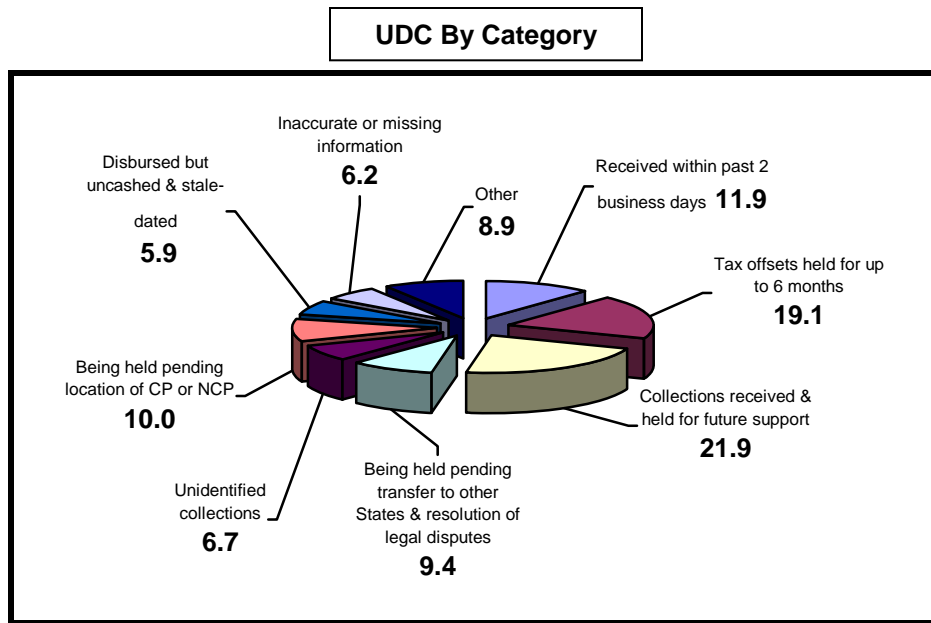

**Figure 7: Total Distributed Collections by TANF/Foster Care and Non-TANF Collections for Five Consecutive Fiscal Years**

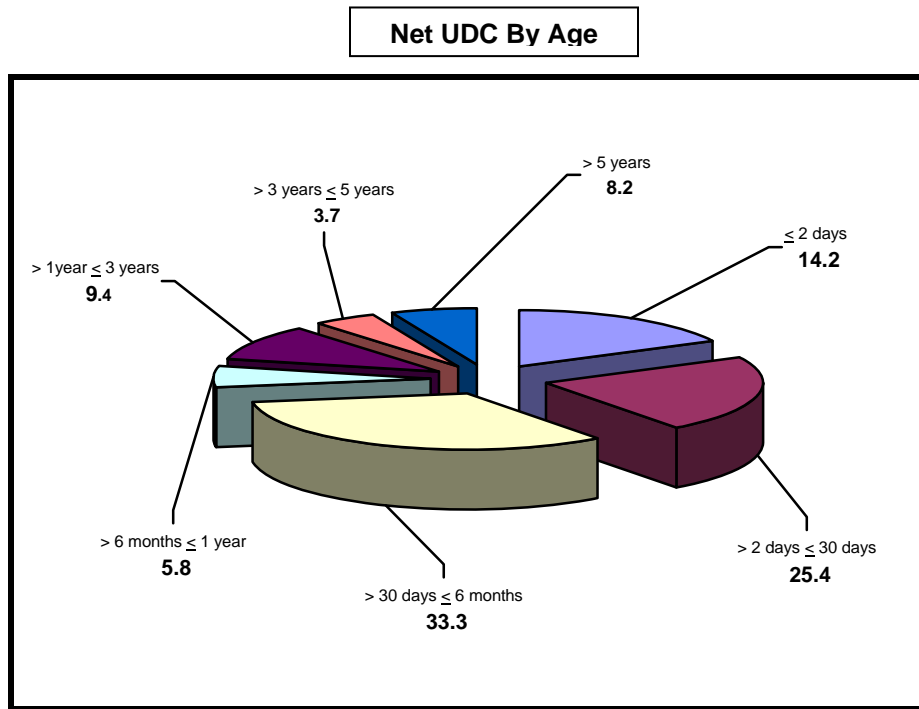

Source: Form OCSE-34A, Total: line 8G; TANF/FC: line 8, columns (A+B) + line 7a, columns (C+D)

*Non-TANF collections continued to increase in FY 2007. TANF/FC collections declined during the same period, mostly associated with the decrease in the TANF/FC caseload.*

**Figure 8: Undistributed Collections (UDC) by Category and Age, FY 2007**

Source: Form Schedule UDC, lines 2-6, 8-12

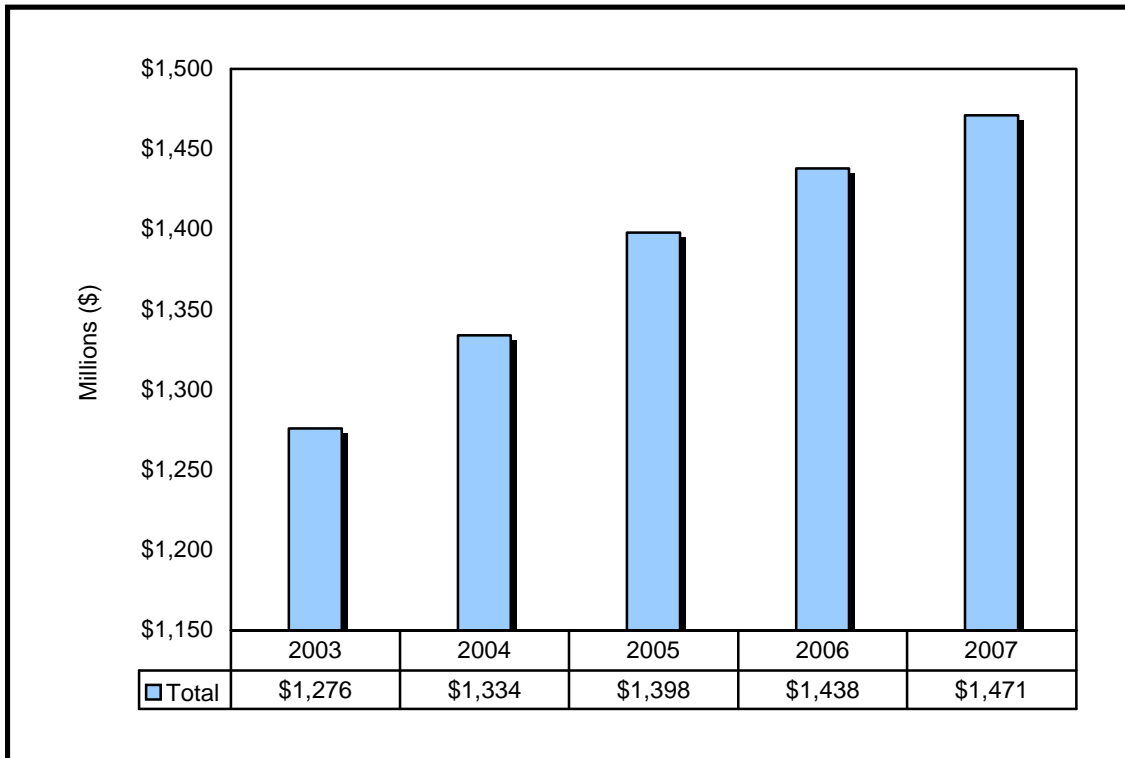

Source: Form Schedule UDC, lines 14-20

*Collections held for future support was the main reason collections were undistributed in FY 2007.*

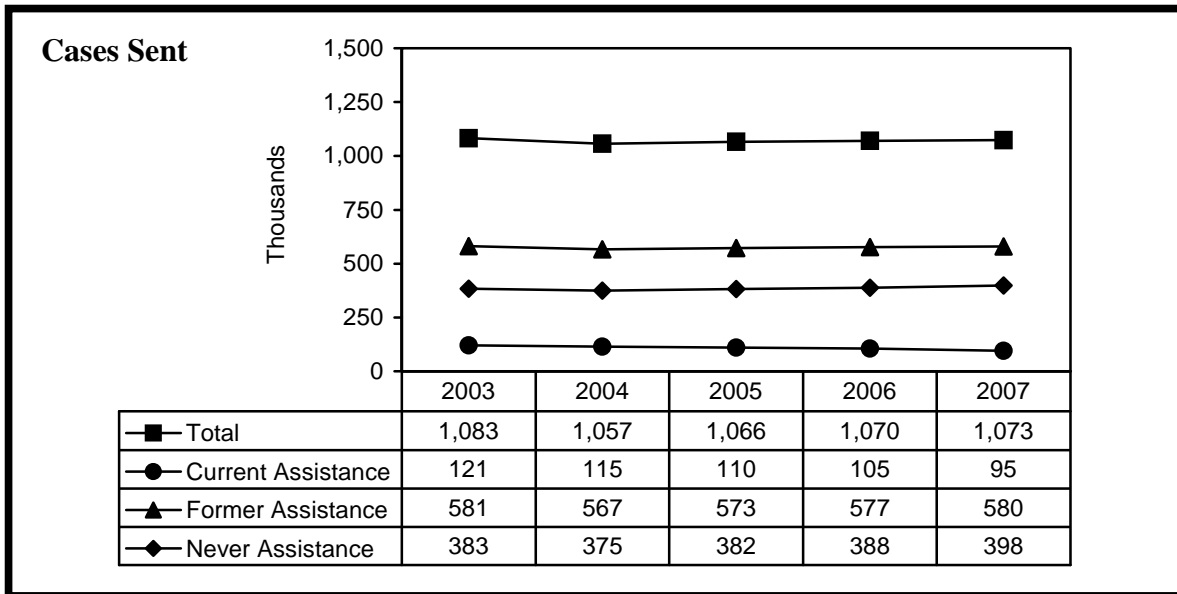

**Figure 9: Interstate Collections: Collections Sent to Other States for Five Consecutive Fiscal Years**

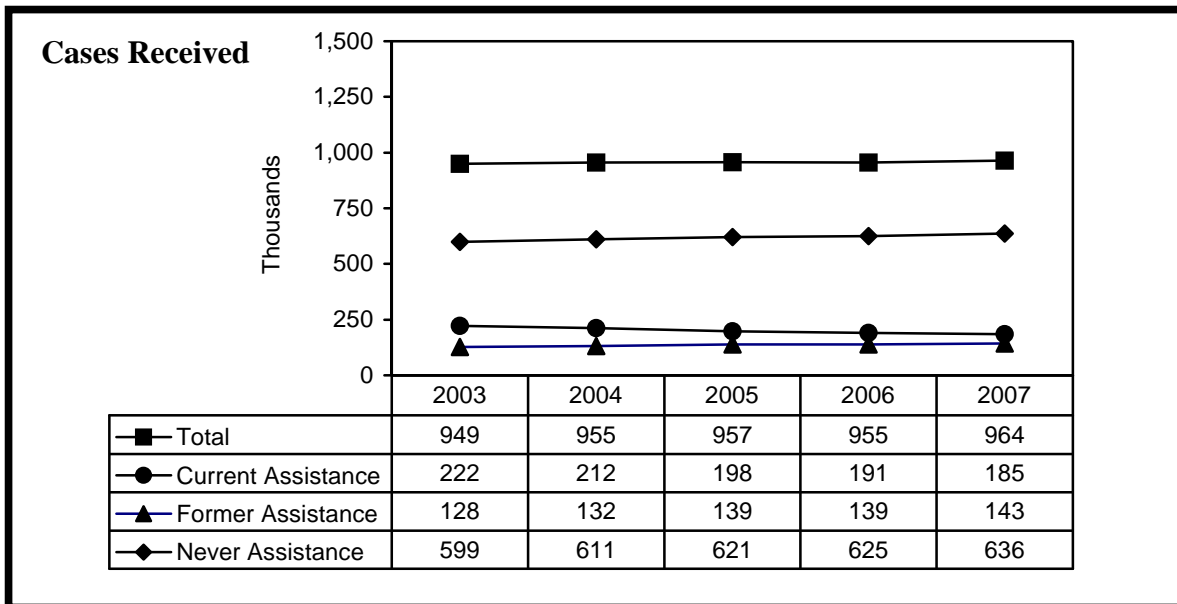

Source: Form OCSE-34A line 5G

*In FY 2007, the amount of collections sent to other States showed a 15.3 percent increase over FY 2003.*

**Figure 10: Interstate Cases: Cases Sent to and Received From Another State for Five Consecutive Fiscal Years**

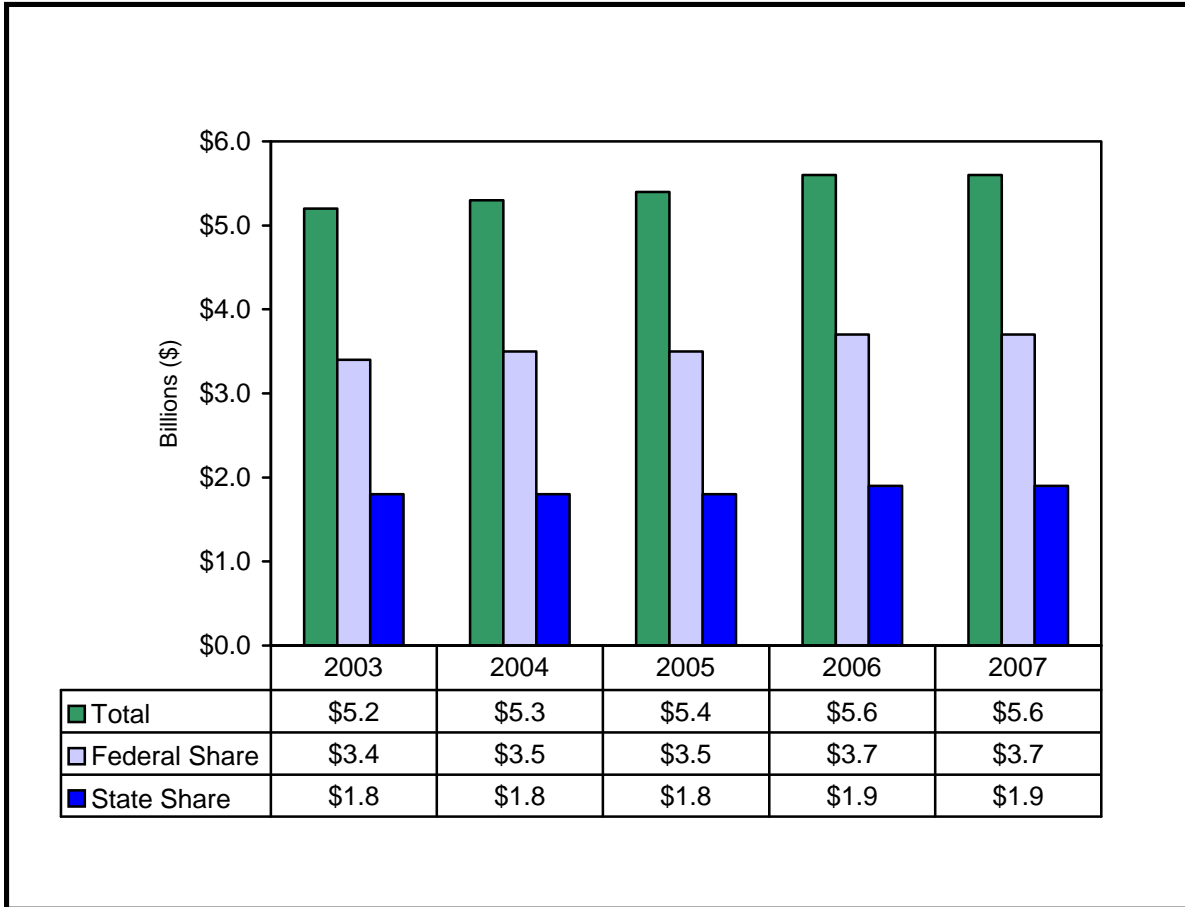

Source: Form OCSE-157 line 1a

Source: Form OCSE-157 line 1b

*The total number of interstate cases sent to another State exceed interstate cases received from another State over the past five years.*

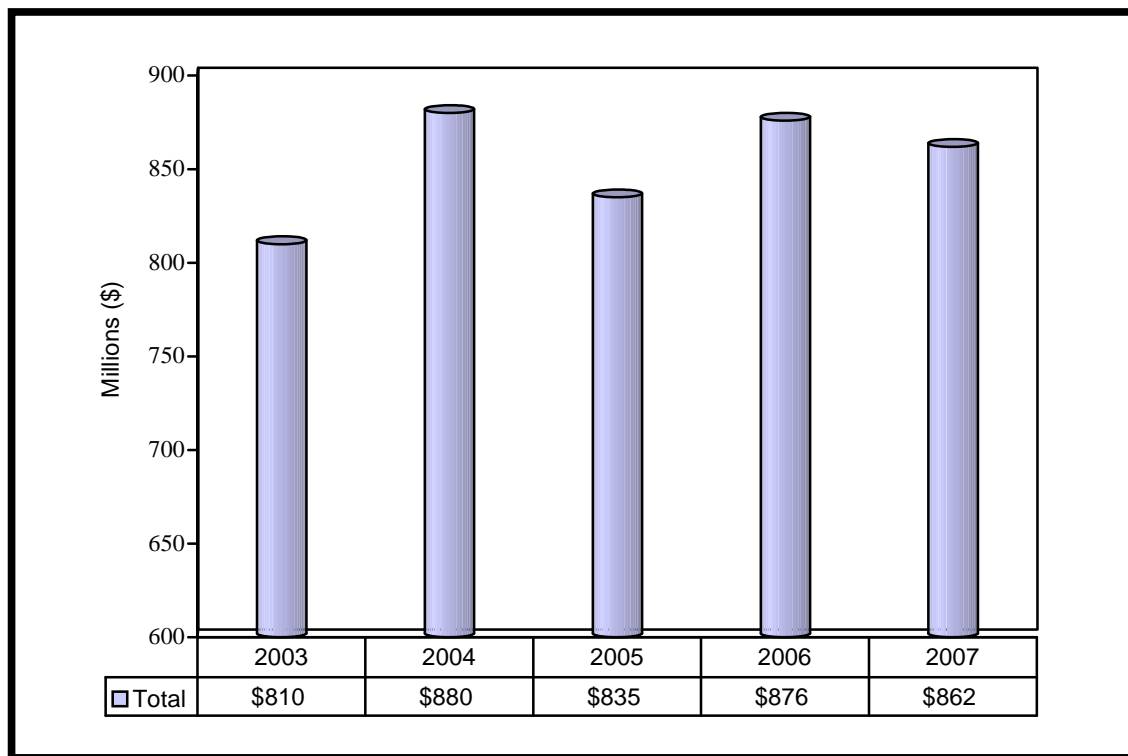

**Figure 11: Total Administrative Expenditures for Five Consecutive Fiscal Years**

Source: Form OCSE-396A line 9 column A+C

*In FY 2007, the States' level of spending remained unchanged from FY 2006.*

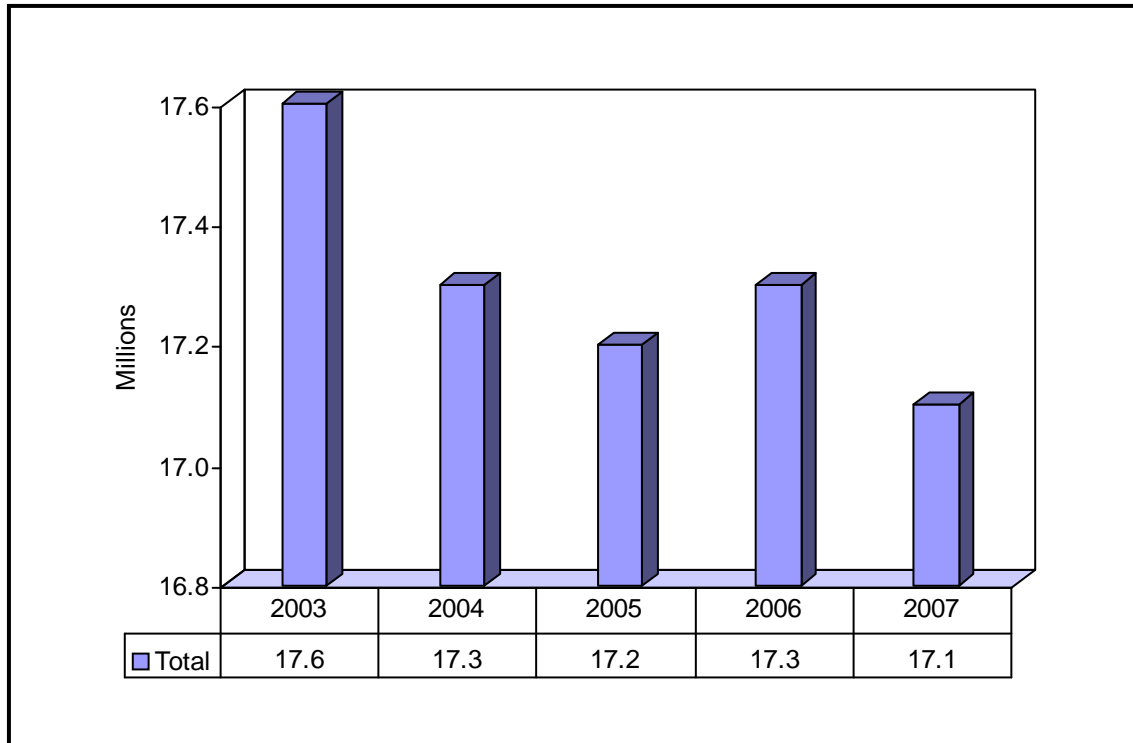

**Figure 12: Total Automated Data Processing (ADP) Expenditures for Five Consecutive Fiscal Years**

Source: Form OCSE-396A, lines 4, 5, and 6.

***Automated Data Processing (ADP) expenditures decreased 1.6 percent in FY 2007.***

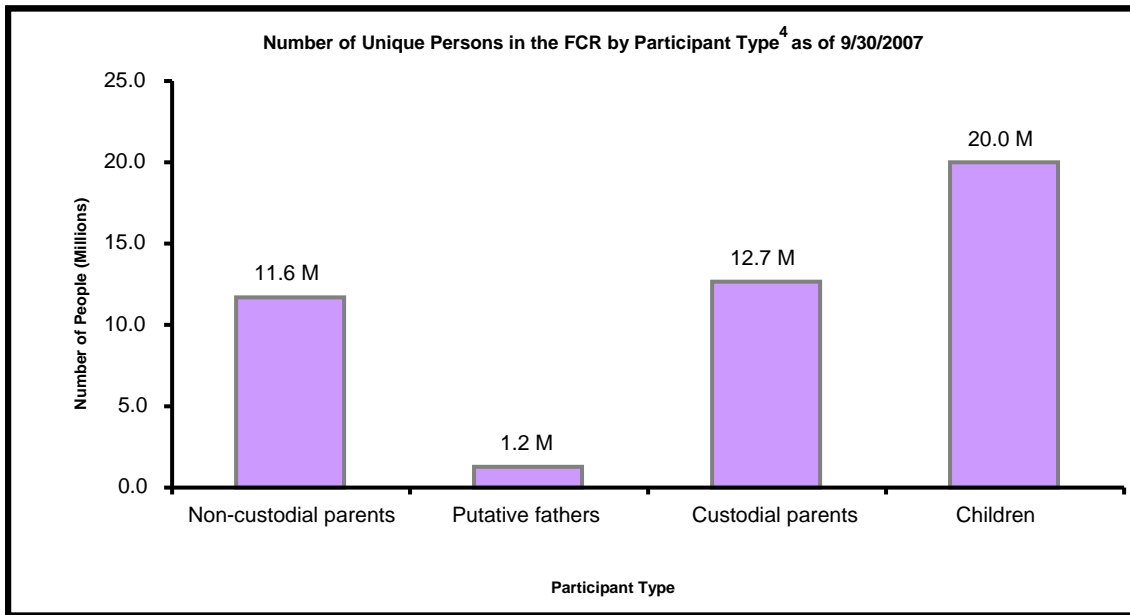

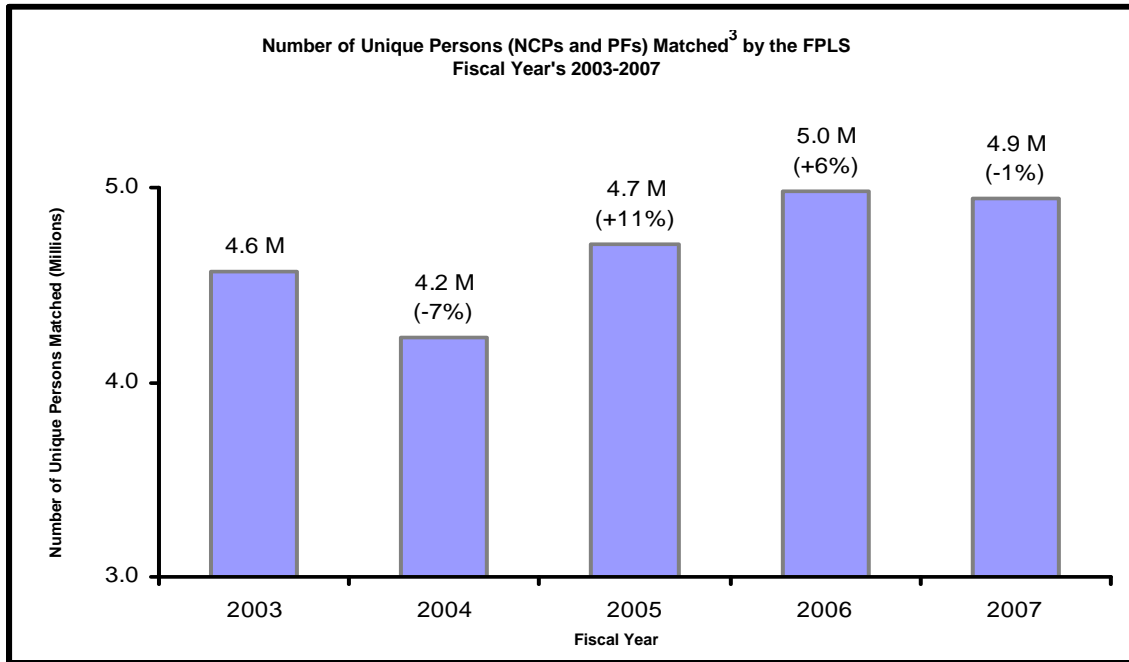

**Figure 13: Total Number of Children in IV-D Program for Five Consecutive Fiscal Years**

Source: Form OCSE-157, line 4

*In FY 2007, the number of children in the child support program decreased 0.8 percent over the previous year.*

**Figure 14: Number of Unique Persons Matched and Number of Persons in the Federal Case Registry by Participant Type for Five Consecutive Fiscal Years**

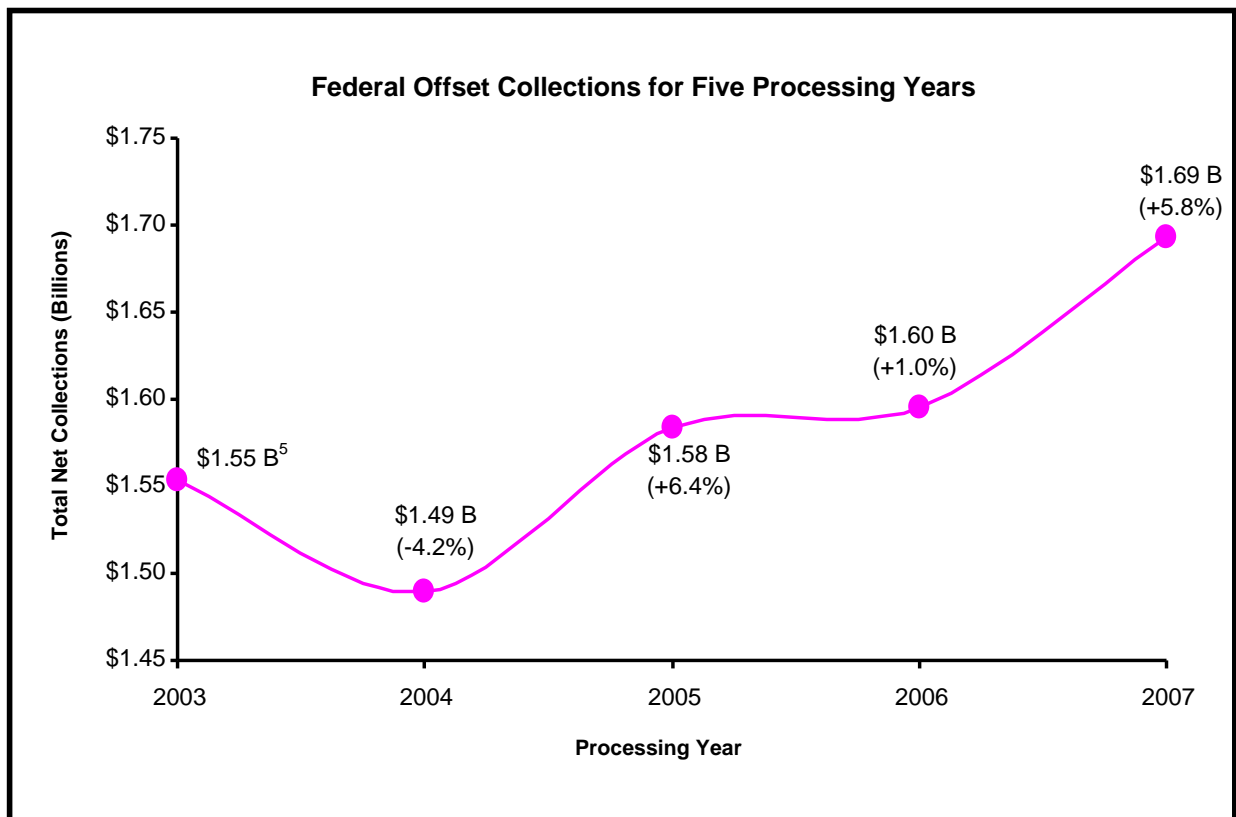

***The number of unique persons matched decreased by 1 percent between FY 2006 and FY 2007. Children make up the largest portion of the participant types.***

<sup>3</sup>The Number of Unique Persons (NCPs and PFs) Matched is derived by unduplicating SSNs located across all data types (W4, QW, and UI).

<sup>4</sup> The figures for the individual participant types are unduplicated within that category but not between them--i.e., an individual may appear in more than one category, but is only counted once within that category. CH – this number may be higher than the total number of children in Figure 13 due to States not closing cases on the FCR even though they are closed in the State's system and due to States not deleting children off of the FCR case when they have emancipated and no arrears are owed for that particular child.

**Figure 15: Federal Offset Collections for Five Processing Years**

***Federal Offset collections for 2007 were \$1.69 billion, a 5.8 percent increase over the previous year.***

<sup>5</sup>In 2003, the Jobs and Growth Tax Relief Reconciliation Act was passed which included an increase of the child tax credit from \$600 to \$1,000 per qualifying child effective for the 2003 Tax Year. Because the credit was issued mid-year, the decision was made to issue Advance Child Tax Credit payments to qualifying families worth \$400 for each qualifying child. Also eligible for offset, these payments resulted in an additional \$120 million in collections for the Federal Offset Program.

## How an Incentive Payment is Determined

Because of the complexity of the incentives formula set forth in section 458 of the Social Security Act, we have included an example of how the system would work in a particular year for State A. Let's make the following assumptions regarding State A (See table A):

- State A's paternity performance level is 93 percent, making its applicable percent 100 percent (see table C)
- State A's order establishment performance level is 74 percent, making its applicable percent 88 percent (see table C)
- State A's current support collections performance level is 59 percent, making its applicable percent 69 percent (see table D)
- State A's arrearage support collections performance level is 60 percent, making its applicable percent 70 percent (see table D)
- State A's cost-effectiveness ratio is \$4.40, making its applicable percent 80 percent (see table E)
- State A's collections base is \$50 million (determined by 2 times the collections for Current Assistance, Former Assistance, and Medicaid Never Assistance plus Never Assistance collections and fees retained by other states)
- The maximum incentive for State A is:
  - \$50 million collections base for paternity (\$50 mil. times 1.00), plus
  - \$44 million collections base for orders (\$50 mil. times 0.88), plus

- \$34.5 million collections base for current collections (\$50 mil. times 0.69),  
plus
- \$26.25 million collections base for arrearage collections (\$50 mil. times  
0.75<sup>1</sup>  
times 0.70) plus
- \$30.0 million collections base for cost-effectiveness (\$50 million times 0.75<sup>2</sup>  
times 0.80) equals
- Resulting in a maximum incentive base amount of \$184.75 million for State  
A.

**Table A**

Measure	State A's Performance Level	Applicable Percent based on Performance	Weight	State A's Collection Base (assumed to be \$50,000,000)
Paternity Establishment	93%	100%	1.00	\$50,000,000
Order Establishment	74%	88%	1.00	\$44,000,000
Current Collections	59%	69%	1.00	\$34,500,000
Arrearage Collections	60%	70%	0.75	\$26,250,000
Cost-Effectiveness	\$4.40	80%	0.75	\$30,000,000
State A's Maximum Incentive Base Amount				\$184,750,000

- We must now make some assumptions regarding the other States. Let's  
assume that there are only two other States in our country--and the  
maximum incentive base amount is \$84 million for State B and \$50 million

---

<sup>1</sup>Because the measure has less weight.

<sup>2</sup>Because the measure has less weight.

for State C, making the total maximum incentive base amount \$318.75

million for all three States (See table B).

- We must now determine what is State A's share of the \$318.75 million. It is 58 percent (\$184.75 divided by \$318.75).

**Table B**

<b>State</b>	<b>Maximum Incentive Base Amounts</b>	<b>State's Share of \$318,750,000</b>	<b>Incentive Payment Pool \$461,000,000</b>
A	\$184,750,000	0.58	\$267,199,216
B	\$84,000,000	0.26	\$121,487,059
C	\$50,000,000	0.16	\$72,313,725
Totals	\$318,750,000	1.00	\$461,000,000

- Let us assume it is FY 2003, so the incentive payment pool for the FY is \$461 million (see table F).
- Since State A's share is 0.58, this state has earned 58 percent of the \$461 million incentive payment pool that Congress is allowing, or \$267.2 million ( $\$461 \text{ mil.} \times 0.58$ ) incentive payment for this particular fiscal year.

**Table C<sup>3</sup>**

2.50	3.00	50%
2.00	2.50	40%
0.00	2.00	0%

---

<sup>5</sup>Use this table to determine the maximum incentive level for the cost-effectiveness performance measure.

## Table F

### Mandated Incentive Pool Payment, FY 2000-2008

The incentive payment pool is:

- \$422,000,000 for fiscal year 2000
- \$429,000,000 for fiscal year 2001
- \$450,000,000 for fiscal year 2002
- \$461,000,000 for fiscal year 2003
- \$454,000,000 for fiscal year 2004
- \$446,000,000 for fiscal year 2005
- \$458,000,000 for fiscal year 2006
- **\$471,000,000 for fiscal year 2007**
- \$483,000,000 for fiscal year 2008

For each fiscal year following fiscal year 2008, the incentive payment pool will be multiplied by the percentage increase in the CPI between the two preceding years. For example, for fiscal year 2009, if the CPI increases by one percent between fiscal years 2007 and 2008, then the incentive pool for fiscal year 2009 would be a one percent increase over the \$483,000,000 incentive payment pool for fiscal year 2008, or \$487,830,000.

<p><b>Paperwork Act Notice:</b> State agencies are required to provide the information requested to receive a grant award under the provision of Title IV, Part D (Sections 452 and 469) of the Social Security Act (42 USC 652 and 669). This is public information and is published in an Annual Report to Congress. The responses to this collection are mandatory. This information is not considered confidential, therefore, no additional safeguards are considered necessary beyond that customarily applied to routine government information.</p> <p><b>Reporting Burden Notice:</b> Public reporting burden for this collection of information is estimated to average 7 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding either this burden estimate or other aspect of this request for information to: the Administration for Children and Families, Office of Child Support Enforcement, 370 L'Enfant Promenade, S.W., Washington, DC 20447</p>
