

NIOSH Mining Mailing List

NIOSH Mining regularly distributes copies of NIOSH mining safety and health research publications. If you are interested in being added to our mailing list, making corrections, or removing your name, please print and send this completed form by fax to 412-386-6780 or by mail to Patty Lenart, NIOSH Pittsburgh Research Laboratory, 626 Cochran Mill Road, P.O. Box 18070, Pittsburgh, PA 15236.

Complete and submit this form by one of the methods listed above to be included in the
NIOSH Mining Safety and Health Research Mailing List

Your name and address:

Name*:	_____
Job Title:	_____
Organization:	_____
Address*:	_____
City*:	_____
State*:	_____
Zip*:	_____
Country*:	_____
E-mail:	_____
Fax:	_____

*Required information!

What would you like done:

<input type="checkbox"/>	Add me to the mailing list.
<input type="checkbox"/>	Correct my information.
<input type="checkbox"/>	Remove me from the mailing list.

Indicate your primary area(s) of interest:

Underground		Surface		Plants/Mills	
<input type="checkbox"/> Coal	<input type="checkbox"/> Nonmetal	<input type="checkbox"/> Coal	<input type="checkbox"/> Stone	<input type="checkbox"/> Coal	<input type="checkbox"/> Stone
<input type="checkbox"/> Metal	<input type="checkbox"/> Stone	<input type="checkbox"/> Metal	<input type="checkbox"/> Sand and Gravel	<input type="checkbox"/> Metal	<input type="checkbox"/> Sand and Gravel
		<input type="checkbox"/> Nonmetal		<input type="checkbox"/> Nonmetal	

Indicate the publication type(s) you are interested in:

- Technology News:** *Technology News* is a one-page fact sheet used to announce a milestone in NIOSH mining safety and health research, technology ready for transfer to industry, or an opportunity for cooperative research and development.
- Reports of Investigations (RIs):** *RIs* present results of significant NIOSH mining safety and health research. They describe individual studies and include the objective of the research, the materials and techniques used, and the results of tests or experiments.
- Information Circulars (ICs):** *ICs* present compilations of historical and statistical data, summaries of scientific and technical meetings and symposia, and descriptions of new instrumentation and techniques.
- Mining Health and Safety Focus:** *Mining Health and Safety Focus* is a publication issued periodically on different topics to appraise readers of tangible research results and to expedite the transfer of new technologies.
- Compendium of NIOSH Mining Research:** The *Compendium of NIOSH Mining Research* provides brief description of the NIOSH projects dedicated to the primary mission of reducing miners' occupational injury and illness.
