

in good repair. I hope some arrangement can be made by which a larger and better press and newer and more suitable type and fixtures can be secured for the office. Much work could be done and the trade thoroughly learned. For the Indian as well as for the white man the printing-press is in the fore front of the forces of civilization.

SANITARY.

The general health of the scholars has been good, aside from the tendency to consumption and scrofula, diseases so prevalent among the Indians of this coast. I think a majority of the children have the germs of one or the other, or both, lurking in their system, and generally it is fatal before they reach the meridian of life usually allotted to man. These diseases have produced more deaths during the past year in the school than all others combined.

The school has had a pretty severe scourge of scarlet fever. More than one-half of the scholars had the disease, and as many as 60 at one time, but it yielded to the good and skillful treatment of Dr. A. W. Hutchison, the then school physician, who carried them all safely through, without the fatal termination of a single case. There have been one or two deaths resulting from malarial fever. There have been about 500 cases treated during the year, of which 9 died at the school. The health of the school is now good.

Very respectfully,

JOHN LEE,
Superintendent.

The COMMISSIONER OF INDIAN AFFAIRS.

INDIAN INDUSTRIAL SCHOOL,
Carlisle Barracks, Pa., September 7, 1887.

SIR: I have the honor to transmit herewith my report for the year ending June 30, 1887.

The following table gives the population for the year:

Tribes.	Connected with school at date of last report.		New pupils received.		Total.	Returned to agencies.		Died.		Remaining at school.		
	Male.	Female.	Male.	Female.		Male.	Female.	Male.	Female.	Male.	Female.	Total.
Apache	45	4	69	38	156	2		3		109	42	151
Arapaho	10	5	13	4	32	5	3			18	6	24
Arickaree				1	1						1	1
Caddo	1				1					1		1
Cheyenne	14	5	13	11	43	4	5	1	1	22	10	32
