## EHD State and Territorial Profiles New Mexico

This profile includes information about a state or territorial EHD program related to general program information, hearing screening, re-screening and diagnostic evaluations, early intervention, and the EHD data system.

*If any information in this profile is incorrect or needs to be updated please email: [ehdi@cdc.gov](mailto:ehdi@cdc.gov)*

**Disclaimer:**

Information found in the EHD State and Territorial Profiles is intended only for informational purposes. This data may not reflect the most up-to-date information related to state and territory EHD programs. Specific questions about programs in states and territories should be sent to the program contact. Information included in the State Profile does not constitute an endorsement of authors or organizations by CDC. The views and opinions of these authors and organizations are not necessarily those of CDC or the U.S. Department of Health and Human Services (HHS). Views and opinions expressed at the sites do not necessarily represent HHS, CDC, or the U.S. Public Health Services.

Category and Questions	Information
<b>General Program Information</b>	
Official name of the state/territory Early Hearing Detection and Intervention (EHD) program	Newborn Hearing Screening Program
Contact for the state/territory EHD program.	Susan Chacon Children's Medical Services Hear Early Program New Mexico Dept of Health 2040 South Pacheco Santa Fe, NM 87505 505-476-8860 (505) 476-8896 <a href="mailto:schacon@doh.state.nm.us">schacon@doh.state.nm.us</a>
Legislation regarding newborn hearing screening?  If yes, does the legislation mandate or provide funds for newborn hearing screening and follow-up services?	Yes Passed in 2001. All babies born in birthing facilities are to be screened prior to discharge as are babies brought to birthing facilities after birth who have not previously been screened. Parents are to be notified of the results of the hearing screening.  NM mandates that hearing screening be offered; but does not mandate reporting to the EHD program.  As of July 1, legislation mandates coverage every three years for hearing aids and related services for children from birth to age 18 and for children ages 18-21 who are still attending high school.
State/territory website related to infant/child hearing loss?	No
State/territory CDC/EHD	No

Cooperative Agreement related to hearing screening?	
State/territory have a Maternal and Child Health Bureau Grant related to hearing screening?	Yes Awarded in 2000.
Participate in a CDC funded research project?	No
<b>Hearing Screening Information</b>	
State/territory written guidelines and/or protocols for performing hearing screenings?	<i>No information currently available</i>
Primarily responsible in most hospitals for conducting in-hospital hearing screenings?	<i>No information currently available</i>
Estimated percentage of newborns that are initially screened with OAE or AABR.  (Of the newborns that failed the initial screen, estimated percentage that are re-screened in the hospital with OAE or AABR.)	NICU Screening: OAE____%; AABR_____%  WBN Screening: OAE____%; AABR_____%  NICU Re-screening: OAE____%; AABR_____%  WBN Re-screening: OAE____%; AABR_____%
State/territory requires parental consent for hearing screening(s) to be done at the time of birth?	<i>No information currently available</i>
What happens if a baby does not pass the initial hearing screening(s)?	<i>No information currently available</i>
Birthing hospitals/facilities/providers required to report hearing screening results to the state?	Yes Information on all infants who refer or are at risk for hearing loss, demographics, MD, results.
How birthing hospitals/facilities report hearing screening information to the state/territory	70% of individual-level screening results are received by paper form; 30% on the birth certificate.
Hearing screening results reported to the infant's physician?  [If yes, are all results reported or only failed screening?]	<i>No information currently available</i>

<b>Rescreening and Diagnostic Evaluations</b>	
State/territory written guidelines and/or protocols for performing hearing re-screenings?	<i>No information currently available</i>
State's program guidelines for helping families with third party preauthorization of re-screening or diagnostic evaluations?	<i>No information currently available</i>
State/territory written guidelines and/or protocols for performing diagnostic evaluations?	<i>No information currently available</i>
State/territory EHDI program list of audiologic diagnostic centers and audiologists skilled in providing pediatric services to infants?	<i>No information currently available</i>
Number of pediatric audiologists and/or diagnostic centers on the list	<i>No information currently available</i>
Who is responsible for scheduling appointments for outpatient hearing re-screenings?	<i>No information currently available</i>
Who is responsible for scheduling appointments for diagnostic audiologic evaluations?	<i>No information currently available</i>
How audiologists report diagnostic audiological evaluation results to the state/territory	100% of audiological evaluations are reported by fax.
Guidelines and/or protocols for audiologists to report diagnostic audiological evaluation results to the state/territory?	<p>NM mandates that audiological evaluations be reported to the EHDI program.</p> <p>NM seeks to obtain audiological evaluation data only those children with a documented hearing screening.</p> <p>The MN EHDI program does receive audiological evaluations for children with risk factors for hearing loss.</p>
One or more persons on the EHDI staff who are responsible for the follow-up of families who need to return for re-screen, diagnostics, or referral to intervention?	<i>No information currently available</i>
<b>Early Intervention</b>	
Lead agency for the Part C Early	Department of Health

Intervention Program	Andy Gomm, Program Manager <a href="mailto:andrew.gomm@state.nm.us">andrew.gomm@state.nm.us</a>
State/territory written guidelines, and/or protocols for providing intervention services for children with hearing loss?	<i>No information currently available</i>
Eligibility criteria for Part C services for infants and toddlers with hearing loss	<i>No information currently available</i>
Eligibility criteria for Part B services for preschool children with hearing loss	<i>No information currently available</i>
Children with mild or unilateral hearing loss eligible for services under Part C or Part B?	<i>No information currently available</i>
Other public or private programs(s) and services (other than Part C or Part B) that provide intervention services to children with hearing loss	<i>No information currently available</i>
Services such as family support, transportation to follow-up appointments, parent to parent available to families with children with hearing loss? List.	<i>No information currently available</i>
Program receives information regarding whether or not a referred child is receiving Part C services or other intervention services?	Yes, at the individual child level from Part C and other EI providers.
Intervention programs report other information about children, such as type of intervention, developmental test scores, use of assistive devices?	Yes, the EHDI program receives information on the type of intervention for an the individual child from Part C and other EI providers.
<b>EHDI Data System</b>	
State/territory written guidelines and/or protocols related to the EHDI tracking system?	<i>No information currently available</i>
Type of system program uses to track hearing screening and follow-up information. .	NM has a "Home grown" system developed by state personnel. The NM program does obtain birth certificate data for all occurrent births.

	The NM program does receive individual-level data for ALL hearing screens.
State EHDI tracking system includes data items to identify infants and children with risk factors for hearing loss?	<i>No information currently available</i>
Unique identifier is used to identify infants/children in the state/territory EHDI tracking system	<i>No information currently available</i>
How program addresses de-duplication of screening and diagnostic evaluation data	There is currently no systematic effort for de-duplication of screening or diagnostic evaluation data.  If two records belong to the same individual, or if two records have been combined into a single record, it is not possible to fix the error without re-entering the data.
EHDI system linked to or integrated with any of the following:  -Blood spot card -EBC -Audiology -Early Intervention -Immunizations -Other	NM has a blended system (e.g., some EHDI data is part of an integrated state data system, other EHDI data is maintained in a separate data system)
<b>Other EHDI Questions</b>	
State materials/ brochures/ protocols for parents and professionals about the EHDI program. (Link to matrix).	Yes  <a href="http://www.cdc.gov/ncbddd/ehdi/statesclearinghouse/new_mexico.htm">http://www.cdc.gov/ncbddd/ehdi/statesclearinghouse/new_mexico.htm</a>
Agencies, foundations, organizations, or other programs that provide funding for the purchase of any of the assistive devices for children with hearing loss	<i>No information currently available</i>
Statewide hearing aid loaner program for infants, toddlers, and children with hearing loss?	<i>No information currently available</i>
Resources, other than those from the state or territory, available to help families with the costs of	<i>No information currently available</i>

caring for an infant, toddler, or child with a hearing loss?
