Dear Joel,

I hope Gordon stopped the toss-all-the-rocks party in time! If so, here is what we want to have sent to Gordon:

RECORD #	ACCESSION #	PALLET	BOX #s
722	85-06-2167	2146	#226, #227, #228, #230, #232, #233
785	85-12-2251	2203	#310A, #311A, #312A, #313A, #314A
996	88-05-2502	2278	#4, #10
999	88-06-2505	2278	#1, #2
679	85-02-2113	2120	#179, #180 - Removed 3-2-91 As per Bagby

These boxes contain rocks from the Kofa National Wildlife Refuge. They were collected during our mineral-resource assessment of the area. I will hunt down my field notebooks for Kofa and send those directly to Gordon, along with all the file papers that I have for the area.

Hope things are going well with you and the branch. I hear that budgets are bad, but that the polarization of OMR is not as dramatic as it was a year ago.

We are fine up here. Mary Jane and I have our garden design business going now. Clients are slow to knock down our door, but I think things will pick up as our name and some examples of our work get around.

Best Regards,

William C. Bagby
