identified through scoping, public involvement, and interagency coordination will be discussed.

- g. Scoping Process. A scoping meeting is not scheduled. The public will be involved in the planning process through mail solicitations and advisements. As a minimum, all parties who have expressed interest in the Fort Pierce SPP will be invited to participate in the planning process. Federal, state and local agencies, and other interested groups will also be involved. Meetings to address discrete issues or parts or functions of the study area may be called.
- h. *Public Involvement*. We invite the participation of affected Federal, state and local agencies, other interested private organizations, parties and the public.
- i. Coordination. The proposed action is being coordinated with the U.S. Fish and Wildlife Service (FWS) and the National Marine Fisheries Service (NMFS) under Section 7 of the Endangered Species Act, with the NMFS concerning Essential Fish Habitat and with the State Historic Preservation Officer.
- j. Other Environmental Review and Consultation. The proposed action would involve evaluation for compliance with guidelines pursuant to section 404(b) of the Clean Water Act; application (to the State of Florida) for Water Quality Certification pursuant to section 401 of the Clean Water Act; certification of state lands, easements, and rights of way; and determination of Coastal Zone Management Act consistency.
- k. Agency Role. The Corps and the non-Federal sponsor, St. Lucie County, will provide extensive information and assistance on the resources to be impacted, mitigation measures, and alternatives.
- l. *DEIS Preparation*. It is estimated that the DEIS will be available to the public on or about June 2002.

Dated: May 21, 2002.

James C. Duck,

Chief, Planning Division.

## **DEPARTMENT OF EDUCATION**

Federal Pell Grant, Federal Perkins Loan, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, and William D. Ford Federal Direct Loan Programs

**AGENCY:** Federal Student Aid, Department of Education.

**ACTION:** Notice of revision of the Federal need analysis Methodology for the 2003–2004 award year.

**SUMMARY:** The Secretary of Education announces the annual updates to the tables that will be used in the statutory "Federal Need Analysis Methodology to determine a student's expected family contribution (EFC) for award year 2003-2004 under Part F of Title IV of the Higher Education Act (HEA) of 1965, as amended, Title IV, HEA Programs. An EFC is the amount a student and his or her family may reasonably be expected to contribute toward the student's postsecondary educational costs for purposes of determining financial aid eligibility. The Title IV, HEA Programs include the Federal Pell Grant, campusbased (Federal Perkins Loan, Federal Work-Study, and Federal Supplemental Educational Opportunity Grant Programs), Federal Family Education Loan, and William D. Ford Federal Direct Loan Programs.

FOR FURTHER INFORMATION CONTACT: Ms. Edith Bell, Management and Program Analyst, U.S. Department of Education, Federal Student Aid, Union Center Plaza, 830 First Street NE, Washington, DC 20002–5345. Telephone: (202) 377–3231.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1–800–877–8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape or computer diskette) on request to the contact person listed under FOR FURTHER INFORMATION CONTACT.

SUPPLEMENTARY INFORMATION: Part F of Title IV of the HEA specifies the criteria, data elements, calculations, and tables used in the Federal Need Analysis Methodology EFC calculations.

Section 478 of Part F of the HEA requires the Secretary to adjust four of the tables—the Income Protection Allowance, the Adjusted Net Worth of

a Business or Farm, the Education Savings and Asset Protection Allowance, and the Assessment Schedules and Rates—each award year to take into account inflation. The changes are based, in general, upon increases in the Consumer Price Index.

For the award year 2003-2004 the Secretary is charged with updating the income protection allowance, adjusted net worth of a business or farm, and the assessment schedules and rates to account for inflation that took place between December 2001 and December 2002. However, since the Secretary must publish these tables before December 2002, the increases in the tables must be based upon a percentage equal to the estimated percentage increase in the Consumer Price Index for all Urban Consumers for 2001. The Secretary estimates that the increase in the Consumer Price Index for all urban Consumers for the period December 2001 through December 2002 will be 2.8 percent. The updated tables are in sections 1, 2, and 4 of this notice.

The Secretary must also revise, for each award year, the table of asset protection allowances as provided for in section 478 (d) of the HEA. The Education Savings and Asset Protection Allowance table for the award year 2003–2004 has been updated in section 3 of this notice.

Section 477(B)(5) of Part F of the HEA also requires the Secretary to increase the amount specified for the Employment Expense Allowance to account for inflation based upon increases in the Bureau of Labor Statistics budget of the marginal costs for a two-earner compared to a one-earner family for meals away from home, apparel and upkeep, transportation, and housekeeping services. Therefore, the Secretary is increasing this allowance as described in section 5 of this notice.

The HEA provides for the following annual updates:

1. Income Protection Allowance. This allowance is the amount of living expenses associated with the maintenance of an individual or family that may be offset against the family's income. It varies by family size and number in college. The income protection allowance for the dependent student is \$2,380. The income protection allowances for parents of dependent students and independent students with dependents other than a spouse for award year 2003–2004 are:

	Number in College—				
	1	2	3	4	5
Family size:					
2	13,470	11,160			
3	16,770	14,480	12,170		
4	20,710	18,410	16,120	13,810	
5	24,440	22,130	19,840	17,540	15,240
6	28,580	26,280	23,900	21,680	19,390

For each additional family member add \$3,230. For each additional college student substract \$2,290.

The income protection allowances for single independent students and for independent students without dependents other than a spouse for award year 2003–2004 are:

Marital status	Number in college	Amount	
Single Married	1 2	\$5,400 5,400	

Marital status	Number in college	Amount
Married	1	8,640

2. Adjusted Net Worth (NW) of a Business or Farm. A portion of the full net value of a farm or business is excluded from the calculation of an expected contribution since—(1) the income produced from these assets is

already assessed in another part of the formula; and (2) the formula protects a portion of the value of the assets. The portion of these assets included in the contribution calculation is computed according to the following schedule.

This schedule is used for parents of dependent students, independent students without dependents other than a spouse, and independent students with dependents other than a spouse.

If the net worth of a business or farm is—	Then the adjusted net worth is—
Less than \$1 \$1 to \$95,000 \$95,001 to \$290,000 \$290,001 to \$480,000 \$480,001 or more	\$38,000 + 50% of NW over \$95,000 \$135,000 + 60% of NW over \$290,000

3. Education Savings and Asset Protection Allowance. This allowance protects a portion of net worth (assets less debts) from being considered available for postsecondary educational expenses. There are three asset protection allowance tables—one of parents of dependent students, one for independent students without dependents other than a spouse, and one for the independent students with dependents other than a spouse.

46

4. Assessment Schedules and Rates. Two schedules that are subject to updates, one for dependent students and one for independent students with dependents other than a spouse, are used to determine the expected contribution toward educational expenses from family financial resources. For dependent students, the expected parental contribution is derived from an assessment of the parents adjusted available income (AAI). For independent students with dependents other than a spouse, the expected contribution is derived from an assessment of the family's AAI. The AAI represents a measure of a family's financial strength, which considers both income and assets.

The parents' contribution for a dependent student is computed according to the following schedule:

If AAI is—	The	n the contribution is—
Less than - \$3,409 (\$3,409) (\$3,409) to \$12,000 \$12,001 to \$15,100 \$15,101 to \$18,200	-\$750 \$2,640 + \$3,415 +	22% of AAI 25% of AAI over \$12,000 29% of AAI over \$15,100 34% of AAI over \$18,200 40% of AAI over \$21,200
\$24,301 or more	\$6,574 +	47% of AAI over \$24,300

The contribution for an independent student with dependents other than a spouse is computed according to the following schedule:

If AAI is—	The	en the contribution is—
Less than -\$3,409 (\$3,409)		22% of AAI
\$12,001 to \$15,100	\$2,640 + \$3,415 +	25% of AAI over \$12,000 29% of AAI over \$15,100 34% of AAI over \$18,200
\$18,201 to \$21,200	\$4,314 + \$5,334 + \$6,574 +	40% of AAI over \$21,200 47% of AAI over \$24,300

5. Employment Expense Allowance. This allowance for employment-related expenses, which is used for the parents of dependent students and for married independent students with dependents, recognizes additional expenses incurred by working spouses and single-parent households. The allowance is based upon the marginal differences in costs for a two wage-earner family compared

to a one-wage earner family for meals away from home, apparel and upkeep, transportation, and housekeeping services.

The employment expense allowance for parents of dependent students, married independent students without dependents other than a spouse, and independent students with dependents other than a spouse is the lesser of \$3,000 or 35 percent of earned income.

6. Allowance for State and Other Taxes. This allowance for State and other taxes protects a portion of the parents' and student's income from being considered available for postsecondary educational expenses. There are four tables for State and other taxes, one each for parents of dependent

students, independent students with dependents other than a spouse, dependent students, and independent

students without dependents other than a spouse.

# PARENTS OF DEPENDENT STUDENTS

#### DEPARTMENT OF ENERGY

Scoping Meetings for Radioisotope Thermoelectric Generator Relocation Environmental Assessment (EA)

**AGENCY:** Department of Energy. **ACTION:** Notice of Intent.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA), the Department of Energy (DOE, the Department) is announcing its intent to prepare an Environmental Assessment (EA) to assess the environmental impacts related to determining the future location of the Department's Heat Source/Radioisotope Power System

(HS/RPS) assembly and test operations. The HS/RPS operations include those identified as HS/Radioisotope Thermoelectric Generator (HS/RTG) operations in prior NEPA documents. These activities are currently conducted at the Mound site near Miamisburg, Ohio. The EA will evaluate continuation of the HS/RPS operations in the currently used facilities (the No Action alternative) or alternative facilities at the Mound site. Alternative sites to be evaluated in the EA include the Pantex Plant (Pantex), near Amarillo, Texas, and the Argonne National Laboratory-West located on the Idaho National Engineering and Environmental Laboratory site, near Idaho Falls, Idaho. Any other reasonable site(s) identified during the scoping will also be evaluated in the EA. This EA will be prepared in accordance with the Council on Environmental Quality's NEPA Implementing Regulations at 40 CFR parts 1500, 1501, 1502, 1503, 1504, 1505, 1506, 1507, and 1508, and the Department's NEPA Implementing Procedures at 10 CFR part 1021.

The potential relocation of the HS/ RTG assembly and test operations was previously evaluated in 1998. The Department issued a Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) in the Federal Register on October 2, 1998. While the draft EIS was under preparation, the Department determined that no benefit would result from relocation of the HS/ RPS mission and consolidated operations in an optimum configuration at the Mound site. The potential environmental impacts of these consolidation activities at the Mound site were assessed in the Environmental Assessment for the Consolidation of Heat Source/Radioisotope Thermoelectric Generator (HS/RTG) Assembly and Testing Operations at Mound (DOE/EA-1343, April 2000). As explained in the supplementary information below, in consideration of the events of September 11, 2001, the Department now considers it appropriate to review the location of the HS/RPS operations in the context of

new requirements. The information gathered during preparation of the aforementioned EA revealed the absence of any significant impacts due to the HS/RPS activities. Therefore, the Department believes that initially an EA should be prepared to evaluate future location for the HS/RPS operations. Based on the analysis of potential environmental impacts in the EA, the Department will issue either a Finding of No Significant Impact or a NOI to prepare an EIS. The Department is inviting comments from the public and the Federal, State, Tribal, and local agencies on the consideration of future locations for these operations and scope of the EA. A preferred alternative would be identified in the draft EA after analysis of alternatives and consideration of the comments received during the scoping period.

**DATES:** The public scoping period begins with the publication of this Notice and will continue for 21 days. Comments received or postmarked by that date will be considered in the preparation of the EA. Comments postmarked after that date will be considered to the extent practicable.

**ADDRESSES:** The Department will conduct public meetings to solicit comments on the consideration of future locations for these operations and the scope of the EA as follows:
