NUMBER 10.

"What gets crowded out is the great test of life," was once said by wise woman, and the more you think it over the more it grows upon you. THE INSPECTOR ORDINANCE Life there is not long even at the best, and one can not do everything that omes crowding upon them, and it re quires a great deal of puzzling thought to decide what you will do and what you will leave undone. Often you decide the momentous question careiessly, off hand, little realizing that it means how the world will take you, for what you are is branded by what you do, and what is left un-

A newspaper is very much like life in this respect, things are constantly coming up, more than you are prepared to meet. No day is ever carried through as planned, so no paper ever goes to press containing all that was mapped out, perhaps. What gets crowdedout of the newspaper, though, is as great a test of it as it is of life; you coubt as to the constitutionality of have to learn to distinguish between the things of little import and the allowance of about \$790 under an ordor of Onesides against Linn White the
your life perspective at the angle that "disipate the energy" on trifles has wrecked many a promising career.
