If you were in prison and a good spirit suddenly opened the door and said "Go: You are free!" you wouldn't stop to ask whether the key that opened the door was the regulation pattern or not. If it opened the door, that is enough. Thousands of women who are sick and suffering might speedily be made strong and well again if it was not for an unreasonable prejudice against any but so-called "regulation" methods.

"I tried many different medicines and got no better until I tried Dr. Pierce's medicines. The first bottle gave me ease. I have taken six bottles and I feel as well as ever in my life.
"My doctor did not have any faith in 'patent medicines' but he says' something has done you good.' I know if I had not taken Dr. Pierce's medicine I could not have lived long as I was nofhir, but a skeleton. I was so thin in flesh that it hurt me to lie down. Now I am well, and can work hard all day and do as much walking as I ever did, and sleep well all night. I can never be thankful enough for the good Dr. Pierce's medicines did me."

The Washington correspondent o the Richmond News writes:

District of Columbia is anxious not only to see the memorial bridge constructed across the Potomac river to Arlington, but they also think that the idea of having a national boulevard to start in Washington, there to Arlington and Alexandria and on to Mount Vernon, is

Some day that project will undoubtedly be carried out, but these things take time, and as long as Uncle Sam has to maintain a large standing army to fight Filipinos and garrison our new possessions, the drain upon the treatury will be so heavy that the economists in Congress will be slow to vote the cash for such luxuries as a beautiful national boulevard. It has been auggested in certain quarters that the Virginia claime bill will be certain to get through if the State were to give

As soon as the plans can be perfected and the necessary legislation obtained it is the purpose of the Pennsylvania Railroad Company to spend between four and five million dollars in the Di-trict of Columbia. This will include a splendid modern steel bridge across the Potomac river. It will take the place of the wooden concern that is now used, and over which also run the trains of the Southern and the Chesapeake and Ohio companies. The Obio and the Pennsylvania Congressman are not a bit bashful when they wish to tap the treasury, and Virginia should come in for her share,

The prospects for the passage of Representative Rixey's bill to build the memorial bridge are most encouraging. Members from all portions of the United States say that it will get through, especially since the President recommended the project in his annual message.
