Culturally Unidentifiable Human Remains

As part of providing administrative support for the Review Committee, National NAGPRA is compiling the Review Committee's inventory of culturally unidentifiable human remains, as required by 25 U.S.C. 3006(c)(5). National NAGPRA has logged 599 inventories of culturally unidentifiable Native American human remains from 433 museums and 166 Federal agencies. To date, 595 inventories (430 museum inventories and 165 Federal agency inventories), or approximately 99 percent of the 599 inventories, have been entered into National NAGPRA's Culturally Unidentifiable inventory database. The total number of culturally unidentifiable Native American human remains entered into the database is 111,238.

Civil Penalties

The final civil penalties rule (43 CFR 10.12) was published in the Federal Register on April 3, 2003, and became effective May 5, 2003. Administration of civil penalties was assigned exclusively to the Chief Curator, who is under the direction of the Director of the National Center for Cultural Resources (NCCR), by the Director of NCCR on September 23, 2003. It remained so assigned throughout the reporting period. The NAGPRA civil penalties procedures were finalized on January 5, 2004. An overview of the civil penalties procedures is available on the National NAGPRA Website under "Law and Regulations." (http://www.cr.nps.gov/nagpra/MANDATES/CP_Inv estigation Procedures.htm). Questions regarding civil penalties are referred to Ms. Ann Hitchcock, Chief Curator, National Park Service.

On May 20, 2004, the Secretary of the Interior appointed Mr. Willie Jones, Dr. Vincas P. Steponaitis, and Mr. Dan Monroe to the Review Committee—

- Mr. Jones is traditional religious leader from the Lummi Nation in Washington. Mr. Jones has served since 1977 as a member and chairman of the Lummi Nation Business Council, and the Tribe's general manager. He is currently a member of the Lummi Cultural Resource Protection and Repatriation Committee and the National Congress of American Indians NAGPRA committee.
- Dr. Steponaitis is a professor of anthropology and director of the Research Laboratories of Archaeology at the University of North Carolina. Dr. Steponaitis is a former president of the Society for American Archaeology and currently serves as an advisor to the society's repatriation committee.
- Mr. Monroe is executive director and chief executive officer of the Peabody Essex Museum in Salem, MA. Mr. Monroe is a former president of the American Association of Museums and served as a member of the Native American Graves Protection and Repatriation Review Committee from 1992 to 1996.

On June 16, 2004, Dr. Janet Snyder Matthews, NPS Associate Director for Cultural Resources, appointed NAGPRA program officer Dr. Tim McKeown to serve as the Review Committee's Designated Federal Officer through November 16, 2004.

The Review Committee met on September 17-18, 2004, in Washington, DC. The Review Committee considered requests for recommendations regarding the disposition of culturally unidentifiable human remains; discussed the Review Committee's 2002-2003 report to the Congress; heard presentations and statements by Indian tribes, Native Hawaiian organizations, museums, Federal agencies, and the public; and elected a new Review Committee chair (Dr. Rosita Worl). Notices

National NAGPRA publishes Federal Register notices on behalf of museums and Federal agencies as required by 43 CFR 10.8(f) and 43 CFR 10.9(e). National NAGPRA expedites notice publication and assists museums and Federal agencies with notice content and format.

Overview

The cumulative total of all logged notices of inventory completion and notices of intent to repatriate is 1,377 as of September 30, 2004. Of the 1,377 notices, 56 notices have been withdrawn prior to publication at the request of a museum or Federal agency. Of the remaining 1,321 notices, 1,076 (81 percent) have been published in the Federal Register, 38 (3 percent) are on hold at the request of the museum or Federal agency, and 207 (16 percent) are in process towards publication.

Notices of Inventory Completion

72 notices were published during Fy2004, for a total of 782 published notices accounting for—

- 29,284 human remains (increase of 1,363 sets of human remains)
- 578,553 associated funerary objects (increase of 2,170 objects)

Notices of Intent to Repatriate

31 notices were published during FY2004, for a total of 294 published notices accounting for—

- 91,901 unassociated funerary objects (increase of 407 objects)
- 1,222 sacred objects (increase of 2 objects)
- 274 objects of cultural patrimony (increase of 3 objects)
- 657 sacred objects/objects of cultural patrimony (increase of 1 object)

Notices of Intended Disposition

50 reported pairs of notices published accounting for—

- 175 human remains
- 775+ funerary objects
- 5 objects of cultural patrimony

One pair of notices accounting for one set of human remains was subsequently rescinded.

Unpublished Notices

As of September 30, 2004, 245 notices were unpublished, 15 of which had been sent to the Federal Register. Of the remaining 230 unpublished notices, 207 are assigned to National NAGPRA staff for processing; the other 23 are National Park Service notices assigned to NPS Park NAGPRA program staff. During FY2004, the number of on hold notices has been reduced from its maximum of 85 notices to 61 notices at the end of FY2004 (this includes the 23 NPS notices). National NAGPRA will no longer place

notices on hold for indefinite periods. Notices submitted by NPS are deemed submitted to a National NAGPRA staff member for expeditious processing.

Notice Processing Trends

The number of draft notices that are sent to the National NAGPRA program to be published in the Federal Register has remained high since the deadline for submission of inventories in 1995, peaking at over 200 notices logged during 1998. Since FY2002, the number of notices received has been dropping at a steady state, with 109 received in FY2002, 84 received in 2003, and 61 received in FY2004.

Between FY1995 and FY2000, more notices were received in the National NAGPRA program than were sent to the Federal Register for publication. This trend has reversed in the last three years. Since FY2001, more notices have been sent to the Federal Register for publication than have been received, with an average of 138 published each year for the period FY2001–FY2004. During FY2004, National NAGPRA sent 104 notices to the Federal Register for publication.

While the program's notice submission rate has increased, the length of time between submission to the Federal Register and date of publication has also increased. In FY2000 (the first year that data were collected), the average time between submission to the Federal Register and publication was 10 days. In FY2002, the average time was 52 days, while during FY2003 and FY2004, the average time was 40 days. An aging report of notices held has not been maintained.

NAGPRA Grants

NAGPRA authorizes the Secretary of the Interior to make grants to museums, Indian tribes, Native Alaskan villages and corporations, and Native Hawaiian organizations to assist in consultation and in the inventory, documentation, and repatriation of Native American human remains and other cultural items. Congress has appropriated annual funds for NAGPRA grants since FY1994.

FY2004 NAGPRA Grants

Information about FY2004 NAGPRA grants, including guidelines and applications, was posted on the National NAGPRA Website (www.cr.nps.gov/nagpra/GRANTS/) on September 26, 2003. A postcard announcing the availability of FY2004 NAGPRA Grants guidelines and applications was distributed via the National NAGPRA mailing list in October 2003. A NAGPRA grant-writing workshop was held on November 18, 2003, in conjunction with the National Congress of American Indians 60th Annual Session in Albuquerque, NM. Draft grant proposals were accepted for pre-review and comment until December 31, 2003. Seventeen draft proposals were received, and comments were sent to proposal writers by mid-January 2004.

The National NAGPRA program received 58 NAGPRA grant applications in FY2004. Of these, there were 7 tribal repatriation grant proposals, 34 tribal documentation grant proposals, 2 museum repatriation grant proposals, and 15 museum documentation grant proposals. The deadline for submission of FY2004 NAGPRA documentation grant proposals was March 1, 2004. The FY2004 NAGPRA grant review panel met on April 28, 2004, to evaluate the documentation grant applications. The panel's funding recommendations were then forwarded to the Assistant Secretary for Fish, Wildlife and Parks, Judge Craig Manson, whose decisions on NAGPRA grant awards are final. Proposals for repatriation grants are accepted throughout the fiscal year and are evaluated by staff when received. A complete list of all FY2004 NAGPRA grants is presented below.

From FY1994 through FY2004, the National Park Service received 1,049 NAGPRA grant applications, for a total request of approximately \$70 million. From FY1994 through FY2004, the National Park Service awarded 457 NAGPRA grants, for a total award of approximately \$24 million.

For additional information about NAGPRA grants, contact Paula Molloy, Program Officer, National NAGPRA (paula_molloy@nps.gov).

Information Management Systems

Through its information management systems, National NAGPRA seeks to improve the availability of NAGPRA implementation data, and maintain the validity, reliability, and accuracy of the data.

NAGPRA Inventories, Summaries, and Notices

The move of the National NAGPRA office from North Capitol Street to 1201 Eye Street in September 2002 required the re-housing of paper copies of inventories, summaries, and notices that have been submitted to the National Park Service by museums and Federal agencies. During the first half of FY2004, systematic filing and cataloging of National NAGPRA inventory, summary, and notice files was completed. The cataloging provided an opportunity to review the files to ensure that the NAGPRA program database accurately reflects existing inventory, summary, and notice records. Reconciling of database records and paper files was also completed by March 31, 2004, and allows National NAGPRA to report more accurate statistics regarding museum and Federal agency inventory, summary, and notice submissions. During the second half of FY2004, the focus was on capturing and entering data on Federal collections in nonfederal repositories.

National NAGPRA Program Database

During the first half of FY2004, the program emphasized the evaluation of the current database and the program's reporting requirements, development of a new information system, input of data to the Culturally Unidentifiable Native American Inventories Database, and planning for the online accessibility of data.

Currently, eight linked modules (Tribes, Museums/Agencies, Mailing List, Grants, Notices, Inventories, Summaries, and Geographic Data) comprise the NAGPRA database in Access 97. The amount and complexity of the data that the National NAGPRA program collects and tracks continue to increase, as do reporting requirements and ongoing analyses. In early FY2004, an evaluation of the Access 97 system resulted in the recommendation that it be replaced with a more robust system that would provide greater flexibility, speed, and stability for the multi-user environment in which the National NAGPRA program operates. SQL Server was identified as the system application best suited to the specific data management needs of the National NAGPRA program. As of September 2004, the new system has been developed and has entered its testing phase, with the transfer of data expected to take place in early FY2005.

The new National NAGPRA information system includes—

- Improved searching of inventories, summaries, and notices
- Addition of fields to record data for Federal agencies
- Refinement and expansion of capabilities for the mailing list
- Addition of a Review Committee module
- Expansion of the report capabilities for all areas of the database
- Development of an online database for notices that will be hosted by an NPS server (the database for notices is currently hosted by Center for Advanced Spatial Technologies, University of Arkansas [CAST])
- Development of an online version of the Culturally Unidentifiable Native American Inventories Pilot Database (see the "Culturally Unidentifiable Native American Human Remains" section of this report for more information)

Online Databases

The Native American Consultation Database (NACD) is hosted by CAST through a cooperative agreement with the National Park Service, and is available to the public through the National NAGPRA Website (http://www.cr.nps.gov/nagpra). This database can be searched by tribal name, tribal representative name, State and county name, and reservation name to yield information on tribes, their status under NAGPRA, tribal representatives for consultation, reservation lands, and Indian Claims Commission decisions. The information in the database is updated when new information on the names of tribes and tribal representatives is received from the Bureau of Indian Affairs, or official contact information is received by National NAGPRA from tribes. An update of this information was completed in May 2004. The National NAGPRA program is planning to include additional Native American land claims decisions made since the 1980 Final Report of the U.S. Indian Claims Commission.

The Notices database, also hosted by CAST, can be searched by date, museum/agency, title, and key word. An upgrade to the Notices database, which will include broader search capabilities, is planned for early FY2005.

The National NAGPRA program expects to transfer its two existing online databases -- NACD and Notices (both currently hosted by CAST) -- to an NPS

server during FY2005. In addition, the Culturally Unidentifiable online database has been developed and will be accessible through the National NAGPRA Website in early FY2005.

National NAGPRA recognizes the importance of providing regular and accessible NAGPRA training to help further understanding of the statute, regulations, and their requirements.

Training

National NAGPRA offers both general and specialized NAGPRA training, with an emphasis on quality, accessibility, and cost-effectiveness for participants. National NAGPRA presents a general NAGPRA workshop, the NAGPRA Seminar, offered twice yearly free of charge. The NAGPRA Seminar is a one-day training opportunity designed for tribal, museum, and Federal agency personnel who wish to expand their working knowledge of NAGPRA. The NAGPRA Seminar seeks to foster an interactive and practical approach to NAGPRA, and includes a review of NAGPRA from a regulatory perspective, group discussions on selected topics, and an open forum for sharing experiences and exploring the challenges of implementing NAGPRA. During the reporting period, the NAGPRA Seminar was presented on November 20, 2003, in Albuquerque, NM, and on May 17, 2004, in Washington, DC.

National NAGPRA also provides specialized training designed to address particular NAGPRA implementation issues. The NAGPRA Grant Writing Workshop is offered free of charge and is presented annually. The NAGPRA Grant Writing Workshop was presented November 18, 2003, in conjunction with the annual meeting of the National Congress of American Indians (NCAI) in Albuquerque, NM. Implementing NAGPRA Section 3: Excavations and Inadvertent Discoveries on Federal and Tribal Lands was held May 18, 2004, in Washington, DC, and was offered at no charge. This workshop has been designed to assist tribal and Federal agency officials, tribal and Federal land managers, and archeologists who work on Federal and tribal lands, and focuses on developing a more thorough understanding of the excavation and inadvertent discovery provisions of NAGPRA.

In addition to these specialized training opportunities, National NAGPRA continues to offer customized NAGPRA training by special arrangement. During the reporting period, National NAGPRA presented three customized NAGPRA training courses: *Arizona State Museum NAGPRA Workshop* (November 17, 2003, Tucson, AZ), *Georgia Department of Natural Resources NAGPRA Training* (December 16-17, 2003, Cartersville, GA), and *Bureau of Reclamation NAGPRA Training* (April 7, 2004, Denver, CO).

During FY2004, National NAGPRA provided training for 231 individuals. FY2004 NAGPRA training offerings are summarized in the table, below.

Outreach

National NAGPRA seeks to raise public awareness of NAGPRA and NAGPRA compliance responsibilities through a variety of outreach activities.

Outreach

National NAGPRA engages Native America, museums, Federal agencies, and the general public through a coordinated outreach program. Meetings and other face-to-face exchanges provide an important means through which National NAGPRA disseminates information and improves its understanding of regional and national implementation concerns. During the reporting period, National NAGPRA staff participated in the Native Sacred Places - Finding Common Ground (November 14-15, 2003, Albuquerque, NM); met with representatives of the Kitigan Zibi Nation (February 9, 2004, Washington, DC); made a presentation at the Museum of Anthropology, University of British Columbia (May 18, 2004, Vancouver, BC, Canada); participated in a digital teleconference on repatriation sponsored by the U.S. Consulate General and U.S. Embassy (May 19, 2004, Vancouver, BC, Canada; Toronto, ON, Canada; and Ottawa, ON, Canada); and presented talks at the museum of Archaeology and Ethnology, Simon Fraser University (May 19, 2004, Burnaby, BC, Canada), the Canadian Aboriginal Repatriation Conference (May 21-22, 2004, Massett, BC, Canada), and the National Association of Tribal Historic Preservation Officers annual meeting (July 7-10, 2004, Washington, DC). National NAGPRA staff also hosted several regulatory consultations and briefings, which are discussed in the "NAGPRA Regulations" section of this report.

National NAGPRA also furthers its outreach efforts through the effective use of print and electronic media. Direct mailings to Indian tribes, Native Hawaiian organizations, museums, and Federal agencies are an important means of sharing information and are used to solicit Review Committee nominations and to announce the annual call for NAGPRA grant proposals. *National NAGPRA Update*, the twice-yearly newsletter of the National NAGPRA program, provides a concise overview of current NAGPRA issues and is available in both print and electronic formats

(http://www.cr.nps.gov/nagpra/DOCUMENTS/IND EX.htm#Update).

Website

The National NAGPRA Website continues to be the primary medium for electronic communication. During the reporting period, National NAGPRA launched its redesigned Website, posted the National NAGPRA FY2003 Annual Report (http://www.cr.nps.gov/nagpra/DOCUMENTS/IND EX.htm), and posted an overview of the NAGPRA civil penalties procedures (http://www.cr.nps.gov/nagpra/MANDATES). For more information, see the "National NAGPRA Website" section of this report.

Public and Media Inquiries

National NAGPRA strives to maintain an exemplary standard of responsiveness to inquiries from the public and the media. National NAGPRA monitors two public e-mail addresses, NAGPRA_Info@nps.gov and NAGPRA_Grants@nps.gov. Both e-mail addresses provide an effective way for members of the public to direct inquiries to the program. The redesigned National NAGPRA Website also features a "Press" page, with links to documents on the Website available for use as background by members of the media. During the reporting period, National NAGPRA provided information to the following news outlets and media enterprises: Alaska Public Radio Network, Antiques Roadshow (PBS), Arkansas Democrat Gazette, Associated Press (Denver Bureau), Baltimore Sun, Channel One TV News (Los Angeles, CA), Danbury News Times, Discover Magazine, Green Bay Press Gazette, Hartford Courant, History Detectives (PBS), Honolulu Advertiser, Honolulu Star-Bulletin, Juneau Empire, Medill News Service, Native American Times, Oklahoma Eagle, Palo Alto Weekly, Philadelphia Inquirer, Reason Magazine, Rochester Post Bulletin, Salt Lake Tribune, Schenectady Daily Gazette, Shaw Cable Television (Vancouver, BC), Victoria Times Colonist, Wenatchee World Newspaper, and WFRV Television (Green Bay, WI).

National NAGPRA Website

The redesigned National NAGPRA Website provides easy access to the statute, regulations, guidance, and a variety of informational resources designed to support NAGPRA implementation.

Overview

The National NAGPRA Website (http://www.nps.gov/nagpra) continues to be the program's primary medium for electronic communication. On October 20, 2003, National NAGPRA launched its redesigned Website. The site features a new look, several new navigational pages, and expanded content. Major additions and changes to the site are summarized below. Also during the reporting period, the National NAGPRA FY03 Annual Report

(http://www.cr.nps.gov/nagpra/DOCUMENTS/IND EX.htm) and an overview of the NAGPRA civil penalties procedures

(http://www.cr.nps.gov/nagpra/MANDATES) were posted to the Website.

Navigational Improvements

The redesigned Website includes many new and enhanced navigational features that appear on the homepage and throughout the site. This change allows a user to move to a new area of the site without first having to return to the homepage or use the back button to return to a previously visited page. The site now includes a top navigation bar with links to individual navigational pages for tribes, museums, Federal agencies, the public, and members of the press. Each of these pages is structured to allow different types of users to quickly locate the National NAGPRA Website content of most interest to them.

Subject-based navigation has been retained in a side navigation menu. The menu includes links to navigational pages for Law and Regulations (formerly Legal Mandates), Grants, Training, Notices, Review Committee, Special Topics, and Contact National NAGPRA (formerly Contacts). The menu also includes links to new navigational pages for Frequently Asked Ouestions, Online Databases, and Documents and Publications (see below for more information about these pages). In accordance with current NPS Website development criteria, a bottom navigation bar has been added, with links to Links to the Past (NPS cultural resources programs), ParkNet (the NPS homepage), FOIA statement, Privacy statement, Disclaimer, and FirstGov (the U.S. Government's official Web portal). A link to the U.S. Department of the Interior (DOI Home) has also been added to the homepage and secondary pages. Further changes to the side menu and bottom navigation bar are expected as NPS Website design requirements continue to evolve, and a Site Directory page is

scheduled to be posted to the Website in early October 2004.

Frequently Asked Questions

The Frequently Asked Questions page (http://www.cr.nps.gov/nagpra/FAQ/INDEX.HTM) is designed to provide answers to the most common NAGPRA questions. Topics addressed in the FAQ cover include NAGPRA information, as well as specialized subjects, such as inadvertent discoveries, the status of nonfederally recognized tribes under NAGPRA, and international repatriation. The FAQ also includes links to the NAGPRA Glossary (see below for more information).

Online Databases

National NAGPRA provides online access to three searchable databases—the Native American Consultation Database (NACD), Notices of Inventory Completion, and Notices of Intent to Repatriate through a cooperative agreement with the Center for Advanced Spatial Technologies (CAST) at the University of Arkansas. With the continued development of National NAGPRA's in-house database capacity, it is planned that the searchable online databases hosted by CAST will eventually be moved to a NPS server, along with new searchable databases currently in development. With this anticipated shift in mind, the Online Databases page (http://www.cr.nps.gov/nagpra/ONLINEDB/INDEX. HTM) was added to the National NAGPRA Website to provide a single entry point for accessing all current and future National NAGPRA online databases. For additional information about National NAGPRA database development, see the "Information Management Systems" section of this report.

In early FY2005, the Culturally Unidentifiable Native American Inventories Pilot Database will go live and will be accessible through the *Online Databases* page. For more information about this database, see the "Cultural Unidentifiable Native American Human Remains" section of this report.

Documents and Publications

The *Documents and Publications* page (http://www.cr.nps.gov/nagpra/DOCUMENTS/IND EX.htm) was added to the National NAGPRA Website to provide a single point for locating the various print and electronic publications produced by the program. The *Documents and Publications* page

has links to maps (Indian Reservations in the Continental United States, Indian Land Areas Judicially Established 1978, and Military Bases in the Continental United States); National NAGPRA reports; and National NAGPRA Update, the newsletter of National NAGPRA.

Training Resources and NAGPRA Glossary

The Training page

(http://www.cr.nps.gov/nagpra/TRAINING/INDEX. htm) features a new section titled "Training Resources," designed to provide online access to information that complements National NAGPRA's training efforts. The Training Resources section includes links to PDF versions of many of the handouts used in National NAGPRA training, as well as a link to the NAGPRA Glossary (http://www.cr.nps.gov/nagpra/TRAINING/GLOSSA RY.HTM). The NAGPRA Glossary provides definitions for many of the specialized terms used in NAGPRA. Links to specific items in the Glossary appear throughout the National NAGPRA Website.

The NAGPRA Glossary is a working document, and users are invited to submit comments to NAGPRA_info@nps.gov.

Law and Regulations

This section of the Website (http://www.cr.nps.gov/nagpra/MANDATES/INDEX .HTM) has been expanded to include new subsections on "Summaries, Inventories, and Notices," "Excavations and Inadvertent Discoveries," "Consultation," "Legislative and Regulatory History," and "NPS Congressional Testimony." New information has also been added regarding the reserved sections of the NAGPRA regulations (http://www.cr.nps.gov/nagpra/MANDATES/Reserv ed_Sections.htm), with a link to information regarding National NAGPRA regulatory consultation activities

(http://www.cr.nps.gov/nagpra/MANDATES/10-7_Regional_Consultations.htm).

NAGPRA Regulations - 43 CFR 10

By delegation of authority from the Secretary of the Interior, National NAGPRA is responsible for drafting the reserved sections of the NAGPRA regulations.

Authority

25 U.S.C. 3011 "The Secretary [of the Interior] shall promulgate regulations to carry out this Act ..."

Discussion

Regulations provide clarification and guidance in interpreting and implementing Federal laws. Prior to publishing a final regulation, Federal agencies must publish proposed rules that include either the terms or substance of the proposed rule and/or a description of the subjects and issues involved.

The National Park Service follows the Administrative Procedures Act and other statutes in promulgating regulations. Draft regulations are reviewed internally within the National NAGPRA program, in other programs and the Director's office within the National Park Service, and within the U.S. Department of the Interior prior to publication for public comment or as a proposed rule. The Native American Graves Protection and Repatriation Review Committee has an active role in the preparation of 43 CFR 10. The Review Committee, as provided in Section 8 of NAGPRA, provides initial commentary and guidance for preparation of drafts by NAGPRA staff. After the National Park Service completes an internal review of the draft regulations, the National NAGPRA program provides copies to the Review Committee for additional comment. Interested persons may participate in the rulemaking through Review Committee meetings and submission of written comments.

Reserved Sections

Information about reserved sections of the regulations is available on National NAGPRA's Website at

http://www.cr.nps.gov/nagpra/MANDATES/Reserve d_Sections.htm. Currently, four reserved sections of the NAGPRA regulations remain to be promulgated—

Section 10.7. Disposition of unclaimed human remains, funerary objects, sacred objects, or objects of cultural patrimony.

This section addresses a process for resolving situations that arise when human remains, funerary objects, sacred objects, or objects of cultural patrimony are removed from Federal or tribal lands after November 16, 1990, and are not claimed by a lineal descendant, federally recognized tribe, or

Native Hawaiian organization. The National NAGPRA program is undertaking consultations with the NAGPRA Review Committee, Native American groups, and representatives of museum and scientific organizations prior to drafting the regulation, as required by NAGPRA. Over the past year, the National NAGPRA program has held a series of 15 meetings with Native American tribes, representatives of museum and scientific organizations, the NAGPRA Review Committee, and Federal agency representatives about the development of the regulation. Due to NPS budgetary constraints, however, further consultation on the development of 43 CFR 10.7 will not involve travel by National NAGPRA program staff. The National NAGPRA program is developing a discussion document on 43 CFR 10.7 to be sent to federally recognized tribes, Native Hawaiian organizations, museum and scientific organizations, Federal agency representatives, and the NAGPRA Review Committee, to solicit comments on the regulation. (National NAGPRA staff assigned: Karen Mudar)

Section 10.11. Disposition of culturally unidentifiable human remains

A draft of this section was provided for Review Committee comment at the May 2002 meeting in Tulsa, OK, and the November 2002 meeting in Seattle, WA. The draft regulations were edited to incorporate the Review Committee's comments and a proposed rule is currently under review within the Department of the Interior. The proposed rule will be published for public comment (National NAGPRA staff assigned: Tim McKeown)

Section 10.13. Future applicability

The Review Committee reviewed a draft of this section in 1996 and in 2002. A proposed rule was approved for publication by the Assistant Secretary for Fish and Wildlife and Parks on September 24, 2004 and was published for public comment on October 20, 2004. (National NAGPRA staff assigned: Tim McKeown)

Section 10.15 (b). Failure to claim where no repatriation or disposition has occurred.

Drafting has not yet begun on this section of the regulations. (National NAGPRA staff assigned: Karen Mudar)

Culturally Unidentifiable Native American Human Remains

On behalf of the Review Committee, National NAGPRA is compiling the Review Committee's inventory of culturally unidentifiable human remains.

Authority

43 CFR 10.10 (g) Culturally unidentifiable human remains. "If the cultural affiliation of human remains cannot be established pursuant to these regulations, the human remains must be considered culturally unidentifiable. Museum and Federal agency officials must report the inventory information regarding such human remains in their holdings to the Departmental Consulting Archeologist who will transmit this information to the Review Committee. The Review Committee is responsible for compiling an inventory of culturally unidentifiable human remains in the possession or control of each museum and Federal agency and for recommending to the Secretary specific actions for disposition of such human remains."

Status of Data Entry of Culturally Unidentifiable Inventories

By September 30, 2004, inventories of culturally unidentifiable human remains from 592 institutions (430 museums and 162 Federal agencies) had been entered into the National NAGPRA program's "Culturally Unidentifiable" (CUI) inventories database, which represents an increase of 217 museums and agencies since the beginning of FY2004. Almost 100 percent of the known number of CUI inventories has now been entered. The National NAGPRA program has also included associated funerary objects in the database, although the statute does not mandate including associated funerary objects in the Review Committee's inventory. The minimum number of individuals (MNI) entered by the end of the reporting period was 111,395, an increase of more than 20,500 for the fiscal year. The number of associated funerary objects entered during FY2004 has increased the total by more than 133,000 to 772,992. A summary list of entries in the CUI database follows this report.

Two National NAGPRA interns worked during the year toward completing the initial data entry phase. The database records are being sent to the museums and Federal agencies for verification prior to making the data available to the public. Revisions by the museums and Federal agencies will be entered when they are received.

The online database containing approximately 15 percent of the records was demonstrated to the Review Committee during its Washington, DC, meeting in September 2004. It will become available to the public in early FY2005, and new records will be added as they are verified by the museums and Federal agencies. Many of the human remains described in the database were originally inventoried as culturally unidentifiable, but have since been affiliated (740 sets) or transferred (2,345 sets) to nonfederally recognized tribes or burial committees/councils upon the recommendation of the NAGPRA Review Committee.

CUI Inventory Data Summary

The data that have been entered into the CUI inventory database are from the inventories submitted by museums and Federal agencies. The number of records, number of human remains, and number of associated funerary objects for each institution are then exported to a spreadsheet that calculates the estimated completeness of the database. The next section of this report, "Museums and Federal Agencies With Culturally Unidentifiable Human Remains and Associated Funerary Objects," was generated from the spreadsheet.

For more information about the CUI inventory database, contact Cynthia Murdock, Program Officer, National NAGPRA, (cynthia_murdock@nps.gov.)

Native American Graves Protection and Repatriation Review Committee

The Review Committee was established under NAGPRA with responsibilities that include monitoring and reviewing the implementation of the inventory and identification process and repatriation activities. The National NAGPRA program provides administrative and staff support to the Review Committee on behalf of the Secretary of the Interior.

Authority

25 U.S.C. 3006 (g)(2) The Secretary of the Interior shall—"provide reasonable administrative and staff support necessary for the deliberations of the [Review Committee]."

Charter

The Review Committee is organized and administered according to the Federal Advisory Committee Act (FACA), 5 U.S.C. Appendix (1994). In accordance with FACA, the Review Committee's charter must be filed every 2 years. The Review Committee's current charter expires on November 16, 2004. The National NAGPRA program has submitted the Review Committee's charter for renewal.

Membership

Review Committee members are appointed by the Secretary of the Interior from nominations solicited from individuals and groups as stipulated in Section 8 of NAGPRA. During the reporting period, National NAGPRA assisted with the appointment process to fill four Review Committee vacancies.

- On October 27, 2003, the Secretary of the Interior appointed Mr. Lee Staples to a four-year term on the Review Committee. Mr. Staples is a traditional Native American religious leader and was nominated by the Mille Lacs Band of Minnesota Chippewa Tribe, Minnesota.
- On May 20, 2004, the Secretary of the Interior appointed Mr. Willie Jones, Mr. Dan Monroe, and Dr. Vincas Steponaitis to four-year terms on the Review Committee. Mr. Jones is a traditional Native American religious leader and was nominated by the Lummi Tribe of the Lummi Reservation, Washington. Mr. Monroe was nominated by the American Association of Museums. Dr. Steponaitis was nominated by the Society for American Archaeology.

The four new members joined Dr. Garrick Bailey, Ms. Vera Metcalf, and Dr. Rosita Worl to bring the Committee up to its full membership of seven.

Review Committee Responsibilities

The Review Committee carries out its specific responsibilities under NAGPRA (25 U.S.C. 3006 (c)), through public meetings, published findings and

recommendations, and reports to the Congress. During the reporting period, the National NAGPRA program assisted the Review Committee in meeting its responsibilities in the following ways—

Meetings. The Review Committee held two meetings in FY2004.

- On July 19, 2004, the Review Committee met in a public teleconference linking the members with ten remote locations across the country from the eastern seaboard to Anchorage and Honolulu.
- On September 17-18, 2004, the Review Committee met in Washington, DC.

Monitoring the Inventory and Identification Process. The Review Committee was provided with biyearly reports of the activities of the National NAGPRA program. In addition, the Review Committee specifically requested and was provided with information regarding Federal agency activities and the status of a skull identified as that of Geronimo.

Review and Making Findings. The Review Committee chair and the Designated Federal Officer consider requests for few and findings according to the Review Committee's Review and Findings Procedures. At its September 17-18, 2004, meeting, the Review Committee considered information regarding a proposal put forward by the Bishop Museum that it was also a Native Hawaiian organization under the statutory definition. The Review Committee declined to make a formal finding.

Disputes. The Review Committee chair and the Designated Federal Officer consider requests to facilitate the resolution of disputes according to the Review Committee's Dispute Procedures.

No new requests to facilitate the resolution of disputes were received.

Two earlier requests were appealed—

• Hopi Tribe and Aztec Ruins National Park (REQ014): The Review Committee Chair and Designated Federal Officer informed the tribe that the Review Committee would not consider this dispute because the human remains and other cultural items had been repatriated before the tribe's request. The Hopi Tribe requested an appeal of the Chair and Designated Federal Officer's decision and proposes to present new information to the full Review Committee at a future Review Committee meeting. Further consideration of the issue was declined by the Assistant Secretary for Fish and Wildlife and Parks.

• Royal Hawaiian Academy of Traditional Arts and the Bishop Museum (REQ016): Hui Malama I Na Kupuna O Hawai'i Nei requested that the Review Committee rescind its previous findings and recommendations since repatriation by the Bishop Museum had already occurred and all claimants had not been notified of the dispute hearing. The Review Committee decided to hold its previous recommendations and findings in abeyance and rehear the dispute with all necessary parties.

Four earlier requests were withdrawn—

- Narragansett Indian Tribe and Peabody Museum of Archaeology and Ethnology (REQOII), Narragansett Indian Tribe and Robert S. Peabody Museum of Archaeology (REQOI7), and Narragansett Indian Tribe and Haffenreffer Museum of Anthropology (REQO2I). The three disputes were withdrawn from consideration by the Review Committee at the tribe's request.
- University of Massachusetts, Amherst and Springfield Science Museum (REQ022). This dispute was withdrawn from consideration by the Review Committee at the request of the University of Massachusetts, Amherst.

Two earlier request were declined—

• Hopi Tribe and Mesa Verde National Park (REQoo8) and Hopi Tribe and Aztec Ruins National Park (REQo24). Further consideration of these issues was declined by the Assistant Secretary for Fish and Wildlife and Parks.

Designated Federal Officer

The Review Committee's current charter identifies the National NAGPRA program manager or designee is the Review Committee's Designated Federal Officer, a role required by the Federal Advisory Committee Act (FACA), 5 U.S.C. Appendix (1994). The Designated Federal Officer must (a) Approve or call the meeting of the advisory committee or subcommittee; (b) Approve the agenda . . . ; (c) Attend the meetings; (d) Adjourn any meeting when he or she determines it to be in the public interest; and (e) Chair the meeting when so directed by the agency head (41 CFR 102-3.120). The Designated Federal Officer must also "ensure that minutes are certified within 90 calendar days of the meeting to which they relate" (41 CFR 102-3.165 (c)). In the Review Committee's charter, the Designated Federal Officer is required by section 10 of FACA to oversee the management of the Committee. The DFO is not a member of the Review Committee. Mr. John Robbins, Assistant Director, Cultural Resources, served as Designated Federal Officer from October 1, 2003 to June 28, 2004, after which the position was assumed by Dr. Timothy McKeown.

For more information about the Review Committee, contact Dr. Timothy McKeown, Designated Federal Officer, National NAGPRA (tim_mckeown@nps.gov.)

REQ	Status	Parties	Summary
001	Finished	Hui Malama I Na Kupuna 'O Hawai'i Nei and Phoebe A. Hearst Museum of Anthropology, University of California, Berkeley	Issue: Hui Malama I Na Kupuna 'O Hawai'i Nei requested the Review Committee's assistance regarding the cultural affiliation of two sets of human remains. Record: Minutes of the fourth meeting of the Review Committee, February 26-27, 1993. Findings and recommendations published in the Federal Register, April 15, 1993, vol. 58, no. 71, pp. 19688 and 19689. Action: The Review Committee published separate findings and recommendations for the two sets of human remains. For the set of human remains identified as 12-5456, the Review Committee was unable to determine that the preponderance of the evidence indicated a relationship of shared group identity with present-day Native Hawaiian organizations, and recommended that the museum transfer the human remains to a museum in Hawaii for further consideration of cultural affiliation and care. For the set of human remains identified as 12-10738-39, the Review Committee determined that the preponderance of the evidence indicated a relationship of shared group identity with present-day Native Hawaiian organizations, and recommended that the museum revise its determination regarding the cultural affiliation of the human remains and notify Native Hawaiian organizations that the human remains are available for repatriation.
002	Finished	Office of Hawaiian Affairs and Hui Malama I Na Kupuna 'O Hawai'i Nei, and City of Providence, RI	Issue: The Office of Hawaiian Affairs and Hui Malama I Na Kupuna 'O Hawai'i Nei requested the Review Committee's assistance regarding whether a Hawaiian figure met NAGPRA's criteria for repatriation. Record: Minutes of the 12th meeting of the Review Committee, November 1-3, 1996, and the 13th meeting of the Review Committee, March 25-27, 1997. Findings and recommendations published in the Federal Register, May 1, 1997, vol. 62, no. 84, pp. 23794-23795. Action: The Review Committee determined that the Hawaiian figure is a sacred object, but that it cannot be identified as a funerary object or cultural patrimony. The Review Committee also determined that a relationship of shared group identity exists between the Native Hawaiian organizations claiming the figure and the Native Hawaiians who had created and used the figure. The Review Committee did not have sufficient information to make an advisory finding regarding right of possession to the figure. The Review Committee recommended that the city reconsider its determination regarding the figure and repatriate the figure to a Native Hawaiian organization.

003	Finished	Hopi Tribe and U.S. Department of the Interior, National Park Service, Chaco Culture National Historical Park	Issue: The Hopi Tribe requested the Review Committee's assistance regarding the process by which Chaco Culture National Historical Park made its determinations of cultural affiliation of human remains and associated funerary objects. Record: Minutes of the 17th meeting of the Review Committee, May 3-5, 1999, and the 18th meeting of the Review Committee, November 18-20, 1999. Findings and recommendations published in the Federal Register, February 10, 2000, vol. 65, no. 28, pp. 6621-6622. Action: The Review Committee found that the complaints of the Hopi Tribe had merit. The Review Committee recommended that the park should withdraw its published notice of inventory completion and reassess its determination of cultural affiliation.
005	Finished	Field Museum of Natural History and Oneida Nation of New York and Oneida Tribe of Wisconsin	Issue: The Field Museum requested the Review Committee's assistance regarding competing claims from the Oneida Nation of New York and Oneida Tribe of Wisconsin for an object of cultural patrimony. Record: Minutes of the 10th meeting of the Review Committee, October 16-18, 1995, and the 12th meeting of the Review Committee, November 1-3, 1996. Action: At the 12th meeting of the Review Committee, the Review Committee decided that a formal finding regarding the matter was not necessary, and recommended that the tribes reach agreement on arrangements for custody of the wampum belt.
006	Finished	Fallon Paiute- Shoshone Tribe and U.S. Department of the Interior, Bureau of Land Management, Nevada State Office	Issue: The Fallon Paiute-Shoshone Tribe requested the Review Committee's assistance regarding the cultural affiliation and disposition of human remains and associated funerary objects from Spirit Cave, NV. Record: Minutes of the 22nd meeting of the Review Committee, November 17-19, 2001. Findings and recommendations published in the Federal Register, April 10, 2002, vol. 67, no. 69, pp. 17463. Action: Six of the seven Review Committee members found that the preponderance of the evidence indicated a relationship of shared group identity between the human remains and the Fallon Paiute-Shoshone Tribe, and that the agency had not given fair and objective consideration and assessment of the available information in the case. By a six-to-one vote, the Review Committee recommended that the agency repatriate the Spirit Cave human remains and associated funerary objects. The minority opinion of the Review Committee was that good faith consultation will not always result in agreement among the consulting parties, and that the Fallon Paiute-Shoshone Tribe had demonstrated a "cultural relationship," but not a "cultural affiliation" with the human remains and associated funerary objects from Spirit Cave.

007	Finished	Pechanga Band of Luiseno Mission Indians and U.S. Department of Defense, U.S. Army Corps of Engineers	Issue: California Indian Legal Services, on behalf of the Pechanga Band of Luiseno Mission Indians, requested the Review Committee's assistance regarding the disposition of human remains and cultural items excavated by U.S. Army Corps of Engineers from a site near Lake Elsinore, CA. Action: Legal representation for the Pechanga Band of Luiseno Mission Indians informed the National NAGPRA program by telephone that the matter had been resolved. National NAGPRA has requested written confirmation.
009	Finished	Ho-Chunk Nation and Field Museum of Natural History	Issue: The Ho-Chunk Nation requested the Review Committee's assistance regarding a NAGPRA repatriation claim for the Thunder Clan War Bundle as a sacred object. The museum had determined that the object did not meet NAGPRA's criteria for repatriation and offered to repatriate it to the tribe under a compromise of claim, which the Ho-Chunk Nation declined. Record: Minutes of the 24th Review Committee meeting, November 8-9, 2002. Action: This request was withdrawn per a November 4, 2002, letter from the Ho-Chunk Nation Legislature and a November 9, 2002, Statement of Record from the Field Museum of Natural History.
015	Finished	Western Apache NAGPRA Working Group and Denver Art Museum	Issue: The Western Apache NAGPRA Working Group, on behalf of the five federally recognized Western Apache Tribes, requested the Review Committee's assistance regarding whether seven objects were cultural items under NAGPRA. Record: Minutes of the 23rd meeting of the Review Committee, May 31, June 1-2, 2002. Findings and recommendations published in the Federal Register, September 12, 2002, vol. 67, no. 177, pp. 57836-57837. Action: The Review Committee found that the information that the parties presented was sufficient to support a determination that the seven objects are sacred objects and cultural patrimony, as defined by NAGPRA. The Review Committee also reaffirmed the importance of ongoing consultation between the parties. The Review Committee recommended that the museum re-evaluate the determination for repatriation and inform the Review Committee of the museum's findings.

016	Finished (see 016 Pending, below)	Royal Hawaiian Academy of Traditional Arts and the Bishop Museum	Issue: The Royal Hawaiian Academy of Traditional Arts requested the Review Committee's assistance regarding the manner by which the Bishop Museum transferred custody of 83 cultural items to culturally affiliated claimants. Record: Minutes of the 24th meeting of the Review Committee, May 9-10, 2003. Findings and recommendations published in the Federal Register, August 20, 2003, vol. 68, no. 161, pp. 50179-50180. Minutes of the 25th meeting of the Review Committee, July 19, 2004, and the 26th meeting of the Review Committee, September 17-18, 2004. Action: By a six-to-one vote, the Review Committee found that the repatriation process used by the museum was flawed and remains incomplete, that the place and matter of return for the 83 cultural items had not been determined consistent with NAGPRA; and that the museum is responsible for the completion of the repatriation process. The Review Committee recommended that the museum renew the consultation process for repatriation, recall the loan of the 83 items that it had made to Hui Malama I Na Kupuna 'O Hawai'i Nei, and make the 83 items available to all parties in the consultation. The minority opinion of the Review Committee stated that the museum ro longer is a party to any dispute regarding the 83 cultural items. In July 2004, Hui Malama I Na Kupuna 'O Hawai'i Nei, another claimant for the cultural items, asked that the Review Committee reconsider the case and rescind its findings and recommendations.
004	Declined	U.S. Department of Defense, U.S. Marine Corps, and Ka Ohana Nui o Na Iwi Kupuna o Mokapu, Princess Nahoa Olelo o Kamehameha, Temple of Lono, and Eric Poohina (individual claimant)	Issue: The U.S. Marine Corps requested the Review Committee's assistance regarding multiple claims for human remains and associated funerary objects from Kaneohe Navel Air Station, Oahu, HI. Record: Minutes of the eighth meeting of the Review Committee, November 17-19, 1994. Action: The Review Committee declined to consider the matter and recommended that the U.S. Marine Corps retain possession of the human remains and associated funerary objects until the claimants agree upon the proper recipient(s).

Record: Documents on file with National NAGPRA; no Review Committee consideration of the request. 014	Declined	Hopi Tribe and U.S. Department of the Interior, National Park Service, Aztec Ruins National Monument	Issue: The Hopi Tribe requested the Review Committee's assistance regarding the process by which Aztec Ruins National Monument made its determinations of cultural affiliation of human remains and associated funerary objects. Per the dispute procedures, the Hopi Tribe requested an appeal of the NAGPRA Review Committee chair and DFO's decision. At the request of the Assistant Secretary for Fish and Wildlife and Parks, the Review Committee declined to consider the tribe's appeal because the Review Committee considered the same issues during the dispute between the Hopi Tribe and U.S. Department of the Interior, National Park Service, Chaco Culture National Historical Park (REQ003), and the Secretary supported the process by which the Chaco Culture National Historical Park Superintendent had made his cultural affiliation determinations; and because no new information would be presented in the present case.

Action: The DFO declined the tribe's request for the Review Committee to hear the proposed dispute because the case involves actions covered under Section 3 of NAGPRA that have been determined to be outside the Review Committee's explicit responsibilities. 016	Pending (see 016 Finished, above)	Hui Malama I Na Kupuna 'O Hawai'i Nei	Issue: Hui Malama I Na Kupuna 'O Hawai'i Nei asked the Review Committee to rescind or reconsider the Review Committee's findings and recommendations of dispute between Royal Hawaiian Academy of Traditional Arts and the Bishop Museum.
