TITLE 5 - GOVERNMENT ORGANIZATION AND EMPLOYEES

PART I - THE AGENCIES GENERALLY

CHAPTER 6 - THE ANALYSIS OF REGULATORY FUNCTIONS

-HEAD-

Sec. 601. Definitions

-STATUTE-

For purposes of this chapter -

(1) the term ''agency'' means an agency as defined in section

551(1) of this title;

(2) the term ''rule'' means any rule for which the agency

publishes a general notice of proposed rulemaking pursuant to

section 553(b) of this title, or any other law, including any

rule of general applicability governing Federal grants to State

and local governments for which the agency provides an

opportunity for notice and public comment, except that the term

''rule'' does not include a rule of particular applicability

relating to rates, wages, corporate or financial structures or

reorganizations thereof, prices, facilities, appliances,

services, or allowances therefor or to valuations, costs or

accounting, or practices relating to such rates, wages,

structures, prices, appliances, services, or allowances;

(3) the term ''small business'' has the same meaning as the

term ''small business concern'' under section 3 of the Small

Business Act, unless an agency, after consultation with the

Office of Advocacy of the Small Business Administration and after

opportunity for public comment, establishes one or more

definitions of such term which are appropriate to the activities

of the agency and publishes such definition(s) in the Federal

Register;

(4) the term ''small organization'' means any not-for-profit

enterprise which is independently owned and operated and is not

dominant in its field, unless an agency establishes, after

opportunity for public comment, one or more definitions of such

term which are appropriate to the activities of the agency and

publishes such definition(s) in the Federal Register;

(5) the term ''small governmental jurisdiction'' means

governments of cities, counties, towns, townships, villages,

school districts, or special districts, with a population of less

than fifty thousand, unless an agency establishes, after

opportunity for public comment, one or more definitions of such

term which are appropriate to the activities of the agency and

which are based on such factors as location in rural or sparsely

populated areas or limited revenues due to the population of such

jurisdiction, and publishes such definition(s) in the Federal

Register;

(6) the term ''small entity'' shall have the same meaning as

the terms ''small business'', ''small organization'' and ''small

governmental jurisdiction'' defined in paragraphs (3), (4) and

(5) of this section; and

(7) the term ''collection of information'' -

(A) means the obtaining, causing to be obtained, soliciting,

or requiring the disclosure to third parties or the public, of

facts or opinions by or for an agency, regardless of form or

format, calling for either -

(i) answers to identical questions posed to, or identical

reporting or recordkeeping requirements imposed on, 10 or

more persons, other than agencies, instrumentalities, or

employees of the United States; or

(ii) answers to questions posed to agencies,

instrumentalities, or employees of the United States which

are to be used for general statistical purposes; and

(B) shall not include a collection of information described

under section 3518(c)(1) of title 44, United States Code.

(8) Recordkeeping requirement. - The term ''recordkeeping

requirement'' means a requirement imposed by an agency on persons

to maintain specified records.

AMENDMENTS

1996 - Pars. (7), (8). Pub. L. 104-121 added pars. (7) and (8).

EFFECTIVE DATE OF 1996 AMENDMENT

Section 245 of title II of Pub. L. 104-121 provided that: ''This

subtitle (subtitle D (Sec. 241-245) of title II of Pub. L. 104-121,

amending this section and sections 603 to 605, 609, 611, and 612 of

this title and enacting provisions set out as a note under section

609 of this title) shall become effective on the expiration of 90

days after the date of enactment of this subtitle (Mar. 29, 1996),

except that such amendments shall not apply to interpretative rules

for which a notice of proposed rulemaking was published prior to

the date of enactment.''

EFFECTIVE DATE

Section 4 of Pub. L. 96-354 provided that: ''The provisions of

this Act (enacting this chapter) shall take effect January 1, 1981,

except that the requirements of sections 603 and 604 of title 5,

United States Code (as added by section 3 of this Act) shall apply

only to rules for which a notice of proposed rulemaking is issued

on or after January 1, 1981.''

SHORT TITLE OF 1996 AMENDMENT

Section 1 of Pub. L. 104-121 provided that: ''This Act (enacting

sections 801 to 808 of this title, section 657 of Title 15,

Commerce and Trade, and sections 1320b-15 and 1383e of Title 42,

The Public Health and Welfare, amending this section and sections

504, 603 to 605, 609, 611, and 612 of this title, sections 665e and

901 of Title 2, The Congress, section 648 of Title 15, section 2412

of Title 28, Judiciary and Judicial Procedure, section 3101 of

enacting provisions set out as notes under this section and

sections 504, 609, and 801 of this title and sections 401, 402,

403, 405, 902, 1305, 1320b-15, and 1382 of Title 42, amending

provisions set out as a note under section 631 of Title 15, and

repealing provisions set out as a note under section 425 of Title

42) may be cited as the 'Contract with America Advancement Act of

1996'.''

SHORT TITLE

Section 1 of Pub. L. 96-354 provided: ''That this Act (enacting

this chapter) may be cited as the 'Regulatory Flexibility Act'.''

SMALL BUSINESS REGULATORY FAIRNESS

Sections 201 to 224 of title II of Pub. L. 104-121 provided that:

''SEC. 201. SHORT TITLE.

''This title (enacting sections 801 to 808 of this title and

section 657 of Title 15, Commerce and Trade, amending this section,

sections 504, 603 to 605, 609, 611, and 612 of this title, section

648 of Title 15, and section 2412 of Title 28, Judiciary and

Judicial Procedure, enacting provisions set out as notes under this

section and sections 504, 609, and 801 of this title, and amending

provisions set out as a note under section 631 of Title 15) may be

cited as the 'Small Business Regulatory Enforcement Fairness Act of

1996'.

''SEC. 202. FINDINGS.

''Congress finds that -

''(1) a vibrant and growing small business sector is critical

to creating jobs in a dynamic economy;

''(2) small businesses bear a disproportionate share of

regulatory costs and burdens;

''(3) fundamental changes that are needed in the regulatory and

enforcement culture of Federal agencies to make agencies more

responsive to small business can be made without compromising the

statutory missions of the agencies;

''(4) three of the top recommendations of the 1995 White House

Conference on Small Business involve reforms to the way

government regulations are developed and enforced, and reductions

in government paperwork requirements;

''(5) the requirements of chapter 6 of title 5, United States

Code, have too often been ignored by government agencies,

resulting in greater regulatory burdens on small entities than

necessitated by statute; and

''(6) small entities should be given the opportunity to seek

judicial review of agency actions required by chapter 6 of title

5, United States Code.

''SEC. 203. PURPOSES.

''The purposes of this title are -

''(1) to implement certain recommendations of the 1995 White

House Conference on Small Business regarding the development and

enforcement of Federal regulations;

''(2) to provide for judicial review of chapter 6 of title 5,

United States Code;

''(3) to encourage the effective participation of small

businesses in the Federal regulatory process;

''(4) to simplify the language of Federal regulations affecting

small businesses;

''(5) to develop more accessible sources of information on

regulatory and reporting requirements for small businesses;

''(6) to create a more cooperative regulatory environment among

agencies and small businesses that is less punitive and more

solution-oriented; and

''(7) to make Federal regulators more accountable for their

enforcement actions by providing small entities with a meaningful

opportunity for redress of excessive enforcement activities.

''SUBTITLE A - REGULATORY COMPLIANCE SIMPLIFICATION

''SEC. 211. DEFINITIONS.

''For purposes of this subtitle -

''(1) the terms 'rule' and 'small entity' have the same

meanings as in section 601 of title 5, United States Code;

''(2) the term 'agency' has the same meaning as in section 551

''(3) the term 'small entity compliance guide' means a document

designated as such by an agency.

''SEC. 212. COMPLIANCE GUIDES.

''(a) Compliance Guide. - For each rule or group of related rules

for which an agency is required to prepare a final regulatory

flexibility analysis under section 604 of title 5, United States

Code, the agency shall publish one or more guides to assist small

entities in complying with the rule, and shall designate such

publications as 'small entity compliance guides'. The guides shall

explain the actions a small entity is required to take to comply

with a rule or group of rules. The agency shall, in its sole

discretion, taking into account the subject matter of the rule and

the language of relevant statutes, ensure that the guide is written

using sufficiently plain language likely to be understood by

affected small entities. Agencies may prepare separate guides

covering groups or classes of similarly affected small entities,

and may cooperate with associations of small entities to develop

and distribute such guides.

''(b) Comprehensive Source of Information. - Agencies shall

cooperate to make available to small entities through comprehensive

sources of information, the small entity compliance guides and all

other available information on statutory and regulatory

requirements affecting small entities.

''(c) Limitation on Judicial Review. - An agency's small entity

compliance guide shall not be subject to judicial review, except

that in any civil or administrative action against a small entity

for a violation occurring after the effective date of this section,

the content of the small entity compliance guide may be considered

as evidence of the reasonableness or appropriateness of any

proposed fines, penalties or damages.

''SEC. 213. INFORMAL SMALL ENTITY GUIDANCE.

''(a) General. - Whenever appropriate in the interest of

administering statutes and regulations within the jurisdiction of

an agency which regulates small entities, it shall be the practice

of the agency to answer inquiries by small entities concerning

information on, and advice about, compliance with such statutes and

regulations, interpreting and applying the law to specific sets of

facts supplied by the small entity. In any civil or administrative

action against a small entity, guidance given by an agency applying

the law to facts provided by the small entity may be considered as

evidence of the reasonableness or appropriateness of any proposed

fines, penalties or damages sought against such small entity.

''(b) Program. - Each agency regulating the activities of small

entities shall establish a program for responding to such inquiries

no later than 1 year after enactment of this section (Mar. 29,

1996), utilizing existing functions and personnel of the agency to

the extent practicable.

''(c) Reporting. - Each agency regulating the activities of small

business shall report to the Committee on Small Business and

Committee on Governmental Affairs of the Senate and the Committee

on Small Business and Committee on the Judiciary of the House of

Representatives no later than 2 years after the date of the

enactment of this section on the scope of the agency's program, the

number of small entities using the program, and the achievements of

the program to assist small entity compliance with agency

regulations.

''SEC. 214. SERVICES OF SMALL BUSINESS DEVELOPMENT CENTERS.

''(a) (Amended section 648 of Title 15, Commerce and Trade.)

''(b) Nothing in this Act (see Short Title of 1996 Amendment

note, above) in any way affects or limits the ability of other

technical assistance or extension programs to perform or continue

to perform services related to compliance assistance.

''SEC. 215. COOPERATION ON GUIDANCE.

''Agencies may, to the extent resources are available and where

appropriate, in cooperation with the States, develop guides that

fully integrate requirements of both Federal and State regulations

where regulations within an agency's area of interest at the

Federal and State levels impact small entities. Where regulations

vary among the States, separate guides may be created for separate

States in cooperation with State agencies.

''SEC. 216. EFFECTIVE DATE.

''This subtitle and the amendments made by this subtitle shall

take effect on the expiration of 90 days after the date of

enactment of this subtitle (Mar. 29, 1996).

''SUBTITLE B - REGULATORY ENFORCEMENT REFORMS

''SEC. 221. DEFINITIONS.

''For purposes of this subtitle -

''(1) the terms 'rule' and 'small entity' have the same

meanings as in section 601 of title 5, United States Code;

''(2) the term 'agency' has the same meaning as in section 551

of title 5, United States Code; and

''(3) the term 'small entity compliance guide' means a document designated as such by an agency.

''SEC. 222. SMALL BUSINESS AND AGRICULTURE ENFORCEMENT OMBUDSMAN.

''(Enacted section 657 of Title 15, Commerce and Trade.)

''SEC. 223. RIGHTS OF SMALL ENTITIES IN ENFORCEMENT ACTIONS.

''(a) In General. - Each agency regulating the activities of

small entities shall establish a policy or program within 1 year of

enactment of this section (Mar. 29, 1996) to provide for the

reduction, and under appropriate circumstances for the waiver, of

civil penalties for violations of a statutory or regulatory

requirement by a small entity. Under appropriate circumstances, an

agency may consider ability to pay in determining penalty

assessments on small entities.

''(b) Conditions and Exclusions. - Subject to the requirements or

limitations of other statutes, policies or programs established

under this section shall contain conditions or exclusions which may

include, but shall not be limited to -

''(1) requiring the small entity to correct the violation

within a reasonable correction period;

''(2) limiting the applicability to violations discovered

through participation by the small entity in a compliance

assistance or audit program operated or supported by the agency

or a State;

''(3) excluding small entities that have been subject to

multiple enforcement actions by the agency;

''(4) excluding violations involving willful or criminal

conduct;

 $^{\prime \, \prime}\,(5)$ excluding violations that pose serious health, safety or

environmental threats; and

''(6) requiring a good faith effort to comply with the law.

''(c) Reporting. - Agencies shall report to the Committee on

Small Business and Committee on Governmental Affairs of the Senate

and the Committee on Small Business and Committee on Judiciary of

the House of Representatives no later than 2 years after the date

of enactment of this section (Mar. 29, 1996) on the scope of their

program or policy, the number of enforcement actions against small

entities that qualified or failed to qualify for the program or

policy, and the total amount of penalty reductions and waivers.

''SEC. 224. EFFECTIVE DATE.

''This subtitle and the amendments made by this subtitle shall

take effect on the expiration of 90 days after the date of

enactment of this subtitle (Mar. 29, 1996).''

EFFECTS OF DEREGULATION ON RURAL AMERICA

Pub. L. 101-574, title III, Sec. 309, Nov. 15, 1990, 104 Stat.

2831, provided that:

''(a) Study. - The Office of Technology Assessment shall conduct

a study of the effects of deregulation on the economic vitality of

rural areas. Such study shall include, but not be limited to, a

thorough analysis of the impact of deregulation on -

''(1) the number of loans made by financial institutions to

small businesses located in rural areas, a change in the level of

security interests required for such loans, and the cost of such

loans to rural small businesses for creation and expansion;

''(2) airline service in cities and towns with populations of

100,000 or less, including airline fare, the number of flights

available, number of seats available, scheduling of flights,

continuity of service, number of markets being served by large

and small airlines, availability of nonstop service, availability

of direct service, number of economic cancellations, number of

flight delays, the types of airplanes used, and time delays;

''(3) the availability and costs of bus, rail and trucking

transportation for businesses located in rural areas;

''(4) the availability and costs of state-of-the-art

telecommunications services to small businesses located in rural

areas, including voice telephone service, private (not

multiparty) telephone service, reliable facsimile document and

data transmission, competitive long distance carriers, cellular

(mobile) telephone service, multifrequency tone signaling

services such as touchtone services, custom-calling services

(including three-way calling, call forwarding, and call waiting),

voicemail services, and 911 emergency services with automatic

number identification;

''(5) the availability and costs to rural schools, hospitals,

and other public facilities, of sending and receiving audio and

visual signals in cases where such ability will enhance the

quality of services provided to rural residents and businesses;

and

''(6) the availability and costs of services enumerated in

paragraphs (1) through (5) in urban areas compared to rural

areas.

''(b) Report. - Not later than 12 months after the date of

enactment of this title (Nov. 15, 1990), the Office of Technology

Assessment shall transmit to Congress a report on the results of

the study conducted under subsection (a) together with its

recommendations on how to address the problems facing small

businesses in rural areas.''

CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSE

Section 2 of Pub. L. 96-354 provided that:

''(a) The Congress finds and declares that -

''(1) when adopting regulations to protect the health, safety

and economic welfare of the Nation, Federal agencies should seek

to achieve statutory goals as effectively and efficiently as

possible without imposing unnecessary burdens on the public;

''(2) laws and regulations designed for application to large

scale entities have been applied uniformly to small businesses,

small organizations, and small governmental jurisdictions even

though the problems that gave rise to government action may not

have been caused by those smaller entities;

''(3) uniform Federal regulatory and reporting requirements

have in numerous instances imposed unnecessary and

disproportionately burdensome demands including legal, accounting

and consulting costs upon small businesses, small organizations,

and small governmental jurisdictions with limited resources;

''(4) the failure to recognize differences in the scale and

resources of regulated entities has in numerous instances

adversely affected competition in the marketplace, discouraged

innovation and restricted improvements in productivity;

''(5) unnecessary regulations create entry barriers in many

industries and discourage potential entrepreneurs from

introducing beneficial products and processes;

''(6) the practice of treating all regulated businesses,

organizations, and governmental jurisdictions as equivalent may

lead to inefficient use of regulatory agency resources,

enforcement problems, and, in some cases, to actions inconsistent

with the legislative intent of health, safety, environmental and

economic welfare legislation;

''(7) alternative regulatory approaches which do not conflict with the stated objectives of applicable statutes may be available which minimize the significant economic impact of rules on small businesses, small organizations, and small governmental

jurisdictions;

''(8) the process by which Federal regulations are developed

and adopted should be reformed to require agencies to solicit the

ideas and comments of small businesses, small organizations, and

small governmental jurisdictions to examine the impact of

proposed and existing rules on such entities, and to review the

continued need for existing rules.

''(b) It is the purpose of this Act (enacting this chapter) to

establish as a principle of regulatory issuance that agencies shall

endeavor, consistent with the objectives of the rule and of

applicable statutes, to fit regulatory and informational

requirements to the scale of the businesses, organizations, and

governmental jurisdictions subject to regulation. To achieve this

principle, agencies are required to solicit and consider flexible

regulatory proposals and to explain the rationale for their actions

to assure that such proposals are given serious consideration.''

EXECUTIVE ORDER NO. 12291

Ex. Ord. No. 12291, Feb. 17, 1981, 46 F.R. 13193, which

established requirements for agencies to follow in promulgating

regulations, reviewing existing regulations, and developing

legislative proposals concerning regulation, was revoked by **Ex**.

ord. No. 12866, Sec. 11, Sept. 30, 1993, 58 F.R. 51735, set out

below.

EXECUTIVE ORDER NO. 12498

Ex. Ord. No. 12498, Jan. 4, 1985, 50 F.R. 1036, which established

a regulatory planning process by which to develop and publish a

regulatory program for each year, was revoked by Ex. Ord. No.

12866, Sec. 11, Sept. 30, 1993, 58 F.R. 51735, set out below.

EX. ORD. NO. 12606. FAMILY CONSIDERATIONS IN POLICY FORMULATION AND

IMPLEMENTATION

Ex. Ord. No. 12606, Sept. 2, 1987, 52 F.R. 34188, provided:

By the authority vested in me as President by the Constitution

and laws of the United States of America, and in order to ensure

that the autonomy and rights of the family are considered in the

formulation and implementation of policies by Executive departments

and agencies, it is hereby ordered as follows:

Section 1. Family Policymaking Criteria. In formulating and

implementing policies and regulations that may have significant

impact on family formation, maintenance, and general well-being,

Executive departments and agencies shall, to the extent permitted

by law, assess such measures in light of the following questions:

(a) Does this action by government strengthen or erode the

stability of the family and, particularly, the marital commitment?

(b) Does this action strengthen or erode the authority and rights

of parents in the education, nurture, and supervision of their

children?

(c) Does this action help the family perform its functions, or

does it substitute governmental activity for the function?

(d) Does this action by government increase or decrease family

earnings? Do the proposed benefits of this action justify the

impact on the family budget?

(e) Can this activity be carried out by a lower level of

government or by the family itself?

(f) What message, intended or otherwise, does this program send

to the public concerning the status of the family?

(g) What message does it send to young people concerning the

relationship between their behavior, their personal responsibility,

and the norms of our society?

Sec. 2. Governmentwide Family Policy Coordination and Review.

(a) Executive departments and agencies shall identify proposed

regulatory and statutory provisions that may have significant

potential negative impact on the family well-being and provide

adequate rationale on why such proposal should be submitted. The

head of the department or agency, shall certify in writing that, to

the extent permitted by law, such measure has been assessed in

light of the criteria in Section 1 of this Order and how such

measures will enhance family well-being. Such certification shall

be transmitted to the Office of Management and Budget. Departments

and agencies shall give careful consideration to family-related

concerns and their impact in notices of proposed rulemaking and

messages transmitting legislative proposals to the Congress.

(b) The Office of Management and Budget shall, to the extent

permitted by law, take action to ensure that the policies of the

Executive departments and agencies are applied in light of the

criteria set forth in Section 1 of this Order.

(c) The Office of Policy Development shall assess existing and

proposed policies and regulations that impact family well-being in

light of the criteria established by Section 1 of this Order,

provide evaluations on those measures that have significant

potential impact on the family to the Office of Management and

Budget, and advise the President on policy and regulatory actions

that may be taken to strengthen the institutions of marriage and

family in America.

Sec. 3. Report. The Office of Policy Development shall submit

preliminary reports including specific recommendations to the

Domestic Policy Council and shall submit a final report to the

President no later than 180 days from the date of this Order. Each

year thereafter, a report, including recommendations shall be

submitted, through the Domestic Policy Council to the President.

Sec. 4. Judicial Review. This Order is intended to improve the

internal management of the Executive branch and is not intended to

create any right or benefit, substantive or procedural, enforceable

at law by a party against the United States, its agencies, its

officers, or any person.

Ronald Reagan.

EX. ORD. NO. 12612. FEDERALISM CONSIDERATIONS IN POLICY FORMULATION

AND IMPLEMENTATION

Ex. Ord. No. 12612, Oct. 26, 1987, 52 F.R. 41685, provided:

By the authority vested in me as President by the Constitution

and laws of the United States of America, and in order to restore

the division of governmental responsibilities between the national

government and the States that was intended by the Framers of the

Constitution and to ensure that the principles of federalism

established by the Framers guide the Executive departments and

agencies in the formulation and implementation of policies, it is

hereby ordered as follows:

Section 1. Definitions. For purposes of this Order:

(a) ''Policies that have federalism implications'' refers to

regulations, legislative comments or proposed legislation, and

other policy statements or actions that have substantial direct

effects on the States, on the relationship between the national

government and the States, or on the distribution of power and

responsibilities among the various levels of government.

(b) ''State'' or ''States'' refer to the States of the United

States of America, individually or collectively, and, where

relevant, to State governments, including units of local government

and other political subdivisions established by the States.

Sec. 2. Fundamental Federalism Principles. In formulating and

implementing policies that have federalism implications, Executive

departments and agencies shall be guided by the following

fundamental federalism principles:

(a) Federalism is rooted in the knowledge that our political

liberties are best assured by limiting the size and scope of the

national government.

(b) The people of the States created the national government when they delegated to it those enumerated governmental powers relating to matters beyond the competence of the individual States. All other sovereign powers, save those expressly prohibited the States

by the Constitution, are reserved to the States or to the people.

(c) The constitutional relationship among sovereign governments,

State and national, is formalized in and protected by the Tenth

Amendment to the Constitution.

(d) The people of the States are free, subject only to

restrictions in the Constitution itself or in constitutionally

authorized Acts of Congress, to define the moral, political, and

legal character of their lives.

(e) In most areas of governmental concern, the States uniquely

possess the constitutional authority, the resources, and the

competence to discern the sentiments of the people and to govern

accordingly. In Thomas Jefferson's words, the States are ''the

most competent administrations for our domestic concerns and the

surest bulwarks against antirepublican tendencies.''

(f) The nature of our constitutional system encourages a healthy

diversity in the public policies adopted by the people of the

several States according to their own conditions, needs, and

desires. In the search for enlightened public policy, individual

States and communities are free to experiment with a variety of

approaches to public issues.

(g) Acts of the national government - whether legislative,

executive, or judicial in nature - that exceed the enumerated

powers of that government under the Constitution violate the

principle of federalism established by the Framers.

(h) Policies of the national government should recognize the

responsibility of - and should encourage opportunities for -

individuals, families, neighborhoods, local governments, and

private associations to achieve their personal, social, and

economic objectives through cooperative effort.

(i) In the absence of clear constitutional or statutory

authority, the presumption of sovereignty should rest with the

individual States. Uncertainties regarding the legitimate authority

of the national government should be resolved against regulation at

the national level.

Sec. 3. Federalism Policymaking Criteria. In addition to the

fundamental federalism principles set forth in section 2, Executive

departments and agencies shall adhere, to the extent permitted by

law, to the following criteria when formulating and implementing

policies that have federalism implications:

(a) There should be strict adherence to constitutional

principles. Executive departments and agencies should closely

examine the constitutional and statutory authority supporting any

Federal action that would limit the policymaking discretion of the

States, and should carefully assess the necessity for such action.

To the extent practicable, the States should be consulted before

any such action is implemented. Executive Order No. 12372

(''Intergovernmental Review of Federal Programs'') (31 U.S.C. 6506

note) remains in effect for the programs and activities to which it

is applicable.

(b) Federal action limiting the policymaking discretion of the

States should be taken only where constitutional authority for the

action is clear and certain and the national activity is

necessitated by the presence of a problem of national scope. For

the purposes of this Order:

(1) It is important to recognize the distinction between problems

of national scope (which may justify Federal action) and problems

that are merely common to the States (which will not justify

Federal action because individual States, acting individually or

together, can effectively deal with them).

(2) Constitutional authority for Federal action is clear and

certain only when authority for the action may be found in a

specific provision of the Constitution, there is no provision in

the Constitution prohibiting Federal action, and the action does

not encroach upon authority reserved to the States.

(c) With respect to national policies administered by the States,

the national government should grant the States the maximum

administrative discretion possible. Intrusive, Federal oversight

of State administration is neither necessary nor desirable.

(d) When undertaking to formulate and implement policies that

have federalism implications, Executive departments and agencies

shall:

(1) Encourage States to develop their own policies to achieve

program objectives and to work with appropriate officials in other

States.

(2) Refrain, to the maximum extent possible, from establishing

uniform, national standards for programs and, when possible, defer

to the States to establish standards.

(3) When national standards are required, consult with

appropriate officials and organizations representing the States in

developing those standards.

Sec. 4. Special Requirements for Preemption. (a) To the extent

permitted by law, Executive departments and agencies shall

construe, in regulations and otherwise, a Federal statute to

preempt State law only when the statute contains an express

preemption provision or there is some other firm and palpable

evidence compelling the conclusion that the Congress intended

preemption of State law, or when the exercise of State authority

directly conflicts with the exercise of Federal authority under the Federal statute.

(b) Where a Federal statute does not preempt State law (as

addressed in subsection (a) of this section), Executive departments

and agencies shall construe any authorization in the statute for

the issuance of regulations as authorizing preemption of State law

by rule-making only when the statute expressly authorizes issuance

of preemptive regulations or there is some other firm and palpable

evidence compelling the conclusion that the Congress intended to

delegate to the department or agency the authority to issue

regulations preempting State law.

(c) Any regulatory preemption of State law shall be restricted to

the minimum level necessary to achieve the objectives of the

statute pursuant to which the regulations are promulgated.

(d) As soon as an Executive department or agency foresees the

possibility of a conflict between State law and Federally protected

interests within its area of regulatory responsibility, the

department or agency shall consult, to the extent practicable, with

appropriate officials and organizations representing the States in

an effort to avoid such a conflict.

(e) When an Executive department or agency proposes to act

through adjudication or rule-making to preempt State law, the

department or agency shall provide all affected States notice and

an opportunity for appropriate participation in the proceedings.

Sec. 5. Special Requirements for Legislative Proposals. Executive

departments and agencies shall not submit to the Congress

legislation that would:

(a) Directly regulate the States in ways that would interfere

with functions essential to the States' separate and independent

existence or operate to directly displace the States' freedom to

structure integral operations in areas of traditional governmental

(b) Attach to Federal grants conditions that are not directly

related to the purpose of the grant; or

(c) Preempt State law, unless preemption is consistent with the

fundamental federalism principles set forth in section 2, and

unless a clearly legitimate national purpose, consistent with the

federalism policymaking criteria set forth in section 3, cannot

otherwise be met.

Sec. 6. Agency Implementation. (a) The head of each Executive

department and agency shall designate an official to be responsible

for ensuring the implementation of this Order.

(b) In addition to whatever other actions the designated official

may take to ensure implementation of this Order, the designated

official shall determine which proposed policies have sufficient

federalism implications to warrant the preparation of a Federalism

Assessment. With respect to each such policy for which an

affirmative determination is made, a Federalism Assessment, as

described in subsection (c) of this section, shall be prepared.

The department or agency head shall consider any such Assessment in

all decisions involved in promulgating and implementing the policy.

(c) Each Federalism Assessment shall accompany any submission

concerning the policy that is made to the Office of Management and

Budget pursuant to Executive Order No. 12291 (formerly set out

above) or OMB Circular No. A-19, and shall:

(1) Contain the designated official's certification that the

policy has been assessed in light of the principles, criteria, and

requirements stated in sections 2 through 5 of this Order;

(2) Identify any provision or element of the policy that is

inconsistent with the principles, criteria, and requirements stated

in sections 2 through 5 of this Order;

(3) Identify the extent to which the policy imposes additional

costs or burdens on the States, including the likely source of

funding for the States and the ability of the States to fulfill the

purposes of the policy; and

(4) Identify the extent to which the policy would affect the

States' ability to discharge traditional State governmental

functions, or other aspects of State sovereignty.

Sec. 7. Government-wide Federalism Coordination and Review. (a)

In implementing Executive Order Nos. 12291 (formerly set out above)

and 12498 (formerly set out above) and OMB Circular No. A-19, the

Office of Management and Budget, to the extent permitted by law and

consistent with the provisions of those authorities, shall take

action to ensure that the policies of the Executive departments and

agencies are consistent with the principles, criteria, and

requirements stated in sections 2 through 5 of this Order.

(b) In submissions to the Office of Management and Budget

pursuant to Executive Order No. 12291 (formerly set out above) and

OMB Circular No. A-19, Executive departments and agencies shall

identify proposed regulatory and statutory provisions that have

significant federalism implications and shall address any

substantial federalism concerns. Where the departments or agencies

deem it appropriate, substantial federalism concerns should also be

addressed in notices of proposed rule-making and messages

transmitting legislative proposals to the Congress.

Sec. 8. Judicial Review. This Order is intended only to improve

the internal management of the Executive branch, and is not

intended to create any right or benefit, substantive or procedural,

enforceable at law by a party against the United States, its

agencies, its officers, or any person. Ronald Reagan.

EX. ORD. NO. 12630. GOVERNMENTAL ACTIONS AND INTERFERENCE WITH

CONSTITUTIONALLY PROTECTED PROPERTY RIGHTS

Ex. Ord. No. 12630, Mar. 15, 1988, 53 F.R. 8859, provided:

By the authority vested in me as President by the Constitution

and laws of the United States of America, and in order to ensure

that government actions are undertaken on a well-reasoned basis

with due regard for fiscal accountability, for the financial impact

of the obligations imposed on the Federal government by the Just

Compensation Clause of the Fifth Amendment, and for the

Constitution, it is hereby ordered as follows:

Section 1. Purpose. (a) The Fifth Amendment of the United States

Constitution provides that private property shall not be taken for

public use without just compensation. Government historically has

used the formal exercise of the power of eminent domain, which

provides orderly processes for paying just compensation, to acquire

private property for public use. Recent Supreme Court decisions,

however, in reaffirming the fundamental protection of private

property rights provided by the Fifth Amendment and in assessing

the nature of governmental actions that have an impact on

constitutionally protected property rights, have also reaffirmed

that governmental actions that do not formally invoke the

for which just compensation is required.

(b) Responsible fiscal management and fundamental principles of

good government require that government decision-makers evaluate

carefully the effect of their administrative, regulatory, and

legislative actions on constitutionally protected property rights.

Executive departments and agencies should review their actions

carefully to prevent unnecessary takings and should account in

decision-making for those takings that are necessitated by

statutory mandate.

(c) The purpose of this Order is to assist Federal departments

and agencies in undertaking such reviews and in proposing,

planning, and implementing actions with due regard for the

constitutional protections provided by the Fifth Amendment and to

reduce the risk of undue or inadvertent burdens on the public fisc

resulting from lawful governmental action. In furtherance of the

purpose of this Order, the Attorney General shall, consistent with

the principles stated herein and in consultation with the Executive

departments and agencies, promulgate Guidelines for the Evaluation

of Risk and Avoidance of Unanticipated Takings to which each

Executive department or agency shall refer in making the

evaluations required by this Order or in otherwise taking any

action that is the subject of this Order. The Guidelines shall be

promulgated no later than May 1, 1988, and shall be disseminated to

all units of each Executive department and agency no later than

July 1, 1988. The Attorney General shall, as necessary, update

these guidelines to reflect fundamental changes in takings law

occurring as a result of Supreme Court decisions.

Sec. 2. Definitions. For the purpose of this Order: (a)

''Policies that have takings implications'' refers to Federal

regulations, proposed Federal regulations, proposed Federal

legislation, comments on proposed Federal legislation, or other

Federal policy statements that, if implemented or enacted, could

effect a taking, such as rules and regulations that propose or

implement licensing, permitting, or other condition requirements or

limitations on private property use, or that require dedications or

exactions from owners of private property. ''Policies that have

takings implications'' does not include:

(1) Actions abolishing regulations, discontinuing governmental

programs, or modifying regulations in a manner that lessens

interference with the use of private property;

(2) Actions taken with respect to properties held in trust by the

United States or in preparation for or during treaty negotiations

with foreign nations;

(3) Law enforcement actions involving seizure, for violations of

law, of property for forfeiture or as evidence in criminal

proceedings;

(4) Studies or similar efforts or planning activities;

(5) Communications between Federal agencies or departments and

State or local land-use planning agencies regarding planned or

proposed State or local actions regulating private property

regardless of whether such communications are initiated by a

Federal agency or department or are undertaken in response to an

invitation by the State or local authority;

(6) The placement of military facilities or military activities

involving the use of Federal property alone; or

(7) Any military or foreign affairs functions (including

procurement functions thereunder) but not including the U.S. Army

Corps of Engineers civil works program.

(b) Private property refers to all property protected by the Just

Compensation Clause of the Fifth Amendment.

(c) ''Actions'' refers to proposed Federal regulations, proposed

Federal legislation, comments on proposed Federal legislation,

applications of Federal regulations to specific property, or

Federal governmental actions physically invading or occupying

private property, or other policy statements or actions related to

Federal regulation or direct physical invasion or occupancy, but

does not include:

(1) Actions in which the power of eminent domain is formally

exercised;

(2) Actions taken with respect to properties held in trust by the United States or in preparation for or during treaty negotiations with foreign nations;

(3) Law enforcement actions involving seizure, for violations of

law, of property for forfeiture or as evidence in criminal

proceedings;

(4) Studies or similar efforts or planning activities;

(5) Communications between Federal agencies or departments and

State or local land-use planning agencies regarding planned or

proposed State or local actions regulating private property

regardless of whether such communications are initiated by a

Federal agency or department or are undertaken in response to an

invitation by the State or local authority;

(6) The placement of military facilities or military activities

involving the use of Federal property alone; or

(7) Any military or foreign affairs functions (including

procurement functions thereunder), but not including the U.S. Army

Corps of Engineers civil works program.

Sec. 3. General Principles. In formulating or implementing

policies that have takings implications, each Executive department

and agency shall be guided by the following general principles:

(a) Governmental officials should be sensitive to, anticipate,

and account for, the obligations imposed by the Just Compensation

Clause of the Fifth Amendment in planning and carrying out

governmental actions so that they do not result in the imposition

of unanticipated or undue additional burdens on the public fisc.

(b) Actions undertaken by governmental officials that result in a

physical invasion or occupancy of private property, and regulations

imposed on private property that substantially affect its value or

use, may constitute a taking of property. Further, governmental

action may amount to a taking even though the action results in

less than a complete deprivation of all use or value, or of all

separate and distinct interests in the same private property and

even if the action constituting a taking is temporary in nature.

(c) Government officials whose actions are taken specifically for

purposes of protecting public health and safety are ordinarily

given broader latitude by courts before their actions are

considered to be takings. However, the mere assertion of a public

health and safety purpose is insufficient to avoid a taking.

Actions to which this Order applies asserted to be for the

protection of public health and safety, therefore, should be

undertaken only in response to real and substantial threats to

public health and safety, be designed to advance significantly the

health and safety purpose, and be no greater than is necessary to

achieve the health and safety purpose.

(d) While normal governmental processes do not ordinarily effect

takings, undue delays in decision-making during which private

property use if interfered with carry a risk of being held to be

takings. Additionally, a delay in processing may increase

significantly the size of compensation due if a taking is later

found to have occurred.

(e) The Just Compensation Clause is self-actuating, requiring

that compensation be paid whenever governmental action results in a

taking of private property regardless of whether the underlying

authority for the action contemplated a taking or authorized the

payment of compensation. Accordingly, governmental actions that

may have a significant impact on the use or value of private

property should be scrutinized to avoid undue or unplanned burdens

on the public fisc.

Sec. 4. Department and Agency Action. In addition to the

fundamental principles set forth in Section 3, Executive

departments and agencies shall adhere, to the extent permitted by

law, to the following criteria when implementing policies that have

takings implications:

(a) When an Executive department or agency requires a private

party to obtain a permit in order to undertake a specific use of,

or action with respect to, private property, any conditions imposed

on the granting of a permit shall:

(1) Serve the same purpose that would have been served by a

prohibition of the use or action; and

(2) Substantially advance that purpose.

(b) When a proposed action would place a restriction on a use of

private property, the restriction imposed on the use shall not be

disproportionate to the extent to which the use contributes to the

overall problem that the restriction is imposed to redress.

(c) When a proposed action involves a permitting process or any

other decision-making process that will interfere with, or

otherwise prohibit, the use of private property pending the

completion of the process, the duration of the process shall be

kept to the minimum necessary.

(d) Before undertaking any proposed action regulating private property use for the protection of public health or safety, the Executive department or agency involved shall, in internal

deliberative documents and any submissions to the Director of the

Office of Management and Budget that are required:

(1) Identify clearly, with as much specificity as possible, the

public health or safety risk created by the private property use

that is the subject of the proposed action;

(2) Establish that such proposed action substantially advances

the purpose of protecting public health and safety against the

specifically identified risk;

(3) Establish to the extent possible that the restrictions

imposed on the private property are not disproportionate to the

extent to which the use contributes to the overall risk; and

(4) Estimate, to the extent possible, the potential cost to the

government in the event that a court later determines that the

action constituted a taking.

In instances in which there is an immediate threat to health and safety that constitutes an emergency requiring immediate response,

this analysis may be done upon completion of the emergency action.

Sec. 5. Executive Department and Agency Implementation. (a) The

head of each Executive department and agency shall designate an

official to be responsible for ensuring compliance with this Order

with respect to the actions of the department or agency.

(b) Executive departments and agencies shall, to the extent

permitted by law, identify the takings implications of proposed

regulatory actions and address the merits of those actions in light

of the identified takings implications, if any, in all required

submissions made to the Office of Management and Budget.

Significant takings implications should also be identified and

discussed in notices of proposed rule-making and messages

transmitting legislative proposals to the Congress stating the

departments' and agencies' conclusions on the takings issues.

(c) Executive departments and agencies shall identify each

existing Federal rule and regulation against which a takings award

has been made or against which a takings claim is pending including

the amount of each claim or award. A ''takings'' award has been

made or a ''takings'' claim pending if the award was made, or the

pending claim brought, pursuant to the Just Compensation Clause of

the Fifth Amendment. An itemized compilation of all such awards

made in Fiscal Years 1985, 1986, and 1987 and all such pending

claims shall be submitted to the Director, Office of Management and

Budget, on or before May 16, 1988.

(d) Each Executive department and agency shall submit annually to

the Director, Office of Management and Budget, and to the Attorney

General an itemized compilation of all awards of just compensation

entered against the United States for takings, including awards of

interest as well as monies paid pursuant to the provisions of the

Uniform Relocation Assistance and Real Property Acquisition

Policies Act of 1970, 42 U.S.C. 4601.

(e)(1) The Director, Office of Management and Budget, and the

Attorney General shall each, to the extent permitted by law, take

action to ensure that the policies of the Executive departments and

agencies are consistent with the principles, criteria, and

requirements stated in Sections 1 through 5 of this Order, and the

Office of Management and Budget shall take action to ensure that

all takings awards levied against agencies are properly accounted

for in agency budget submissions.

(2) In addition to the quidelines required by Section 1 of this

Order, the Attorney General shall, in consultation with each

Executive department and agency to which this Order applies,

promulgate such supplemental guidelines as may be appropriate to

the specific obligations of that department or agency.

Sec. 6. Judicial Review. This Order is intended only to improve

the internal management of the Executive branch and is not intended

to create any right or benefit, substantive or procedural,

enforceable at law by a party against the United States, its

agencies, its officers, or any person. Ronald Reagan.

EX. ORD. NO. 12861. ELIMINATION OF ONE-HALF OF EXECUTIVE BRANCH

INTERNAL REGULATIONS

Ex. Ord. No. 12861, Sept. 11, 1993, 58 F.R. 48255, provided:

By the authority vested in me as President by the Constitution

and the laws of the United States of America, including section 301

of title 3, United States Code, and section 1111 of title 31,

United States Code, and to cut 50 percent of the executive branch's

internal regulations in order to streamline and improve customer

service to the American people, it is hereby ordered as follows:

Section 1. Regulatory Reductions. Each executive department and

agency shall undertake to eliminate not less than 50 percent of its

civilian internal management regulations that are not required by

law within 3 years of the effective date of this order. An agency

internal management regulation, for the purposes of this order,

means an agency directive or regulation that pertains to its

organization, management, or personnel matters. Reductions in

agency internal management regulations shall be concentrated in

areas that will result in the greatest improvement in productivity,

streamlining of operations, and improvement in customer service.

Sec. 2. Coverage. This order applies to all executive branch

departments and agencies.

Sec. 3. Implementation. The Director of the Office of Management

and Budget shall issue instructions regarding the implementation of

this order, including exemptions necessary for the delivery of

essential services and compliance with applicable law.

Sec. 4. Independent Agencies. All independent regulatory

commissions and agencies are requested to comply with the

provisions of this order. William J. Clinton.

EX. ORD. NO. 12866. REGULATORY PLANNING AND REVIEW

Ex. Ord. No. 12866, Sept. 30, 1993, 58 F.R. 51735, provided:

The American people deserve a regulatory system that works for

them, not against them: a regulatory system that protects and

improves their health, safety, environment, and well-being and

improves the performance of the economy without imposing

unacceptable or unreasonable costs on society; regulatory policies

that recognize that the private sector and private markets are the

best engine for economic growth; regulatory approaches that respect

the role of State, local, and tribal governments; and regulations

that are effective, consistent, sensible, and understandable. We

do not have such a regulatory system today.

With this Executive order, the Federal Government begins a

program to reform and make more efficient the regulatory process.

The objectives of this Executive order are to enhance planning and

coordination with respect to both new and existing regulations; to

reaffirm the primacy of Federal agencies in the regulatory

decision-making process; to restore the integrity and legitimacy of

regulatory review and oversight; and to make the process more

accessible and open to the public. In pursuing these objectives,

the regulatory process shall be conducted so as to meet applicable

statutory requirements and with due regard to the discretion that

has been entrusted to the Federal agencies.

Accordingly, by the authority vested in me as President by the

Constitution and the laws of the United States of America, it is

hereby ordered as follows:

Section 1. Statement of Regulatory Philosophy and Principles.

(a) The Regulatory Philosophy. Federal agencies should promulgate

only such regulations as are required by law, are necessary to

interpret the law, or are made necessary by compelling public need,

such as material failures of private markets to protect or improve

the health and safety of the public, the environment, or the

well-being of the American people. In deciding whether and how to

regulate, agencies should assess all costs and benefits of

available regulatory alternatives, including the alternative of not

regulating. Costs and benefits shall be understood to include both

quantifiable measures (to the fullest extent that these can be

usefully estimated) and qualitative measures of costs and benefits

that are difficult to quantify, but nevertheless essential to

consider. Further, in choosing among alternative regulatory

approaches, agencies should select those approaches that maximize

net benefits (including potential economic, environmental, public

health and safety, and other advantages; distributive impacts; and

equity), unless a statute requires another regulatory approach.

(b) The Principles of Regulation. To ensure that the agencies'

regulatory programs are consistent with the philosophy set forth

above, agencies should adhere to the following principles, to the

extent permitted by law and where applicable:

(1) Each agency shall identify the problem that it intends to address (including, where applicable, the failures of private markets or public institutions that warrant new agency action) as well as assess the significance of that problem.

(2) Each agency shall examine whether existing regulations (or

other law) have created, or contributed to, the problem that a new

regulation is intended to correct and whether those regulations (or

other law) should be modified to achieve the intended goal of

regulation more effectively.

(3) Each agency shall identify and assess available alternatives

to direct regulation, including providing economic incentives to

encourage the desired behavior, such as user fees or marketable

permits, or providing information upon which choices can be made by the public.

(4) In setting regulatory priorities, each agency shall consider,

to the extent reasonable, the degree and nature of the risks posed

by various substances or activities within its jurisdiction.

(5) When an agency determines that a regulation is the best

available method of achieving the regulatory objective, it shall

design its regulations in the most cost-effective manner to achieve

the regulatory objective. In doing so, each agency shall consider

incentives for innovation, consistency, predictability, the costs

of enforcement and compliance (to the government, regulated

entities, and the public), flexibility, distributive impacts, and equity.

(6) Each agency shall assess both the costs and the benefits of

the intended regulation and, recognizing that some costs and

benefits are difficult to quantify, propose or adopt a regulation

only upon a reasoned determination that the benefits of the

intended regulation justify its costs.

(7) Each agency shall base its decisions on the best reasonably obtainable scientific, technical, economic, and other information concerning the need for, and consequences of, the intended

regulation.

(8) Each agency shall identify and assess alternative forms of regulation and shall, to the extent feasible, specify performance objectives, rather than specifying the behavior or manner of

compliance that regulated entities must adopt.

(9) Wherever feasible, agencies shall seek views of appropriate

State, local, and tribal officials before imposing regulatory

requirements that might significantly or uniquely affect those

governmental entities. Each agency shall assess the effects of

Federal regulations on State, local, and tribal governments,

including specifically the availability of resources to carry out

those mandates, and seek to minimize those burdens that uniquely or

significantly affect such governmental entities, consistent with

achieving regulatory objectives. In addition, as appropriate,

agencies shall seek to harmonize Federal regulatory actions with related State, local, and tribal regulatory and other governmental

functions.

(10) Each agency shall avoid regulations that are inconsistent,

incompatible, or duplicative with its other regulations or those of other Federal agencies.

(11) Each agency shall tailor its regulations to impose the least

burden on society, including individuals, businesses of differing

sizes, and other entities (including small communities and

governmental entities), consistent with obtaining the regulatory

objectives, taking into account, among other things, and to the

extent practicable, the costs of cumulative regulations.

(12) Each agency shall draft its regulations to be simple and

easy to understand, with the goal of minimizing the potential for uncertainty and litigation arising from such uncertainty.

Sec. 2. Organization. An efficient regulatory planning and review process is vital to ensure that the Federal Government's regulatory system best serves the American people.

(a) The Agencies. Because Federal agencies are the repositories
of significant substantive expertise and experience, they are
responsible for developing regulations and assuring that the
regulations are consistent with applicable law, the President's
priorities, and the principles set forth in this Executive order.
(b) The Office of Management and Budget. Coordinated review of

agency rulemaking is necessary to ensure that regulations are

consistent with applicable law, the President's priorities, and the

principles set forth in this Executive order, and that decisions

made by one agency do not conflict with the policies or actions

taken or planned by another agency. The Office of Management and

Budget (OMB) shall carry out that review function. Within OMB, the

Office of Information and Regulatory Affairs (OIRA) is the

repository of expertise concerning regulatory issues, including methodologies and procedures that affect more than one agency, this Executive order, and the President's regulatory policies. To the extent permitted by law, OMB shall provide guidance to agencies and assist the President, the Vice President, and other regulatory

policy advisors to the President in regulatory planning and shall

be the entity that reviews individual regulations, as provided by

this Executive order.

(c) The Vice President. The Vice President is the principal advisor to the President on, and shall coordinate the development and presentation of recommendations concerning, regulatory policy,

planning, and review, as set forth in this Executive order. In

fulfilling their responsibilities under this Executive order, the

President and the Vice President shall be assisted by the

regulatory policy advisors within the Executive Office of the

President and by such agency officials and personnel as the

President and the Vice President may, from time to time, consult.

Sec. 3. Definitions. For purposes of this Executive order:

(a) ''Advisors'' refers to such regulatory policy advisors to the

President as the President and Vice President may from time to time

consult, including, among others: (1) the Director of OMB; (2) the

Chair (or another member) of the Council of Economic Advisers; (3)

the Assistant to the President for Economic Policy; (4) the

Assistant to the President for Domestic Policy; (5) the Assistant

to the President for National Security Affairs; (6) the Assistant

to the President for Science and Technology; (7) the Assistant to

the President for Intergovernmental Affairs; (8) the Assistant to

the President and Staff Secretary; (9) the Assistant to the

President and Chief of Staff to the Vice President; (10) the

Assistant to the President and Counsel to the President; (11) the

Deputy Assistant to the President and Director of the White House

Office on Environmental Policy; and (12) the Administrator of OIRA,

who also shall coordinate communications relating to this Executive

order among the agencies, OMB, the other Advisors, and the Office

of the Vice President.

(b) ''Agency,'' unless otherwise indicated, means any authority

of the United States that is an ''agency'' under 44 U.S.C. 3502(1),

other than those considered to be independent regulatory agencies,

as defined in 44 U.S.C. 3502(10).

(c) ''Director'' means the Director of OMB.

(d) ''Regulation'' or ''rule'' means an agency statement of

general applicability and future effect, which the agency intends

to have the force and effect of law, that is designed to implement,

interpret, or prescribe law or policy or to describe the procedure

or practice requirements of an agency. It does not, however,

include:

(1) Regulations or rules issued in accordance with the formal

rulemaking provisions of 5 U.S.C. 556, 557;

(2) Regulations or rules that pertain to a military or foreign

affairs function of the United States, other than procurement

regulations and regulations involving the import or export of

non-defense articles and services;

(3) Regulations or rules that are limited to agency organization,

management, or personnel matters; or

(4) Any other category of regulations exempted by the

Administrator of OIRA.

(e) ''Regulatory action'' means any substantive action by an

agency (normally published in the Federal Register) that

promulgates or is expected to lead to the promulgation of a final

rule or regulation, including notices of inquiry, advance notices

of proposed rulemaking, and notices of proposed rulemaking.

(f) ''Significant regulatory action'' means any regulatory action

that is likely to result in a rule that may:

(1) Have an annual effect on the economy of \$100 million or more

or adversely affect in a material way the economy, a sector of the

economy, productivity, competition, jobs, the environment, public

health or safety, or State, local, or tribal governments or

communities;

 $(\ensuremath{\left(2\right)}$ Create a serious inconsistency or otherwise interfere with an

action taken or planned by another agency;

(3) Materially alter the budgetary impact of entitlements,

grants, user fees, or loan programs or the rights and obligations

of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal

mandates, the President's priorities, or the principles set forth

in this Executive order.

Sec. 4. Planning Mechanism. In order to have an effective

regulatory program, to provide for coordination of regulations, to

maximize consultation and the resolution of potential conflicts at

an early stage, to involve the public and its State, local, and

tribal officials in regulatory planning, and to ensure that new or

revised regulations promote the President's priorities and the

principles set forth in this Executive order, these procedures

shall be followed, to the extent permitted by law:

(a) Agencies' Policy Meeting. Early in each year's planning

cycle, the Vice President shall convene a meeting of the Advisors

and the heads of agencies to seek a common understanding of

priorities and to coordinate regulatory efforts to be accomplished

in the upcoming year.

(b) Unified Regulatory Agenda. For purposes of this subsection,

the term ''agency'' or ''agencies'' shall also include those

considered to be independent regulatory agencies, as defined in 44

U.S.C. 3502(10). Each agency shall prepare an agenda of all

regulations under development or review, at a time and in a manner

specified by the Administrator of OIRA. The description of each

regulatory action shall contain, at a minimum, a regulation

identifier number, a brief summary of the action, the legal

authority for the action, any legal deadline for the action, and

the name and telephone number of a knowledgeable agency official.

Agencies may incorporate the information required under 5 U.S.C.

602 and (former) 41 U.S.C. 402 into these agendas.

(c) The Regulatory Plan. For purposes of this subsection, the

term ''agency'' or ''agencies'' shall also include those considered

to be independent regulatory agencies, as defined in 44 U.S.C.

3502(10). (1) As part of the Unified Regulatory Agenda, beginning

in 1994, each agency shall prepare a Regulatory Plan (Plan) of the

most important significant regulatory actions that the agency

reasonably expects to issue in proposed or final form in that

fiscal year or thereafter. The Plan shall be approved personally

by the agency head and shall contain at a minimum:

(A) A statement of the agency's regulatory objectives and

priorities and how they relate to the President's priorities;

(B) A summary of each planned significant regulatory action

including, to the extent possible, alternatives to be considered

and preliminary estimates of the anticipated costs and benefits;

(C) A summary of the legal basis for each such action, including

whether any aspect of the action is required by statute or court

order;

(D) A statement of the need for each such action and, if

applicable, how the action will reduce risks to public health,

safety, or the environment, as well as how the magnitude of the

risk addressed by the action relates to other risks within the

jurisdiction of the agency;

(E) The agency's schedule for action, including a statement of

any applicable statutory or judicial deadlines; and

(F) The name, address, and telephone number of a person the

public may contact for additional information about the planned regulatory action.

(2) Each agency shall forward its Plan to OIRA by June 1st of each year.

(3) Within 10 calendar days after OIRA has received an agency's Plan, OIRA shall circulate it to other affected agencies, the Advisors, and the Vice President.

(4) An agency head who believes that a planned regulatory action of another agency may conflict with its own policy or action taken or planned shall promptly notify, in writing, the Administrator of OIRA, who shall forward that communication to the issuing agency,

the Advisors, and the Vice President.

(5) If the Administrator of OIRA believes that a planned

regulatory action of an agency may be inconsistent with the

President's priorities or the principles set forth in this

Executive order or may be in conflict with any policy or action

taken or planned by another agency, the Administrator of OIRA shall

promptly notify, in writing, the affected agencies, the Advisors,

and the Vice President.

(6) The Vice President, with the Advisors' assistance, may

consult with the heads of agencies with respect to their Plans and,

in appropriate instances, request further consideration or

inter-agency coordination.

(7) The Plans developed by the issuing agency shall be published annually in the October publication of the Unified Regulatory Agenda. This publication shall be made available to the Congress; State, local, and tribal governments; and the public. Any views on any aspect of any agency Plan, including whether any planned

regulatory action might conflict with any other planned or existing

regulation, impose any unintended consequences on the public, or

confer any unclaimed benefits on the public, should be directed to

the issuing agency, with a copy to OIRA.

(d) Regulatory Working Group. Within 30 days of the date of this

Executive order, the Administrator of OIRA shall convene a

Regulatory Working Group (''Working Group''), which shall consist

of representatives of the heads of each agency that the

Administrator determines to have significant domestic regulatory

responsibility, the Advisors, and the Vice President. The

Administrator of OIRA shall chair the Working Group and shall

periodically advise the Vice President on the activities of the

Working Group. The Working Group shall serve as a forum to assist

agencies in identifying and analyzing important regulatory issues

(including, among others (1) the development of innovative

regulatory techniques, (2) the methods, efficacy, and utility of

comparative risk assessment in regulatory decision-making, and (3)

the development of short forms and other streamlined regulatory

approaches for small businesses and other entities). The Working

Group shall meet at least quarterly and may meet as a whole or in

subgroups of agencies with an interest in particular issues or

subject areas. To inform its discussions, the Working Group may

commission analytical studies and reports by OIRA, the

Administrative Conference of the United States, or any other

agency.

(e) Conferences. The Administrator of OIRA shall meet quarterly

with representatives of State, local, and tribal governments to

identify both existing and proposed regulations that may uniquely

or significantly affect those governmental entities. The

Administrator of OIRA shall also convene, from time to time,

conferences with representatives of businesses, nongovernmental

organizations, and the public to discuss regulatory issues of

common concern.

Sec. 5. Existing Regulations. In order to reduce the regulatory

burden on the American people, their families, their communities,

their State, local, and tribal governments, and their industries;

to determine whether regulations promulgated by the executive

branch of the Federal Government have become unjustified or

unnecessary as a result of changed circumstances; to confirm that regulations are both compatible with each other and not duplicative or inappropriately burdensome in the aggregate; to ensure that all regulations are consistent with the President's priorities and the principles set forth in this Executive order, within applicable law; and to otherwise improve the effectiveness of existing regulations: (a) Within 90 days of the date of this Executive order, each agency shall submit to OIRA a program, consistent with its resources and regulatory priorities, under which the agency will periodically review its existing significant regulations to determine whether any such regulations should be modified or

eliminated so as to make the agency's regulatory program more

effective in achieving the regulatory objectives, less burdensome,

or in greater alignment with the President's priorities and the

principles set forth in this Executive order. Any significant

regulations selected for review shall be included in the agency's

annual Plan. The agency shall also identify any legislative

mandates that require the agency to promulgate or continue to

impose regulations that the agency believes are unnecessary or

outdated by reason of changed circumstances.

(b) The Administrator of OIRA shall work with the Regulatory

Working Group and other interested entities to pursue the objectives of this section. State, local, and tribal governments are specifically encouraged to assist in the identification of

regulations that impose significant or unique burdens on those

governmental entities and that appear to have outlived their

justification or be otherwise inconsistent with the public

interest.

(c) The Vice President, in consultation with the Advisors, may

identify for review by the appropriate agency or agencies other

existing regulations of an agency or groups of regulations of more

than one agency that affect a particular group, industry, or sector

of the economy, or may identify legislative mandates that may be

appropriate for reconsideration by the Congress.

Sec. 6. Centralized Review of Regulations. The guidelines set

forth below shall apply to all regulatory actions, for both new and

existing regulations, by agencies other than those agencies

specifically exempted by the Administrator of OIRA:

(a) Agency Responsibilities. (1) Each agency shall (consistent

with its own rules, regulations, or procedures) provide the public

with meaningful participation in the regulatory process. In

particular, before issuing a notice of proposed rulemaking, each

agency should, where appropriate, seek the involvement of those who

are intended to benefit from and those expected to be burdened by

any regulation (including, specifically, State, local, and tribal

officials). In addition, each agency should afford the public a

meaningful opportunity to comment on any proposed regulation, which

in most cases should include a comment period of not less than 60

days. Each agency also is directed to explore and, where

appropriate, use consensual mechanisms for developing regulations,

including negotiated rulemaking.

(2) Within 60 days of the date of this Executive order, each

agency head shall designate a Regulatory Policy Officer who shall

report to the agency head. The Regulatory Policy Officer shall be

involved at each stage of the regulatory process to foster the

development of effective, innovative, and least burdensome

regulations and to further the principles set forth in this

Executive order.

(3) In addition to adhering to its own rules and procedures and

to the requirements of the Administrative Procedure Act (5 U.S.C.

551 et seq., 701 et seq.), the Regulatory Flexibility Act (5 U.S.C.

601 et seq.), the Paperwork Reduction Act (44 U.S.C. 3501 et seq.),

and other applicable law, each agency shall develop its regulatory

actions in a timely fashion and adhere to the following procedures

with respect to a regulatory action:

(A) Each agency shall provide OIRA, at such times and in the manner specified by the Administrator of OIRA, with a list of its planned regulatory actions, indicating those which the agency believes are significant regulatory actions within the meaning of this Executive order. Absent a material change in the development of the planned regulatory action, those not designated as significant will not be subject to review under this section unless, within 10 working days of receipt of the list, the Administrator of OIRA notifies the agency that OIRA has determined that a planned regulation is a significant regulatory action within the meaning of this Executive order. The Administrator of OIRA may waive review of any planned regulatory action designated by the

agency as significant, in which case the agency need not further

comply with subsection (a)(3)(B) or subsection (a)(3)(C) of this

section.

(B) For each matter identified as, or determined by the

Administrator of OIRA to be, a significant regulatory action, the

issuing agency shall provide to OIRA:

(i) The text of the draft regulatory action, together with a

reasonably detailed description of the need for the regulatory

action and an explanation of how the regulatory action will meet

that need; and

(ii) An assessment of the potential costs and benefits of the

regulatory action, including an explanation of the manner in which

the regulatory action is consistent with a statutory mandate and,

to the extent permitted by law, promotes the President's priorities

and avoids undue interference with State, local, and tribal

governments in the exercise of their governmental functions.

(C) For those matters identified as, or determined by the

Administrator of OIRA to be, a significant regulatory action within

the scope of section 3(f)(1), the agency shall also provide to OIRA

the following additional information developed as part of the

agency's decision-making process (unless prohibited by law):

(i) An assessment, including the underlying analysis, of benefits

anticipated from the regulatory action (such as, but not limited

to, the promotion of the efficient functioning of the economy and

private markets, the enhancement of health and safety, the

protection of the natural environment, and the elimination or

reduction of discrimination or bias) together with, to the extent

feasible, a quantification of those benefits;

(ii) An assessment, including the underlying analysis, of costs

anticipated from the regulatory action (such as, but not limited

to, the direct cost both to the government in administering the

regulation and to businesses and others in complying with the

regulation, and any adverse effects on the efficient functioning of

the economy, private markets (including productivity, employment,

and competitiveness), health, safety, and the natural environment),

together with, to the extent feasible, a quantification of those

costs; and

(iii) An assessment, including the underlying analysis, of costs
and benefits of potentially effective and reasonably feasible
alternatives to the planned regulation, identified by the agencies
or the public (including improving the current regulation and
reasonably viable nonregulatory actions), and an explanation why
the planned regulatory action is preferable to the identified
potential alternatives.
(D) In emergency situations or when an agency is obligated by law

to act more quickly than normal review procedures allow, the agency

shall notify OIRA as soon as possible and, to the extent

practicable, comply with subsections (a)(3)(B) and (C) of this

section. For those regulatory actions that are governed by a

statutory or court-imposed deadline, the agency shall, to the

extent practicable, schedule rulemaking proceedings so as to permit

sufficient time for OIRA to conduct its review, as set forth below

in subsection (b)(2) through (4) of this section.

(E) After the regulatory action has been published in the Federal Register or otherwise issued to the public, the agency shall:

(i) Make available to the public the information set forth in

subsections (a)(3)(B) and (C);

(ii) Identify for the public, in a complete, clear, and simple

manner, the substantive changes between the draft submitted to OIRA

for review and the action subsequently announced; and

(iii) Identify for the public those changes in the regulatory

action that were made at the suggestion or recommendation of OIRA.

(F) All information provided to the public by the agency shall be

in plain, understandable language.

(b) OIRA Responsibilities. The Administrator of OIRA shall

provide meaningful guidance and oversight so that each agency's

regulatory actions are consistent with applicable law, the

President's priorities, and the principles set forth in this

Executive order and do not conflict with the policies or actions of another agency. OIRA shall, to the extent permitted by law, adhere to the following guidelines:

(1) OIRA may review only actions identified by the agency or byOIRA as significant regulatory actions under subsection (a)(3)(A)

of this section.

(2) OIRA shall waive review or notify the agency in writing of

the results of its review within the following time periods:

(A) For any notices of inquiry, advance notices of proposed

rulemaking, or other preliminary regulatory actions prior to a

Notice of Proposed Rulemaking, within 10 working days after the

date of submission of the draft action to OIRA;

(B) For all other regulatory actions, within 90 calendar days

after the date of submission of the information set forth in

subsections (a)(3)(B) and (C) of this section, unless OIRA has

previously reviewed this information and, since that review, there

has been no material change in the facts and circumstances upon

which the regulatory action is based, in which case, OIRA shall

complete its review within 45 days; and

(C) The review process may be extended (1) once by no more than

30 calendar days upon the written approval of the Director and (2)

at the request of the agency head.

(3) For each regulatory action that the Administrator of OIRA

returns to an agency for further consideration of some or all of

its provisions, the Administrator of OIRA shall provide the issuing

agency a written explanation for such return, setting forth the

pertinent provision of this Executive order on which OIRA is

relying. If the agency head disagrees with some or all of the

bases for the return, the agency head shall so inform the

Administrator of OIRA in writing.

(4) Except as otherwise provided by law or required by a Court,

in order to ensure greater openness, accessibility, and

accountability in the regulatory review process, OIRA shall be

governed by the following disclosure requirements:

(A) Only the Administrator of OIRA (or a particular designee)

shall receive oral communications initiated by persons not employed

by the executive branch of the Federal Government regarding the

substance of a regulatory action under OIRA review;

(B) All substantive communications between OIRA personnel and

persons not employed by the executive branch of the Federal

Government regarding a regulatory action under review shall be

governed by the following guidelines: (i) A representative from the

issuing agency shall be invited to any meeting between OIRA

personnel and such person(s);

(ii) OIRA shall forward to the issuing agency, within 10 working

days of receipt of the communication(s), all written

communications, regardless of format, between OIRA personnel and

any person who is not employed by the executive branch of the

Federal Government, and the dates and names of individuals involved

in all substantive oral communications (including meetings to which

an agency representative was invited, but did not attend, and

telephone conversations between OIRA personnel and any such

persons); and

(iii) OIRA shall publicly disclose relevant information about

such communication(s), as set forth below in subsection (b)(4)(C)

of this section.

(C) OIRA shall maintain a publicly available log that shall contain, at a minimum, the following information pertinent to

regulatory actions under review:

(i) The status of all regulatory actions, including if (and if

so, when and by whom) Vice Presidential and Presidential

consideration was requested;

(ii) A notation of all written communications forwarded to an

issuing agency under subsection (b)(4)(B)(ii) of this section; and

(iii) The dates and names of individuals involved in all

substantive oral communications, including meetings and telephone conversations, between OIRA personnel and any person not employed

by the executive branch of the Federal Government, and the subject

matter discussed during such communications.

(D) After the regulatory action has been published in the Federal

Register or otherwise issued to the public, or after the agency has

announced its decision not to publish or issue the regulatory

action, OIRA shall make available to the public all documents

exchanged between OIRA and the agency during the review by OIRA

under this section.

(5) All information provided to the public by OIRA shall be in

plain, understandable language.

Sec. 7. Resolution of Conflicts. To the extent permitted by law,

disagreements or conflicts between or among agency heads or between

OMB and any agency that cannot be resolved by the Administrator of

OIRA shall be resolved by the President, or by the Vice President

acting at the request of the President, with the relevant agency

head (and, as appropriate, other interested government officials).

Vice Presidential and Presidential consideration of such

disagreements may be initiated only by the Director, by the head of

the issuing agency, or by the head of an agency that has a

significant interest in the regulatory action at issue. Such

review will not be undertaken at the request of other persons,

entities, or their agents.

Resolution of such conflicts shall be informed by recommendations

developed by the Vice President, after consultation with the

Advisors (and other executive branch officials or personnel whose

responsibilities to the President include the subject matter at

issue). The development of these recommendations shall be

concluded within 60 days after review has been requested.

During the Vice Presidential and Presidential review period,

communications with any person not employed by the Federal

Government relating to the substance of the regulatory action under

review and directed to the Advisors or their staffs or to the staff

of the Vice President shall be in writing and shall be forwarded by

the recipient to the affected agency(ies) for inclusion in the

public docket(s). When the communication is not in writing, such

Advisors or staff members shall inform the outside party that the

matter is under review and that any comments should be submitted in

writing.

At the end of this review process, the President, or the Vice

President acting at the request of the President, shall notify the

affected agency and the Administrator of OIRA of the President's

decision with respect to the matter.

Sec. 8. Publication. Except to the extent required by law, an

agency shall not publish in the Federal Register or otherwise issue

to the public any regulatory action that is subject to review under

section 6 of this Executive order until (1) the Administrator of

OIRA notifies the agency that OIRA has waived its review of the

action or has completed its review without any requests for further

consideration, or (2) the applicable time period in section 6(b)(2)

expires without OIRA having notified the agency that it is

returning the regulatory action for further consideration under

section 6(b)(3), whichever occurs first. If the terms of the

preceding sentence have not been satisfied and an agency wants to

publish or otherwise issue a regulatory action, the head of that

agency may request Presidential consideration through the Vice

President, as provided under section 7 of this order. Upon receipt

of this request, the Vice President shall notify OIRA and the

Advisors. The guidelines and time period set forth in section 7

shall apply to the publication of regulatory actions for which

Presidential consideration has been sought.

Sec. 9. Agency Authority. Nothing in this order shall be

construed as displacing the agencies' authority or

responsibilities, as authorized by law.

Sec. 10. Judicial Review. Nothing in this Executive order shall

affect any otherwise available judicial review of agency action.

This Executive order is intended only to improve the internal

management of the Federal Government and does not create any right

or benefit, substantive or procedural, enforceable at law or equity

by a party against the United States, its agencies or

instrumentalities, its officers or employees, or any other person.

Sec. 11. Revocations. Executive Orders Nos. 12291 and 12498; all

amendments to those Executive orders; all guidelines issued under

those orders; and any exemptions from those orders heretofore

granted for any category of rule are revoked.

William J. Clinton.

EX. ORD. NO. 12875. ENHANCING THE INTERGOVERNMENTAL PARTNERSHIP

Ex. Ord. No. 12875, Oct. 26, 1993, 58 F.R. 58093, provided:

The Federal Government is charged with protecting the health and

safety, as well as promoting other national interests, of the

American people. However, the cumulative effect of unfunded

Federal mandates has increasingly strained the budgets of State,

local, and tribal governments. In addition, the cost, complexity,

and delay in applying for and receiving waivers from Federal

requirements in appropriate cases have hindered State, local, and

tribal governments from tailoring Federal programs to meet the

specific or unique needs of their communities. These governments

should have more flexibility to design solutions to the problems

faced by citizens in this country without excessive micromanagement

and unnecessary regulation from the Federal Government.

THEREFORE, by the authority vested in me as President by the

Constitution and the laws of the United States of America, and in

order to reduce the imposition of unfunded mandates upon State,

local, and tribal governments; to streamline the application

process for and increase the availability of waivers to State,

local, and tribal governments; and to establish regular and

meaningful consultation and collaboration with State, local, and

tribal governments on Federal matters that significantly or

uniquely affect their communities, it is hereby ordered as follows:

Section 1. Reduction of Unfunded Mandates. (a) To the extent

feasible and permitted by law, no executive department or agency

(''agency'') shall promulgate any regulation that is not required

by statute and that creates a mandate upon a State, local, or

tribal government, unless:

(1) funds necessary to pay the direct costs incurred by the

State, local, or tribal government in complying with the mandate

are provided by the Federal Government; or

(2) the agency, prior to the formal promulgation of regulations

containing the proposed mandate, provides to the Director of the

Office of Management and Budget a description of the extent of the

agency's prior consultation with representatives of affected State,

local, and tribal governments, the nature of their concerns, any

written communications submitted to the agency by such units of

government, and the agency's position supporting the need to issue

the regulation containing the mandate.

(b) Each agency shall develop an effective process to permit

elected officials and other representatives of State, local, and

tribal governments to provide meaningful and timely input in the

development of regulatory proposals containing significant unfunded

mandates.

Sec. 2. Increasing Flexibility for State and Local Waivers. (a)

Each agency shall review its waiver application process and take

appropriate steps to streamline that process.

(b) Each agency shall, to the extent practicable and permitted by

law, consider any application by a State, local, or tribal

government for a waiver of statutory or regulatory requirements in

connection with any program administered by that agency with a

general view toward increasing opportunities for utilizing flexible

policy approaches at the State, local, and tribal level in cases in

which the proposed waiver is consistent with the applicable Federal

policy objectives and is otherwise appropriate.

(c) Each agency shall, to the fullest extent practicable and

permitted by law, render a decision upon a complete application for

a waiver within 120 days of receipt of such application by the

agency. If the application for a waiver is not granted, the agency

shall provide the applicant with timely written notice of the

decision and the reasons therefor.

(d) This section applies only to statutory or regulatory

requirements of the programs that are discretionary and subject to

waiver by the agency.

Sec. 3. Responsibility for Agency Implementation. The Chief

Operating Officer of each agency shall be responsible for ensuring

the implementation of and compliance with this order.

Sec. 4. Executive Order No. 12866. This order shall supplement

but not supersede the requirements contained in Executive Order No.

12866 (set out above) (''Regulatory Planning and Review'').

Sec. 5. Scope. (a) Executive agency means any authority of the

United States that is an ''agency'' under 44 U.S.C. 3502(1), other

than those considered to be independent regulatory agencies, as

defined in 44 U.S.C. 3502(10).

(b) Independent agencies are requested to comply with the

provisions of this order.

Sec. 6. Judicial Review. This order is intended only to improve

the internal management of the executive branch and is not intended

to, and does not, create any right or benefit, substantive or

procedural, enforceable at law or equity by a party against the

United States, its agencies or instrumentalities, its officers or

employees, or any other person.

Sec. 7. Effective Date. This order shall be effective 90 days

after the date of this order. William J. Clinton.

REGULATORY REFORM - WAIVER OF PENALTIES AND REDUCTION OF REPORTS

Memorandum of President of the United States, Apr. 21, 1995, 60

F.R. 20621, provided:

Memorandum for

The Secretary of State

The Secretary of the Treasury

The Secretary of Defense

The Attorney General

The Secretary of the Interior

The Secretary of Agriculture

The Secretary of Commerce

The Secretary of Labor

The Secretary of Health and Human Services

The Secretary of Housing and Urban Development

The Secretary of Transportation

The Secretary of Energy

The Secretary of Education

The Secretary of Veterans Affairs

The Administrator, Environmental Protection Agency

The Administrator, Small Business Administration

The Secretary of the Army

The Secretary of the Navy

The Secretary of the Air Force

The Director, Federal Emergency Management Agency

The Administrator, National Aeronautics and Space Administration

The Director, National Science Foundation

The Acting Archivist of the United States

The Administrator of General Services

The Chair, Railroad Retirement Board

The Chairperson, Architectural and Transportation Barriers

Compliance Board

The Executive Director, Pension Benefit Guaranty Corporation

On March 16, I announced that the Administration would implement

new policies to give compliance officials more flexibility in

dealing with small business and to cut back on paperwork. These

Governmentwide policies, as well as the specific agency actions I

announced, are part of this Administration's continuing commitment

to sensible regulatory reform. With your help and cooperation, we

hope to move the Government toward a more flexible, effective, and

user friendly approach to regulation.

A. Actions: This memorandum directs the designated department and

agency heads to implement the policies set forth below.

1. Authority to Waive Penalties. (a) To the extent permitted by law, each agency shall use its discretion to modify the penalties for small businesses in the following situations. Agencies shall exercise their enforcement discretion to waive the imposition of all or a portion of a penalty when the violation is corrected within a time period appropriate to the violation in question. For those violations that may take longer to correct than the period set by the agency, the agency shall use its enforcement discretion to waive up to 100 percent of the financial penalties if the amounts waived are used to bring the entity into compliance. The provisions in paragraph 1(a) of this memorandum shall apply only where there has been a good faith effort to comply with applicable regulations and the violation does not involve criminal wrongdoing or significant threat to health, safety, or the environment.

(b) Each agency shall, by June 15, 1995, submit a plan to the

Director of the Office of Management and Budget (''Director'')

describing the actions it will take to implement the policies in

paragraph 1(a) of this memorandum. The plan shall provide that the

agency will implement the policies described in paragraph 1(a) of

this memorandum on or before July 14, 1995. Plans should include

information on how notification will be given to frontline workers and small businesses.

2. Cutting Frequency of Reports. (a) Each agency shall reduce by one-half the frequency of the regularly scheduled reports that the

public is required, by rule or by policy, to provide to the

Government (from quarterly to semiannually, from semiannually to

annually, etc.), unless the department or agency head determines

that such action is not legally permissible; would not adequately

protect health, safety, or the environment; would be inconsistent

with achieving regulatory flexibility or reducing regulatory

burdens; or would impede the effective administration of the

agency's program. The duty to make such determinations shall be nondelegable.

(b) Each agency shall, by June 15, 1995, submit a plan to the

Director describing the actions it will take to implement the

policies in paragraph 2(a), including a copy of any determination

that certain reports are excluded.

B. Application and Scope: 1. The Director may issue further

guidance as necessary to carry out the purposes of this memorandum.

2. This memorandum does not apply to matters related to law

enforcement, national security, or foreign affairs, the importation

or exportation of prohibited or restricted items, Government taxes,

duties, fees, revenues, or receipts; nor does it apply to agencies

(or components thereof) whose principal purpose is the collection,

analysis, and dissemination of statistical information.

3. This memorandum is not intended, and should not be construed,

to create any right or benefit, substantive or procedural,

enforceable at law by a party against the United States, its

agencies, its officers, or its employees.

4. The Director of the Office of Management and Budget is

authorized and directed to publish this memorandum in the Federal

Register.

William J. Clinton.
