Payment Rates for Oxygen and Oxygen Equipment

As part of this fee schedule update, the Centers for Medicare & Medicaid Services (CMS) is implementing national monthly payment rates for oxygen and oxygen equipment effective for claims with dates of service on or after January 1, 2007. The 2007 national monthly payment rates are listed in the table below. As a result of these changes, CMS is revising the fee schedule amounts for codes E1405 and E1406. Since 1989, the fees for E1405 and E1406 have been established based on a combination of the Medicare payment amounts for stationary oxygen equipment and nebulizer codes E0585 and E0570, respectively.

As part of these changes, suppliers must submit claims with both the code for stationary oxygen contents (E0441 or E0442) and the code for portable oxygen contents (E0443 or E0444) when billing for payment for furnishing both stationary and portable oxygen contents for beneficiary-owned gaseous or liquid stationary and portable oxygen equipment.

HCPCS Codes	Amount	Class
E0424, E0439, E1390, and E1391	\$198.40	Stationary Oxygen Equipment (including stationary concentrator, liquid and gaseous equipment) and Oxygen Contents (stationary and portable)
E0431 and E0434	\$31.79	Portable Equipment Only (gaseous or liquid tanks)
E1392 and K0738	\$51.63	Oxygen Generating Portable Equipment (OGPE) Only
E0441 and E0442	\$77.45	Oxygen Contents for Beneficiary-Owned Stationary Gaseous or Liquid Oxygen Equipment
E0443 and E0444	\$77.45	Oxygen Contents for Beneficiary-Owned Portable Gaseous or Liquid Oxygen Equipment

The fee schedules for HCPCS code E0461 (Volume Control Ventilator, Without Pressure Support Mode, May Include Pressure Control Mode, Used with Non-Invasive Interface (E.G. Mask)) are being revised as part of this update to correct calculation errors and are effective for dates of service on or after January 1, 2007.
