

AFI Monthly Topical Conference Call Schedule and Registration Information

The AFI Resource Center sponsors informal monthly conference calls for sharing information, disseminating best practices, and discussing emerging strategies. All grantees are encouraged to listen in and participate on the calls: share your ideas and successes, ask questions, and hear how your peers are addressing programmatic topics. The AFI Resource Center holds each call twice. Those who register receive background materials on the topics. If you are unable to register, you are still welcome to listen in. Call materials and transcripts of the calls are available through the AFI Resource Center and on the AFI Asset-Building Web site, <http://www.acf.hhs.gov/assetbuilding> under the “For Grantees” link.

Please check the Web site to confirm dates, times, topics, and call-in information for upcoming conference calls.
