Class of works: I am writing in support of Class #3 (Unskippable DVD Advertising): Audiovisual works released on DVD that contain access control measures that interfere with the ability to control private performance, including the ability to skip promotional materials.

Summary:

Disc name: Escaflowne

The introductory advertisement for the anime studio played automatically, and was not possible to skip. It also played extremely loudly, compared to the rest of the DVD, and risked waking people up, before I could frantically find the mute button.
