Summary:

Disc name: Killing Heidi - Present

I really love the Australian band Killing Heidi. Their new album, released only in Australia, had a bonus DVD of all their music videos. Unfortunately, when I placed it in my DVD player, I got a message saying that I was not allowed to watch it. This forced me to investigate and purchase a region free player, so I could watch all DVDs I own, rather than just the ones some record company thinks I should be able to.
