

(2) The fund does not accept deposits that would cause it to fail to meet this requirement.

(iii) *Special rule for guaranteed investment contracts.* For a guaranteed investment contract, a broker's commission or similar fee paid on behalf of either an issuer or the provider is treated as an administrative cost and, except in the case of an issue that satisfies section 148(f)(4)(D)(i), is not a qualified administrative cost to the extent that the present value of the commission, as of the date the contract is allocated to the issue, exceeds the present value of annual payments equal to .05 percent of the weighted average amount reasonably expected to be invested each year of the term of the contract. For this purpose, present value is computed using the taxable discount rate used by the parties to compute the commission or, if not readily ascertainable, a reasonable taxable discount rate.
