

validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.16 hours per response.

Respondents: U.S. importers of regulated animal products, full-time, salaried, government veterinary officials of exporting regions, and foreign exporters of processed animal protein and other regulated materials and products.

Estimated annual number of respondents: 1,000.

Estimated annual number of responses per respondent: 9.

Estimated annual number of responses: 9,000.

Estimated total annual burden on respondents: 1,440 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 16th day of July, 2004.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

COMMISSION ON CIVIL RIGHTS

Agenda and Notice of Public Meeting of the Montana Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a conference call of the Montana State Advisory Committee will convene at 12 p.m. (m.d.t.) and adjourn at 1:30 p.m. (m.d.t.), Thursday, July 22, 2004. The purpose of the conference call is to discuss specific issues to be addressed as part of regional project on discrimination against Native Americans in reservation border towns, determine site for regional project community forum, discuss status of

commission and regional programs, and discuss current civil rights developments in Montana.

This conference call is available to the public through the following call-in number: 1-800-923-4207; access code: 24952455. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls not initiated using the supplied call-in number or over wireless lines and the Commission will not refund any incurred charges. Callers will incur no charge for calls using the call-in number over land-line connections. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-977-8339 and providing the Service with the conference call number and access code.

To ensure that the Commission secures an appropriate number of lines for the public, persons are asked to register by contacting Malee Craft, Rocky Mountain Regional Office, (303) 866-1040 (TDD 303-866-1049), by 3 p.m. (m.d.t.) on Tuesday, July 20, 2004.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, July, 9, 2004.

Ivy L. Davis,

Chief, Regional Programs Coordination Unit.

BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-421-807]

Certain Hot-Rolled Carbon Steel Flat Products From the Netherlands; Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amended final results of antidumping duty administrative review.

SUMMARY: On June 16, 2004, the Department of Commerce (the Department) published in the **Federal Register** its notice of final results of the antidumping duty administrative review of certain hot-rolled carbon steel flat products from the Netherlands for the period May 3, 2001 through October 31, 2002. See *Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands; Final Results of Antidumping Duty Administrative*

Review, 69 FR 33630 (June 16, 2004). On June 15, 2004, in accordance with 19 CFR 351.224(c)(2), we received a timely-filed ministerial error allegation from respondent, Corus Staal BV (Corus).¹ We did not receive ministerial error allegations from petitioners.² Based on our analysis of Corus' ministerial error allegation, the Department has revised the antidumping duty margin for Corus. Accordingly, we are amending our final results.

EFFECTIVE DATE: July 22, 2004.

FOR FURTHER INFORMATION CONTACT:

Deborah Scott or Robert James, Antidumping and Countervailing Duty Enforcement Group III, Office Eight, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-2657 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Review

For purposes of this order, the products covered are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4.0 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of this review. Specifically included within the scope of this order are vacuum degassed, fully stabilized (commonly referred to as interstitial-free (IF)) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. IF steels are recognized as low carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as columbium), or both, added to stabilize carbon and nitrogen elements. HSLA steels are recognized as steels with

¹ We released disclosure documents to respondent and petitioners on June 9, 2004, thereby making June 14, 2004 the deadline for submitting ministerial error comments. However, in response to a request by respondent, we extended the deadline by one day, until June 15, 2004.

² Petitioners are United States Steel Corporation and Nucor Corporation.
