BILLING CODE 6325-39-M

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

7 CFR Part 301

[Docket No. 04-025-1]

Gypsy Moth Generally Infested Areas

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Interim rule and request for comments.

SUMMARY: We are amending the gypsy moth regulations by adding one county in Ohio and seven counties in Wisconsin to the list of generally infested areas based on the detection of infestations of gypsy moth in those counties. As a result of this action, the interstate movement of regulated articles from those areas will be restricted. This action is necessary to prevent the artificial spread of the gypsy moth to noninfested States.

DATES: This interim rule is effective June 7, 2004. We will consider all comments that we receive on or before August 6, 2004.

ADDRESSES: You may submit comments by any of the following methods:

- *Postal Mail/Commercial Delivery:* Please send four copies of your comment (an original and three copies) to Docket No. 04-025-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 04-025-1.

- *E-mail:* Address your comment to regulations@aphis.usda.gov. Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and "Docket No. 04-025-1" on the subject line.

- *Agency Web Site:* Go to <http://www.aphis.usda.gov/ppd/rad/cominst.html> for a form you can use to submit an e-mail comment through the APHIS Web site.

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow the instructions for locating this docket and submitting comments.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: You may view APHIS documents published in the **Federal Register** and related information, including the names of groups and individuals who have commented on APHIS dockets, on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

FOR FURTHER INFORMATION CONTACT: Dr. Weyman Fussell, Program Manager, Pest Detection and Management Programs, PPQ, APHIS, 4700 River Road Unit 134, Riverdale, MD 20737-1236; (301) 734-5705.

SUPPLEMENTARY INFORMATION:

Background

The gypsy moth, *Lymantria dispar* (Linnaeus), is a destructive pest of forest and shade trees. The gypsy moth regulations (contained in 7 CFR 301.45 through 301.45-12 and referred to below as the regulations) restrict the interstate movement of regulated articles from generally infested areas to prevent the artificial spread of the gypsy moth.

In accordance with § 301.45-2 of the regulations, generally infested areas are, with certain exceptions, those States or portions of States in which a gypsy moth general infestation has been found by an inspector, or each portion of a State that the Administrator deems necessary to regulate because of its proximity to infestation or its inseparability for quarantine enforcement purposes from infested localities. Less than an entire State will be designated as a generally infested

area only if: (1) The State has adopted and is enforcing a quarantine or regulation that imposes restrictions on the intrastate movement of regulated articles that are substantially the same as those that are imposed with respect to the interstate movement of such articles; and (2) the designation of less than the entire State as a generally infested area will be adequate to prevent the artificial interstate spread of infestations of the gypsy moth.

Designation of Areas as Generally Infested Areas

Section 301.45-3 of the regulations lists generally infested areas. In this rule, we are amending § 301.45-3(a) by adding one county in Ohio and seven counties in Wisconsin to the list of generally infested areas. As a result of this rule, the interstate movement of regulated articles from these areas will be restricted.

We are taking this action because, in cooperation with the State of Ohio and the State of Wisconsin, the United States Department of Agriculture conducted surveys that detected multiple life stages of the gypsy moth in Hocking County, OH, and in Adams, Dane, Lincoln, Marathon, Marquette, Oneida, and Vilas Counties, WI. Based on these surveys, we determined that reproducing populations exist at significant levels in these areas. Eradication of these populations is not considered feasible because these areas are immediately adjacent to areas currently recognized as generally infested and are, therefore, subject to reinfestation.

Emergency Action

This rulemaking is necessary on an emergency basis because of the possibility that the gypsy moth could be artificially spread to noninfested areas of the United States, where it could cause economic losses due to the defoliation of susceptible forest and shade trees. Under these circumstances, the Administrator has determined that prior notice and opportunity for public comment are contrary to the public interest and that there is good cause under 5 U.S.C. 553 for making this rule effective less than 30 days after publication in the **Federal Register**.

We will consider comments we receive during the comment period for this interim rule (see **DATES** above). After the comment period closes, we will publish another document in the **Federal Register**. The document will include a discussion of any comments we receive and any amendments we are making to the rule.

Executive Order 12866 and Regulatory Flexibility Act

This rule has been reviewed under Executive Order 12866. For this action, the Office of Management and Budget has waived its review under Executive Order 12866.

This emergency situation makes timely compliance with section 604 of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) impracticable. We are currently assessing the potential economic effects of this action on small entities. Based on that assessment, we will either certify that the rule will not have a significant economic impact on a substantial number of small entities or publish a final regulatory flexibility analysis.

Executive Order 12372

This program/activity is listed in the Catalog of Federal Domestic Assistance under No. 10.025 and is subject to Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 7 CFR part 3015, subpart V.)

Executive Order 12988

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule: (1) Preempts all State and local laws and regulations that are inconsistent with this rule; (2) has no retroactive effect; and (3) does not require administrative proceedings before parties may file suit in court challenging this rule.

Paperwork Reduction Act

This rule contains no new information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

List of Subjects in 7 CFR Part 301

Agricultural commodities, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Transportation.

■ Accordingly, we are amending 7 CFR part 301 as follows:

PART 301—DOMESTIC QUARANTINE NOTICES

■ 1. The authority citation for part 301 continues to read as follows:

Authority: 7 U.S.C. 7701–7772; 7 CFR 2.22, 2.80, and 371.3.

Section 301.75–15 also issued under Sec. 204, Title II, Pub. L. 106–113, 113 Stat. 1501A–293; sections 301.75–15 and 301.75–16 also issued under Sec. 203, Title II, Pub. L. 106–224, 114 Stat. 400 (7 U.S.C. 1421 note).

■ 2. In § 301.45–3, paragraph (a), the entries for Ohio and Wisconsin are amended by adding new counties in alphabetical order to read as follows:

§ 301.45–3 Generally infested areas.

(a) * * *

Ohio

* * * * *

Hocking County. The entire county.

* * * * *

Wisconsin

Adams County. The entire county.

* * * * *

Dane County. The entire county.

* * * * *

Lincoln County. The entire county.

* * * * *

Marathon County. The entire county.

* * * * *

Marquette County. The entire county.

* * * * *

Oneida County. The entire county.

* * * * *

Vilas County. The entire county.

* * * * *

Done in Washington, DC, this 1st day of June 2004.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

[Docket No. 04–036–1]

Pine Shoot Beetle; Additions to Quarantined Areas

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Interim rule and request for comments.

SUMMARY: We are amending the pine shoot beetle regulations by adding Decatur, Jennings, and Ripley Counties, IN, and Franklin County, NY, to the list of quarantined areas. This action is necessary to prevent the spread of pine shoot beetle, a pest of pine products, into noninfested areas of the United States.

DATES: This interim rule is effective June 7, 2004. We will consider all comments that we receive on or before August 6, 2004.

ADDRESSES: You may submit comments by any of the following methods:

- *Postal Mail/Commercial Delivery:* Please send four copies of your comment (an original and three copies) to Docket No. 04–036–1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737–1238. Please state that your comment refers to Docket No. 04–036–1.

- *E-mail:* Address your comment to regulations@aphis.usda.gov. Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and “Docket No. 04–036–1” on the subject line.

- *Agency Web Site:* Go to <http://www.aphis.usda.gov/ppd/rad/cominst.html> for a form you can use to submit an e-mail comment through the APHIS Web site.

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow the instructions for locating this docket and submitting comments.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690–2817 before coming.

Other Information: You may view APHIS documents published in the **Federal Register** and related information, including the names of groups and individuals who have commented on APHIS dockets, on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

FOR FURTHER INFORMATION CONTACT: Mr. Weyman Fussell, Program Manager, Pest Detection and Management Programs, PPQ, APHIS, 4700 River Road Unit 134, Riverdale, MD 20737–1231; (301) 734–5705.

SUPPLEMENTARY INFORMATION:**Background**

The regulations in 7 CFR 301.50 through 301.50–10 (referred to below as the regulations) restrict the interstate movement of certain regulated articles from quarantined areas in order to prevent the spread of pine shoot beetle (PSB) into noninfested areas of the United States.

PSB is a pest of pine trees that can cause damage in weak and dying trees, where reproduction and immature stages of PSB occur. During “shoot
