RIN 0691-AA56

International Services Surveys: BE-22, Annual Survey of Selected Services Transactions With Unaffiliated Foreign Persons

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice sets forth the proposed rule that revises the reporting requirements for the BE-22, Annual Survey of Selected Services Transactions with Unaffiliated Foreign Persons.

The BE-22 survey is conducted by the Bureau of Economic Analysis (BEA), U.S. Department of Commerce, under the International Investment and Trade in Services Survey Act. The data are needed to compile the U.S. international transactions, national income and product, and input-output accounts; support U.S. trade policy initiatives; assess U.S. competitiveness in international trade in services; and

improve the ability of U.S. businesses to identify and evaluate market opportunities.

The proposed rule changes the services covered by the survey. Specifically, the BE-22 annual survey will no longer cover the services that are covered by the new BE-25, Quarterly Survey of Transactions Between U.S. and Unaffiliated Foreign Persons in Selected Services and in Intangible Assets.

DATES: Comments on this proposed rule will receive consideration if submitted in writing on or before August 6, 2004.

ADDRESSES: Direct all written comments to the Office of the Chief, International Investment Division (BE-50), Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230. To assure that comments are received in a timely manner, please consider using one of the following delivery methods: (1) Fax to (202) 606-5318, (2) deliver by courier to U.S. Department of Commerce, Bureau of Economic Analysis (BE-50), Shipping and Receiving Section, room M-100, 1441 L Street, NW., Washington, DC 20005, or (3) e-mail to obie.whichard@bea.gov. SUPPLEMENTARY INFORMATION: This proposed rule amends 15 CFR Part 801 by revising Section 801.9(b)(6)(ii) to set forth revised reporting requirements for the BE-22, Annual Survey of Selected Services Transactions with Unaffiliated Foreign Persons. The survey is conducted by the BEA, U.S. Department of Commerce, under the International Investment and Trade in Services Survey Act (Pub. L. 94-472, 90 Stat. 2059, 22 U.S.C. 3101-3108). Section 4(a) of the Act (22 U.S.C. 3103(a)) provides that the President shall, to the extent he deems necessary and feasible, conduct a regular data collection program to secure current information related to international investment and trade in services and publish for the use of the general public and the United States Government agencies periodic, regular, and comprehensive statistical information collected pursuant to this subsection. In Section 3 of Executive Order 11961, as amended by Executive Order 12518, the President delegated the authority under the Act as concerns international trade in services to the

Secretary of Commerce, who has re delegated it to BEA.

The BE-22 is an annual survey of selected services transactions with unaffiliated foreign persons. The data are needed to compile the U.S. international transactions, national income and product, and input-output accounts; support U.S. trade policy initiatives; assess U.S. competitiveness in international trade in services; and improve the ability of U.S. businesses to identify and evaluate market opportunities.

Executive Order 12866

This proposed rule has been determined to be not significant for purposes of E.O. 12866.

Executive Order 13132

This proposed rule does not contain policies with Federalism implications as that term is defined in E.O. 13132.

Paperwork Reduction Act

This proposed rule contains a collection of information requirement subject to the Paperwork Reduction Act (PRA) and has been submitted to the Office of Management and Budget for review under the PRA.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA unless that collection displays a currently valid OMB Control Number. The OMB number for the BE-22 is 0608-0060; the collection will display this control number.

The survey, as proposed, is expected to result in the filing of reports from approximately 800 respondents. The respondent reporting burden for this collection of information is estimated to vary from less than four hours to 300 hours, with an overall average burden of 11.5 hours. This includes time for reviewing the instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus, the total respondent burden of the survey is estimated at about 9,200 hours (800 responses times 11.5 hours average burden).

Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the agency, including whether the information will have practical utility; (b) the accuracy of the burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to

minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Comments should be addressed to: Director, Bureau of Economic Analysis (BE-1), U.S. Department of Commerce, Washington, DC 20230; and either faxed (202-395-7245) or e-mailed (*pbugg@omb.eop.gov*) to the Office of Management and Budget, O.I.R.A. (Attention PRA Desk Officer for BEA).

Regulatory Flexibility Act

The Chief Counsel for Regulation, Department of Commerce, has certified to the Chief Counsel for Advocacy, Small Business Administration, under the provisions of the Regulatory Flexibility Act (5 U.S.C. 605(b)), that this proposed rulemaking, if adopted, will not have a significant economic impact on a substantial number of small entities. While the survey does not collect data on total sales or other measures of the overall size of businesses that respond to the survey, historically the respondent universe has been comprised mainly of major U.S. corporations. With the exemption level for the survey being \$1 million in covered receipts or payments, the reporting threshold for this survey is set at a level that will exempt most small businesses from reporting. Of those smaller businesses that must report, most will tend to have specialized operations and activities and thus will be likely to report only one type of service transaction, often limited to transactions with a single partner country; therefore, the burden on them can be expected to be small.
