

as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Aging Initial Review Group, Neuroscience of Aging Review Committee.

Date: June 2–3, 2004.

Time: 6 p.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: Louise L. Hsu, PhD, The Bethesda Gateway Building, 7201 Wisconsin Avenue/Suite 2C212, Bethesda, MD 20892, (301) 4696–9666, hsul@exmur.nia.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Name of Committee: National Institute on Aging Initial Review Group, Biological Aging Review Committee.

Date: June 2, 2004.

Time: 12 p.m. to 3 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institute on Aging, Gateway Building, 7201 Wisconsin Ave., 2C212, Bethesda, MD 20814 (Telephone Conference Call).

Contact Person: Alessandra M. Bini, PhD, Health Scientist Administrator, Scientific Review Office, National Institute on Aging, National Institutes of Health, 7201 Wisconsin Avenue, Bethesda, MD 20892, 301–402–7708.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Name of Committee: National Institute on Aging Initial Review Group, Clinical Aging Review Committee.

Date: June 3–4, 2004.

Time: 6:30 p.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Holiday Inn Chevy Chase, 5520 Wisconsin Avenue, Chevy Chase, MD 20815.

Contact Person: Alicja L. Markowska, PhD, DSC, Scientific Review Administrator, Scientific Review Office, National Institute on Aging, National Institute on Aging, National Institutes of Health, Room 2C212, 7201 Wisconsin Avenue, Bethesda, MD 20814, 301–402–7703, markowska@nia.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Name of Committee: National Institute on Aging Special Emphasis Panel, Socio-economic Status and Health.

Date: June 13–14, 2004.

Time: 4 p.m. to 5:10 p.m.

Agenda: To review and evaluate grant applications.

Place: Holiday Inn Chevy Chase, 5520 Wisconsin Avenue, Chevy Chase, MD 20815.

Contact Person: Alfonso R. Raton, PhD., Scientific Review Administrator, Scientific Review Office, National Institute on Aging, National Institutes of Health, 7201 Wisconsin Avenue, Room 2C212, Bethesda, MD 20892, 301/496–9666, latonia@mail.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Substance Abuse and Mental Health Services Administration

Notice of Funding Availability (NOFA) for a Grant for Networking and Certifying Suicide Prevention Hotlines

Announcement Type: Initial.

Funding Opportunity Number: SM 04-013.

Catalog of Federal Domestic Assistance (CFDA) Number: 93.243.

Due Date for Applications: July 21, 2004.

(**Note:** Letters from State Single Point of Contact (SPOC) in response to E.O. 12372 are due September 20, 2004.)

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services, announces the availability of

FY 2004 grant funds for Networking and Certifying Suicide Prevention Hotlines. A synopsis of this funding opportunity, as well as many other Federal Government funding opportunities, is also available at the Internet site: <http://www.grants.gov>.

For complete instructions, potential applicants must obtain a copy of SAMHSA's standard Infrastructure Grants announcement (INF-04 PA (MOD)), and the PHS 5161-1 (Rev. 7/00) application form before preparing and submitting an application. The INF-04 PA (MOD) describes the general program design and provides instructions for applying for all SAMHSA Infrastructure Grants, including the Networking and Certifying Suicide Prevention Hotlines grant. Additional instructions and specific requirements for this funding opportunity are described below.

I. Funding Opportunity Description:

Authority: Section 520A of the Public Health Service Act, as amended and subject to the availability of funds.

Networking and Certifying Suicide Prevention Hotlines grant program is one of SAMHSA's Infrastructure Grants. In general, SAMHSA's Infrastructure Grants provide funds to increase the capacity of mental health and/or substance abuse service systems to support effective programs and services. This particular grant will provide funding to manage a toll-free national suicide prevention hotline network utilizing a life affirming number which routes calls from anywhere in the United States to a network of local crisis centers that can link callers to local emergency, mental health and social service resources. Grant funds must also be used to increase the number of crisis centers certified in suicide prevention.

The goals of the Networking and Certifying Suicide Prevention Hotlines grant program are to:

(1) Increase the number of crisis programs offering hotline services which are networked through a single, nationally accessible telephone number, utilizing telecommunications technology that links callers to their geographically nearest crisis center. It is expected that there will be at least one crisis program offering hotline services in all 50 states;

(2) Increase the number of crisis centers/hotlines certified in suicide prevention, e.g., having achieved defined standards in crisis worker training, service delivery, lethality assessments, organizational administration and program evaluation; and

(3) Evaluate, collect and analyze data regarding such issues as: As the use of the national suicide prevention number (including variations by State and area code); reasons for callers' use of the service; the nature and appropriateness of services provided; outcomes of the intervention (*i.e.*, referrals made to emergency, mental health and social services resources); and the technical efficiency and effectiveness of the telephone service that is provided to callers. The evaluation must address the effectiveness of intervention services provided by crisis centers within the network as compared to crisis centers not in the network.

To achieve these goals, the applicant will be required to engage in the following activities:

(1) *Network Centers:* The applicant must demonstrate a capacity to network centers using telephone technology that permits national access to crisis centers or hotline services through a single toll-free number. This number will be selected by SAMHSA and maintained by the applicant. SAMHSA will choose a number that is easy to remember and is life affirming. The applicant will use this telephone number to establish and maintain the hotline network. At the end of the grant period, SAMHSA will determine whether if it will continue to retain the number or release it to the grantee. This determination will be made no later than six months prior to the end of the grant period. The technology utilized must permit calls to be directed immediately to a telephone suicide prevention worker who is within geographic proximity to the caller. The network must have the capacity to assist local crisis centers in identifying the telephone numbers of callers at imminent risk of suicide in need of emergency rescue who are unable or unwilling to provide a telephone number or location (*e.g.*, caller ID, ANI, or call tracing). The applicant must describe in their proposed approach the type of call routing system to be used (*i.e.*, carrier driven advanced business networking or a customized service hosted by a carrier but maintained through the applicant organization or through subcontracts). The applicant should clearly explain why they are proposing a particular approach. This discussion should include the following information: review literature that discusses determination of peak usage periods in order to determine the size of the network, average call drop rates and how the proposed approach seeks to reduce call drops, the cost benefits to the approach, and the specific features of the approach that will enhance the
