[Docket Nos. TS04-161-000, TS04-135-000, and TS04-210-000]

Gulfstream Natural Gas System, L.L.C.; Chandeleur Pipe Line Company; Sabine Pipe Line LLC; Notice of Extension of Time

September 23, 2004.

Gulfstream Natural Gas System, L.L.C. (Gulfstream), Chandeleur Pipe Line Company (Chandeleur), and Sabine Pipe Line LLC (Sabine) (together, Movants) filed respective motions for an extension of time to comply with section 358.4 of the Commission's regulations, 18 CFR 358.4(e)(5), that requires employees to attend training on the Standards of Conduct for Transmission Providers, as directed by Commission Order No. 2004-B. In their motions, Movants state that training that had been scheduled was postponed due to the complications and aftermath of Hurricane Frances and the potential threat presented by Hurricane Ivan. The requests also state that more time will allow the Movants to manage these storm related activities and take the necessary actions to be in compliance with Order No. 2004 and part 358.

Upon consideration, notice is hereby given that Gulfstream, Chandeleur, and Sabine are granted an extension of time to and including October 31, 2004, to comply with the requirements of Commission Order No. 2004.

Magalie R. Salas,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. CP02-90-003 and CP02-93-002]

AES Ocean Express LLC; Notice of Amendments to Certificate of Public Convenience and Necessity, Section 3 Authorization and Presidential Permit

September 23 2004.

Take notice that on September 9, 2004, as supplemented on September 15, 2004, and September 20, 2004, AES Ocean Express LLC (Ocean Express), Two Alhambra Plaza, Suite 1104, Coral Gables, Florida, 33134, filed in Docket No. CP02-90-003 an application to amend the certificate of public

convenience and necessity that the Commission issued on January 29, 2004, in Docket Nos. CP02-90, *et al.* Ocean Express also filed in Docket No. CP02-93-002, an application to amend the Presidential Permit and Section 3 authorization that the Commission issued on January 29, 2004. Ocean Express's proposed amendments reflect the incorporation of tunnel construction methodology for the nearshore portion of its pipeline, as well as certain other design changes, for its natural gas pipeline between the United States and The Bahamas.

Ocean Express explains that the use of the tunnel construction methodology would allow it to construct the nearshore portion of its pipeline using an estimated 14,000 foot by 13 feet—7inch diameter earth-pressure balance tunnel, with certain minor route changes to accommodate the methodology, as opposed to the horizontal directional drills that the Commission has already approved. Ocean Express also proposes to increase the pipeline diameter from 24 inches to 26 inches and internally coat the pipeline, to allow for increased hourly flow rates. Ocean Express states that it is not proposing to increase the certificated capacity (842,000 Dth/day) of its pipeline. Additionally, Ocean Express proposes to install a pressure reducing station inside the tunnel to reduce the onshore Maximum Allowable Operating Pressure (MAOP) to 1480 psig or less, from the certificated MAOP of 2200 psig. Ocean Express proposes to amend the Presidential Permit and Section 3 authorization for the natural gas facilities at the Exclusive Economic Zone boundary between the United States and The Bahamas to increase the size of the pipe from 24 inches to 26 inches. Ocean Express requests a Commission decision on its amendment applications no later than November 30, 2004.

The amendments are on file with the Commission and open to public inspection. The filings may be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. Any questions regarding the amendment may be directed to Julie Romaniw, AES Ocean Express LLC, Two Alhambra Plaza, Suite 1104, Coral Gables, FL 33134, (305) 444-4002.

Any person who was a party to Ocean Express's proceeding in Docket No.

CP02-90, *et al.*, is automatically a party to Ocean Express's proceeding as amended by Docket Nos. CP02-90-003 and CP02-93-002. Otherwise, there are two ways to become involved in the Commission's review of this amendment. First, any person wishing to obtain legal status by becoming a party to the proceedings for this amendment should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10) by the comment date, below. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered concerning the amendment. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this amendment. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the amendment provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this amendment should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the

Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; *see* 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: October 13, 2004.

Magalie R. Salas,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP04-554-001]

Algonquin Gas Transmission, LLC; Notice Of Proposed Changes In FERC Gas Tariff

September 23, 2004.

Take notice that on September 16, 2004, Algonquin Gas Transmission, LLC (Algonquin) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, Substitute First Revised Sheet No. 37, to become effective October 1, 2004.

The purpose of this filing is to correct a typographical error in Algonquin's August 31, 2004, filing in this docket, which reflected the fiscal year 2004 Annual Charge Adjustment (ACA) unit charge of \$0.0019 per Dth included in the Gas Program Cost Analysis in accordance with section 154.402(a) of the Commission's regulations, as noticed by the Commission on August 6, 2004.

Algonquin states that copies of the filing were served upon all affected customers of Algonquin and interested state commissions, as well as on all parties on the Commission's official service list in this proceeding.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing a protest must serve a copy of that

document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, D.C. 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP04-600-000]

Colorado Interstate Gas Company; Notice of Proposed Changes in FERC Gas Tariff

September 23, 2004.

Take notice that on September 17, 2004, Colorado Interstate Gas Company (CIG) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No 1, the following tariff sheets to become effective October 18, 2004:

Ninth Revised Sheet No. 225
Sixth Revised Sheet No. 276
Second Revised Sheet No. 348
Fifth Revised Sheet No. 359

CIG states that these tariff sheets are filed to revise references to marketing affiliates, electronic bulletin board (EBB) posting requirements, and discounting procedures in conformance with the Commission's Order No. 2004.

CIG states that copies of its filing have been sent to all firm customers, interruptible customers, and affected State commissions.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by

the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.
