

The Department, in Field Memorandum 42-94, established that the maximum is the meals component of the standard CONUS (continental United States) per diem rate established by the General Services Administration (GSA) and published at 41 CFR Ch. 301. The CONUS meal component is now \$30.00 per day.

Workers who qualify for travel reimbursement are entitled to reimbursement up to the CONUS meal rate for related subsistence when they provide receipts. In determining the appropriate amount of subsistence reimbursement, the employer may use the GSA system under which a traveler qualifies for meal expense reimbursement per quarter of a day. Thus, a worker whose travel occurred during two quarters of a day is entitled, with receipts, to a maximum reimbursement of \$15.00. If a worker has no receipts, the employer is not obligated to reimburse above the minimum stated at 20 CFR 655.102(b)(4) as specified above.

Signed at Washington, DC, this 17th day of February, 2004.

Emily Stover DeRocco,

Assistant Secretary for Employment and Training.
