

military airfield to a civil airport. Include how development projects would serve to reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings; or enhance capacity in a metropolitan area or reduce current and projected flight delays.

(3) A description of the existing airspace capacity. Describe how anticipated new operations would affect the surrounding airspace and air traffic flow patterns in the metropolitan area in or near the airport. Include a discussion of whether operations at this airport create airspace conflicts that may cause congestion or whether air traffic works into the flow of other air traffic in the area.

(4) A description of the airport's five-year ACIP, including a discussion of major projects, their priorities, projected schedule for project accomplishment, and estimated costs. The ACIP must specifically identify the safety, capacity, and conversion related projects, associated costs, and projected five-year schedule of project construction, including those requested for consideration for MAP funding.

(5) A description of those projects that are consistent with the role of the airport and effectively contribute to the joint-use or conversion of the airfield to a civil airport. The projects can be related to various improvement categories depending on what is needed to convert from military to civil airport use, to meet required civil airport standards, and/or to provide capacity to the airport and/or airport system. The projects selected (*e.g.*, safety-related, conversion-related, and/or capacity-related), must be identified and fully explained based on the airport's planned use. Those projects that may be eligible under MAP, if needed for conversion or capacity-related purposes, must be clearly indicated, and include the following information:

Airside

- Modification of airport or military airfield for safety purposes, including airport pavement modifications (*e.g.*, widening), marking, lighting, strengthening, drainage or modifying other structures or features in the airport environs to meet civil standards for airport imaginary surfaces as described in 14 CFR part 77.

- Construction of facilities or support facilities such as passenger terminal gates, aprons for passenger terminals, taxiways to new terminal facilities, aircraft parking, and cargo facilities to accommodate civil use.

- Modification of airport or military utilities (electrical distribution systems, communications lines, water, sewer, storm drainage) to meet civil standards. Also, modifications that allow utilities on the civil airport to operate independently, where other portions of the base are conveyed to entities other than the airport sponsor or retained by the Government.

- Purchase, rehabilitation, or modification of airport and airport support facilities and equipment, including snow removal, aircraft rescue, fire fighting buildings and equipment, airport security, lighting vaults, and reconfiguration or relocation of eligible buildings for more efficient civil airport operations.

- Modification of airport or military airfield fuel systems and fuel farms to accommodate civil aviation use.

- Acquisition of additional land for runway protection zones, other approach protection, or airport development.

- Cargo facility requirements.

- Modifications which will permit the airfield to accommodate general aviation users.

Landside

- Construction of surface parking areas and access roads to accommodate automobiles in the airport terminal and air cargo areas and provide an adequate level of access to the airport.

- Construction or relocation of access roads to provide efficient and convenient movement of vehicular traffic to, on, and from the airport, including access to passenger, air cargo, fixed base operations, and aircraft maintenance areas.

- Modification or construction of facilities such as passenger terminals, surface automobile parking lots, hangars, air cargo terminal buildings, and access roads to cargo facilities to accommodate civil use.

(6) An evaluation of the ability of surface transportation facilities (road, rail, high-speed rail, maritime) to provide intermodal connections.

(7) A description of the type and level of aviation and community interest in the civil use of a current or former military airport.

(8) One copy of the FAA-approved ALP for each copy of the application. The ALP or supporting information should clearly show capacity and conversion related projects. Other information such as project costs, schedule, project justification, other maps and drawings showing the project locations, and any other supporting documentation that would make the application easier to understand should

also be included. You may also provide photos, which would further describe the airport, projects, and otherwise clarify certain aspects of this application. These maps and ALP's should be cross-referenced with the project costs and project descriptions.

Redesignation of Airports Previously Designated and Applying for up to an Additional Five Years in the Program

Airports applying for redesignation to the Military Airport Program must submit the same information required by new candidate airports applying for a new designation. On the SF 424, Application for Federal Assistance, prescribed by the Office of Management and Budget Circular A-102, airports must indicate their application is for redesignation to the MAP. In addition to the above information, they must explain: (1) Why a redesignation and additional MAP eligible project funding is needed to accomplish the conversion to meet the civil role of the airport and the preferred time period for redesignation not to exceed five years; (2) Why funding of eligible work under other categories of AIP or other sources of funding would not accomplish the development needs of the airport; and

(3) Why, based on the previously funded MAP projects, the projects and/or funding level were insufficient to accomplish the airport conversion needs and development goals.

This notice is issued pursuant to Title 49 U.S.C. 47118.

Dennis E. Roberts,

Director, Office of Airport Planning and Programming.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2004-17969]

Notice of Request for Comments on Renewing Approval for an Information Collection: OMB Control No. 2126-0014 (Transportation of Hazardous Materials, Highway Routing)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice; request for comments.

SUMMARY: The FMCSA announces that the Information Collection Request (ICR) described in this notice is being sent to the Office of Management and Budget (OMB) for review and approval. This information collection requires States

and Indian tribes to identify designated/restricted highway routes and restrictions or limitations affecting how motor carriers may transport certain hazardous materials on the highway. The **Federal Register** notice announcing a 60-day comment period on this information collection was published on April 13, 2004 (69 FR 19610). We are required to send ICRs to OMB under the Paperwork Reduction Act.

DATES: Please submit comments by September 20, 2004.

ADDRESSES: Mail or hand deliver comments to the U.S. Department of Transportation, Dockets Management Facility, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590, or submit electronically at <http://dmses.dot.gov/submit>. Be sure to include the docket number appearing in the heading of this document on your comment. All comments received will be available for examination and copying at the above address from 9 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays. If you would like to be notified when your comment is received, you must include a self-addressed, stamped postcard or you may print the acknowledgment page that appears after submitting comments electronically.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Johnsen (202-366-4111), Hazardous Materials Division (MC-ECH), Federal Motor Carrier Safety Administration, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7:30 a.m. to 4 p.m., EST., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Transportation of Hazardous Materials; Highway Routing.

OMB Control Number: 2126-0014.

Background: The data for the Transportation of Hazardous Materials; Highway Routing designations are collected under authority of 49 U.S.C. 5112 and 5125. That authority places responsibility on the Secretary of Transportation (Secretary) to specify and regulate standards for establishing, maintaining, and enforcing routing designations.

Under 49 CFR 397.73, the Administrator has the authority to request that each State and Indian tribe, through its routing agency, provide information identifying hazardous materials routing designations within their respective jurisdictions. That information is collected and consolidated by the FMCSA and published annually in whole, or as updates, in the **Federal Register**.

Respondents: The reporting burden is shared by the 50 States, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Marianas, and the Virgin Islands.

Average Burden Per Response: 15 minutes.

Estimated Total Annual Burden: The annual reporting burden is estimated to be 13 hours, calculated as follows: (53 respondents × 1 response × 15 minutes/60 minutes = 13.25 hours, rounded to 13 hours).

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended; 49 U.S.C. 5112 and 5125; and 49 CFR 1.73 and 397.73.

Issued on: August 10, 2004.

Annette M. Sandberg,

Administrator.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2004-18898 and FMCSA-1998-3639]

Comprehensive Safety Analysis 2010 Initiative

AGENCY: Federal Motor Carrier Safety Administration.

ACTION: Notice of Public Listening Sessions.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA) announces a series of Public Listening Sessions to solicit input on ways the FMCSA can improve its process of monitoring and assessing the safety of the motor carrier industry and how that information should be presented to the public. FMCSA is calling this effort the Comprehensive Safety Analysis 2010 Initiative. Through its current compliance review process, FMCSA is able to conduct compliance reviews on only a small percentage of the 675,000 active interstate motor carriers. The FMCSA is looking for ways to improve monitoring of motor carriers, to make agency processes more efficient, and to expand its enforcement and compliance reach in the regulated community in order to improve FMCSA's ability to meet its goal of significantly reducing crashes, fatalities, and injuries involving large trucks and buses.

Dates and Locations: The Public Listening Sessions will be held from 9 a.m. until 4 p.m. on the following dates at the following locations:

Session 1: September 21, 2004—Doubletree Hotel, Mission Valley, 7450

Hazard Center Drive, San Diego, California.

Session 2: September 28, 2004—Sheraton Atlanta, 165 Courtland Street at International Blvd, Atlanta, Georgia.

Session 3: October 5, 2004—Hampton Inn & Suites Dallas/Mesquite, 1700 Rodeo Drive, Mesquite, Texas.

Session 4: October 12, 2004—Wyndham Chicago, 633 North St. Clair, Chicago, IL.

Session 5: October 19, 2004—Fairview Park Marriot, 3111 Fairview Park Drive, Falls Church, VA.

Session 6: October 26, 2004—Sheraton Springfield, One Monarch Place, Springfield, MA.

Registration for each session will be limited. For more information or to register to attend or speak at the Public Listening Sessions, see **FOR FURTHER INFORMATION CONTACT** below.

ADDRESSES: You may also submit written comments identified by DOT DMS Docket Number FMCSA-2004-18898 and FMCSA-1998-3639 by any of the following methods:

Web site: <http://dms.dot.gov>. Follow the instructions for submitting comments on the DOT electronic docket site.

Fax: 1-(202)-493-2251.

Mail: Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590-0001.

Hand Delivery: Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Instructions: All submissions must include the agency name and docket number for this proceeding. Note that all comments received will be posted without change to <http://dms.dot.gov>, including any personal information provided. Please see the Privacy Act heading for further information.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register**
