

Section 6(b)(5) of the Act,¹⁷ which requires, among other things, that a national securities exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and to perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Commission notes that the options exchanges adopted the current definitions of FCQS and FPQS, which impose a "10-up" requirement, at a time when all the options exchanges had rules requiring that their minimum quotation size be for at least 10 contracts. Consequently, an exchange receiving a customer limit order for fewer than 10 contracts would disseminate the price of the customer limit order with a size of 10 contracts and the specialist or the trading crowd would be responsible to make up the difference. Since implementation of the Linkage Plan, several of the options exchanges have modified their rules to permit them to disseminate the "natural size" of customer limit orders that are of a size of less than 10 contracts.¹⁸ The Commission believes that approval of the proposed rule changes, which will permit options exchanges to conform their Linkage rules to other Exchange rules allowing them to disseminate a customer limit order's "natural size," should provide greater transparency to investors and the marketplace and better reflect the true state of liquidity in the marketplace.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁹ that the proposed rule changes (SR-BSE-2004-14; SR-CBOE-2004-41; SR-ISE-2004-01; SR-PCX-2004-84; SR-Phlx-2004-16), as amended, are approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.²⁰

Assistant Secretary.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is proposing to modify the annual fees for domestic and foreign issuers (other than ADRs) listed on the Nasdaq National Market and for all issuers listed on The Nasdaq SmallCap Market. Pursuant to the rule change, annual fees on the Nasdaq National Market would increase from a minimum of \$21,225 and a maximum of \$60,000 to a minimum of \$24,500 and a maximum of \$75,000. Annual fees on The Nasdaq SmallCap Market would increase from a minimum of \$15,000 and a maximum of \$16,000 to a minimum of \$17,500 and a maximum of \$21,000. In addition, Nasdaq is proposing to eliminate the separate \$2,000 charge to SmallCap Market issuers that list additional classes of stock. Instead of this separate charge, Nasdaq will aggregate shares outstanding for all issues of stock in determining the annual fee, as is currently done on the Nasdaq National Market.

These fee increases are necessary to support the ongoing cost of issuer services and to fund future product and service investments. Nasdaq annual fees were last increased in 2001 for National Market issuers and in 2003 for SmallCap Market issuers. The services added

since the prior increase include enhancements to the trading systems such as the Closing Cross, a centralized order facility that brings together the buy and sell interest in specific NASDAQ stocks and executes all shares for each stock at a single price, and continued improvements to Nasdaq Online, the Market Intelligence Desk, the Nasdaq Corporate Services Network, and NASDAQ.com. In addition, the cost of monitoring issuers for ongoing compliance with Nasdaq's listing standards has increased, in part as a result of Nasdaq's enhanced corporate governance requirements, which were approved in November 2003.

The new annual fee schedule would be effective January 1, 2005 for all issuers listed on The Nasdaq Stock Market at the time of approval of this rule filing. For newly listing issuers, the new annual fee schedule would be effective once approved.

In addition, Nasdaq is proposing to adopt new Interpretive Material that clarifies that issuers exempt from registration with the Commission pursuant to SEC Rule 12g3-2(b), which are eligible to be quoted on Nasdaq pursuant to Rule 4320(c), are exempt from annual fees and additional share fees. These companies are not listed on Nasdaq at their own initiative, and have not signed an application or listing agreement. As such, Nasdaq believes it would be inequitable to assess fees against this small group of uniquely situated issuers.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁴ in general, and with Section 15A(b)(5) of the Act,⁵ in particular, in that it is designed to provide an equitable allocation of reasonable fees and charges among issuers listed on Nasdaq.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received by Nasdaq.

⁴ 15 U.S.C. 78o-3.

⁵ 15 U.S.C. 78o-3(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-50579; File No. SR-PCX-2004-97]

Self-Regulatory Organizations; Notice of Filing and Order Granting Accelerated Approval of Proposed Rule Change by the Pacific Exchange, Inc. Relating to an Amendment to the Automatic Opening Rotations Pilot Program

October 21, 2004.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 14, 2004, the Pacific Exchange, Inc. ("PCX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons and to approve the proposal, on an accelerated basis, for an additional six-month pilot expiring on March 31, 2005.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

PCX proposes amending PCX Rule 6.64, Commentary .03 to extend its Automated Opening Rotation ("AOR") pilot program for six months. The text of the proposed rule change is available at PCX and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, PCX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 30, 1999, the Commission approved a one-year pilot program for the operation of the Exchange's AOR System.³ On August 21, 2000,⁴ August 13, 2001,⁵ June 10, 2002,⁶ and August 13, 2003,⁷ the Commission granted one-year extensions to the pilot program. The latest pilot program extension expired on September 30, 2004. The Exchange proposes to extend the AOR pilot program for an additional six months, retroactive from September 30, 2004 until March 31, 2005.

AOR provides a procedure to facilitate the execution of option orders at the opening by providing an electronic means of establishing a single price opening. The Exchange is requesting an additional extension of the AOR pilot program for six months, to March 31, 2005. The added time permits the Exchange to phase-in the Exchange's new trading platform for options, "PCX Plus," on an issue-by-issue basis.⁸ As each issue is phased into PCX Plus, the Exchange will simultaneously phase-out such issue from the current AOR process. PCX Plus will eventually replace the AOR process in its entirety.⁹

⁴ See Securities Exchange Act Release No. 43187 (August 21, 2000), 65 FR 52464 (August 29, 2000).

⁵ See Securities Exchange Act Release No. 44688 (August 13, 2001), 66 FR 43600 (August 20, 2001).

⁶ See Securities Exchange Act Release No. 46055 (June 10, 2002), 67 FR 41288 (June 17, 2002).

⁷ See Securities Exchange Act Release No. 48333 (August 13, 2003), 68 FR 50205 (August 20, 2003).

⁸ See Securities Exchange Act Release No. 47838 (May 13, 2003), 68 FR 27129 (May 19, 2003) (Order approving PCX Plus).

⁹ The PCX represents that it will file a rule proposal to eliminate the AOR pilot program rule

Hence, the Exchange will not be seeking permanent approval of the AOR pilot program.¹⁰ Currently, the AOR pilot program is operating successfully and without any problems. Therefore, the Exchange believes that an extension of the pilot program is warranted.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b)¹¹ of the Act, in general, and furthers the objectives of section 6(b)(5),¹² in particular, in that it is designed to promote just and equitable principles of trade, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

text in Rule 6.64(c) and Commentary .03 if the PCX Plus transition is completed before March 31, 2005.

¹⁰ The PCX Plus implementation began, gradually on an issue-by-issue basis, on December 15, 2003, and is anticipated to become completely operative by December 31, 2004. The Exchange will not be seeking an additional extension of its AOR pilot program provided that the PCX Plus implementation is completed without significant delay.
