

(the Act), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, Broward County, Florida, grantee of FTZ 25, has requested authority under 15 CFR § 400.32(b)(1) of the Board's regulations on behalf of S.B. Marketing Worldwide, Inc., to process (screen printing) foreign-origin shirts for export under zone procedures within FTZ 25 (filed 7-30-2004, FTZ Docket 31-2004);

Whereas, pursuant to 15 CFR 400.32(b)(1), the Commerce Department's Assistant Secretary for Import Administration has the authority to act for the Board in making such decisions on new manufacturing/processing activity under certain circumstances, including situations where the proposed activity is for export only (15 CFR 400.32(b)(1)(ii)); and,

Whereas, the FTZ Staff has reviewed the proposal, taking into account the criteria of 15 CFR 400.31, and the Executive Secretary has recommended approval;

Now, therefore, the Assistant Secretary for Import Administration, acting for the Board pursuant to 15 CFR 400.32(b)(1), concurs in the recommendation and hereby approves the request subject to the Act and the Board's regulations, including 15 CFR 400.28.

Signed at Washington, DC, this 18th day of October, 2004.

James J. Jochum,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

Dennis Puccinelli,

Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 46-2004]

Foreign-Trade Zone 84—Houston, Texas; Expansion of Manufacturing Authority—Subzone 84O; ExxonMobil Corporation; Baytown, TX

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Houston Authority, grantee of FTZ 84, requesting authority on behalf of ExxonMobil Corporation (ExxonMobil), to expand the scope of manufacturing activity conducted under zone procedures within Subzone 84O at the ExxonMobil oil refinery complex in Baytown, Texas.

The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 22, 2004.

Subzone 84O (465,000 BPD capacity 3,000-4,000 employees) was approved by the Board in 1996 for the manufacture of fuel products and certain petrochemical feedstocks and refinery by-products (Board Order 837, 61 FR 38711, 7/25/96, as amended by Board Order 1116, 65 FR 52696, 8/30/00).

The subzone (3,500 acres) is located on the Houston Ship Channel at 2800 Decker Drive, Baytown, Harris County, Texas, some 25 miles east of Houston. The expansion request involves the modification of a crude unit to increase the overall crude distillation capacity of the refinery to 575,000 BPD and allow for the processing of a greater variety of crudes. No additional feedstocks or products have been requested.

Zone procedures would exempt the increased production from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the Customs duty rates for certain petrochemical feedstocks (duty-free) by admitting foreign crude oil in non-privileged foreign status. The application indicates that the savings from zone procedures help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions Via Express/Package Delivery Services: Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW, Washington, DC 20005; or

2. Submissions Via the U.S. Postal Service: Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW, Washington, DC 20230.

The closing period for their receipt is January 3, 2005. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 18, 2005).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive

Secretary at the first address listed above, and at the U.S. Department of Commerce, Export Assistance Center, 15600 John F. Kennedy Blvd., Suite 530, Houston, TX 77032.

Dated: October 22, 2004.

Dennis Puccinelli,

Executive Secretary.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-560-817]

Notice of Postponement of Final Antidumping Duty Determination: Bottle-Grade Polyethylene Terephthalate (PET) Resin from Indonesia

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce is postponing the final determination in the antidumping duty investigation on PET Resin from Indonesia from January 3, 2005, until no later than 135 days after publication of the preliminary determination in this investigation. This extension is made pursuant to section 735(a)(2) of the Tariff Act of 1930, as amended, by the Uruguay Round Agreements Act.

EFFECTIVE DATE: November 3, 2004.

FOR FURTHER INFORMATION CONTACT:

Scott Holland at (202) 482-1279 or Andrew McAllister at (202) 482-1174, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

Postponement of Final Determination

On October 20, 2004, the Department of Commerce ("the Department") issued its affirmative preliminary determination in the antidumping duty investigation of Bottle-Grade Polyethylene Terephthalate ("PET") Resin ("PET resin") from Indonesia (publication pending). This notice stated we would issue our final determinations in these investigations within 75 days of the date of the preliminary determination. Section 735(a)(2) of the Tariff Act of 1930, as amended ("the Act"), provides that the Department may postpone a final determination until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such

postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner.

The Department's regulations, at 19 CFR 351.210(e)(2), require that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months. Pursuant to section 735(a)(2) of the Act, on October 25, 2004, P.T. Indorama Synthetics Tbk ("Indorama"), a mandatory respondent in the above-mentioned proceeding, requested that, in the event of an affirmative preliminary determination in this investigation, the Department postpone its final determination until not later than 135 days after the date of the publication of the preliminary determination in the **Federal Register**, and extend the provisional measures to not more than six months. In accordance with 19 CFR 351.210(b), because (1) our preliminary determination is affirmative, (2) the respondent accounts for a significant proportion of exports of the subject merchandise, and (3) no compelling reasons for denial exist, we are granting the respondents' request and are postponing the final determination until no later than 135 days after the publication of this notice in the **Federal Register**. Suspension of liquidation will be extended accordingly, for not more than six months, *i.e.*, 180 days.

This notice is published pursuant to section 735(a) of the Act.

Dated: October 27, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-580-854]

Notice of Amended Preliminary Determination of Sales At Not Less Than Fair Value: Certain Circular Welded Carbon Quality Line Pipe from the Republic of Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Amended Preliminary Determination of Sales at Not Less Than Fair Value.

EFFECTIVE DATE: November 3, 2004.

FOR FURTHER INFORMATION CONTACT:

Brandon Farlander or Patrick Edwards at (202) 482-0182 and (202) 482-8029, respectively; AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce (Department) regulations are to 19 CFR part 351 (April 2001).

Amendment of Preliminary Determination

The Department is amending the preliminary determination in the antidumping investigation of certain circular welded carbon quality line pipe from the Republic of Korea. This amended preliminary determination results in a revised antidumping rate for respondent Hyundai HYSCO and the all others rate in this case.

Scope of Investigation

The scope of this investigation includes certain circular welded carbon quality steel line pipe of a kind used in oil and gas pipelines, over 32 mm (1 ¼ inches) in nominal diameter (1.660 inch actual outside diameter) and not more than 406.4 mm (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, or coated with any coatings compatible with line pipe), and regardless of end finish (plain end, beveled ends for welding, threaded ends or threaded and coupled, as well as any other special end finishes), and regardless of stenciling. The merchandise subject to this investigation may be classified in the Harmonized Tariff Schedule of the United States ("HTSUS") at heading 7306 and subheadings 7306.10.10.10, 7306.10.50, 7306.10.50.10, and 7306.10.50.50. The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of the investigation is dispositive.

Background

On September 29, 2004, the Department issued its affirmative preliminary determination in this proceeding. *See Notice of Affirmative*

Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: Certain Circular Welded Carbon Quality Line Pipe from Korea, 69 FR 59885 (October 6, 2004) ("*Preliminary Determination*"). The Department's *Preliminary Determination* covered manufacturers/exporters, Hyundai HYSCO ("HYSCO") and SeAH Steel Corporation Ltd. ("SeAH").

On October 4, 2004, the Department received from HYSCO a timely allegation of ministerial errors in the preliminary determination. HYSCO alleged that the Department made a significant ministerial error. The alleged ministerial error was in the Department's recalculation of HYSCO's financial expense ratio. Specifically, HYSCO claims that the Department used the wrong currency denomination (single won instead of 1,000 won) in the gains and losses on currency forward transactions figures.

Significant Ministerial Error

A significant ministerial error is defined as an error, the correction of which, singly or in combination with other errors, would result in (1) a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted-average dumping margin calculated in the original (erroneous) preliminary determination; or (2) a difference between a weighted-average dumping margin of zero or *de minimis* and a weighted-average dumping margin of greater than *de minimis* or vice versa. See 19 CFR 351.224(g).

In this instance, the original preliminary determination resulted in a weighted-average margin of 6.49 percent for HYSCO and for the "All Others" rate. Recalculation of the financial expense ratio using the correct denomination in the gains and losses on currency forward transactions results in a *de minimis* weighted-average dumping margin, thus meeting the requirements under 19 CFR 351.224(g)(2).

Amended Determination

The Department has reviewed its preliminary calculations and agrees that the Department made a ministerial error within the meaning of 19 CFR 351.224(f) in its recalculation of HYSCO's financial expense with regard to the calculation of the gains and losses on currency forward transactions using the wrong currency denomination. For a detailed analysis, see the November 1, 2004, Memorandum to Richard O. Weible from Margaret Pusey and Brandon Farlander regarding the Analysis of
