Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Carol M. White Physical Education Program provides grants to initiate, expand, or improve physical education programs, including after-school programs, for students in one or more grades from kindergarten through 12th grade in order to help students make progress toward meeting State standards for physical education.

Priorities: In accordance with 34 CFR 75.105(b)(2)(iv), the following priority is from sections 5503 and 5504(a) of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (ESEA). (20 U.S.C. 7261b, 7261c)

Absolute Priority: For FY 2004 this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

The initiation, expansion, or improvement of physical education programs (including after-school programs) in order to make progress toward meeting State standards for physical education for kindergarten through 12th grade students by providing equipment and support to enable students to participate actively in physical education activities and providing funds for staff and teacher training and education.

A physical education program funded under this absolute priority must provide for one or more of the following:

- (1) Fitness education and assessment to help students understand, improve, or maintain their physical well-being.
- (2) Instruction in a variety of motor skills and physical activities designed to enhance the physical, mental, and social or emotional development of every student.
- (3) Development of, and instruction in, cognitive concepts about motor skills and physical fitness that support a lifelong healthy lifestyle.
- (4) Opportunities to develop positive social and cooperative skills through physical activity participation.
- (5) Instruction in healthy eating habits and good nutrition.
- (6) Opportunities for professional development for teachers of physical education to stay abreast of the latest research, issues, and trends in the field of physical education.

Competitive Preference Priority:

Within this absolute priority, we give

competitive preference to applications that address the following priority. This priority is from 34 CFR 75.225. For FY 2004 this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(ii) we award an additional five points to an application depending on how well the application meets this priority.

This priority is for applications from novice applicants.

The term *novice applicant* means any applicant for a grant from the U.S. Department of Education that:

- (1) has never received a grant or subgrant under the program from which it seeks funding;
- (2) has never been a member of a group application, submitted in accordance with 34 CFR 75.127–75.129, that received a grant under the program from which it seeks; and
- (3) has not had an active discretionary grant from the Federal Government in the five years before the deadline date for applications under this program (Carol M. White Physical Education Program or its predecessor program, the Physical Education for Progress Program). For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127 through 75.129, to qualify as a novice applicant a group includes only parties that meet the requirements listed above.

Program Authority: 20 U.S.C 7261–7261f.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR, part 86 apply to institutions of higher education only.

In accordance with 34 CFR 75.590, grantees must submit an annual performance report that evaluates:

a. Progress in achieving the objectives in the approved application;

b. The effectiveness of the project in meeting the purposes of the program; and

c. The effect of the project on participants served by the project.

The annual performance report must address these reporting requirements and progress toward meeting the following performance measures established by the Secretary for this program.

In addition, at the end of the project period, a final performance and financial report must be submitted as specified by the Secretary in 34 CFR 75.720.

4. *Performance Measures*: The Secretary has established the following key performance measures for assessing the effectiveness of the Carol M. White Physical Education Program:

a. The number and percentage of students served by the grant actively participating in physical education activities will increase; and

b. The number and percentage of students served by the grant who make progress toward meeting State standards for physical education will increase.

These two measures constitute the Department's indicators of success for this program. Consequently, applicants for a grant under this program are advised to give careful consideration to these two outcomes in conceptualizing the design, implementation, and evaluation of their proposed project. If funded, applicants will be asked to collect and report data in their annual performance reports about progress toward these goals. The Secretary will

also use this information to respond to reporting requirements concerning this program established in Section 5421(f) of the ESEA.
