BILLING CODE 4140-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Library of Medicine; Notice of Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C Appendix 2), notice is hereby given of a meeting of the Board of Scientific Counselors, National Library of Medicine.

The meeting will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

This meeting will be closed to the public as indicated below in accordance with the provisions set forth in section 552b(c)(6), title 5 U.S.C., as amended for the review, discussion, and evaluation of individual intramural programs and projects conducted by the National Library of Medicine, including consideration of personnel qualifications and performance, and the competence of individual investigators, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Board of Scientific Counselors, National Library of Medicine, Board of Scientific Counselors, Lister Hill Center.

Date: September 23-24, 2004.

Open: September 23, 2004, 9 a.m. to 1 p.m.

Agenda: Review of research and development programs and preparation of reports of the Lister Hill Center for Biomedical Communications.

Place: National Library of Medicine, Building 38, Board Room, 2nd Floor, 8600 Rockville Pike, Bethesda, MD 20892.

Closed: September 23, 2004, 1 p.m. to 2 p.m.

Agenda: To review and evaluate personal qualifications and performance, and competence of individual investigators.

Place: National Library of Medicine, Building 38, Board Room, 2nd Floor, 8600 Rockville Pike, Bethesda, MD 20892.

Open: September 23, 2004, 2 p.m. to 5 p.m.

Agenda: Review of research and development programs and preparation of reports of the Lister Hill National Center for Biomedical Communications.

Place: National Library of Medicine, Building 38, Board Room, 2nd Floor, 8600 Rockville Pike, Bethesda, MD 20892.

Open: September 24, 2004, 9 a.m. to 12 p.m.

Agenda: Review of research and development programs and preparation of reports of the Lister Hill National Center for Biomedical Communications.

Place: National Library of Medicine, Building 38, Board Room, 2nd Floor, 8600 Rockville Pike, Bethesda, MD 20892.

Contact Person: Jackie Duley, Program Assistant, Lister Hill National Center for Biomedical Communications, National Library of Medicine, Building 38A, Room 7N-707, Bethesda, MD 20892, (301) 496-4441.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and, when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has instituted stringent procedures for entrance into the building by non-government employees. Persons without a government I.D. will need to show a photo I.D. and sign-in at the security desk upon entering the building.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Library of Medicine; Notice of Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of meetings of the Board of Regents of the National Library of Medicine.

The meetings will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and

the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Board of Regents of the National Library of Medicine Extramural Programs Subcommittee.

Date: September 20, 2004.

Closed: 4 p.m. to 6 p.m.

Agenda: To review and evaluate grant applications.

Place: National Library of Medicine, Building 38A, Room B1N3OQ, 8600 Rockville Pike, Bethesda, MD 20892.

Contact Person: Donald A.B. Lindberg, MD, Director, National Library of Medicine, National Institutes of Health, PHS, DHHS, Bldg. 38, Room 2E17B, Bethesda, MD 20892.

Name of Committee: Board of Regents of the National Library of Medicine Subcommittee on Outreach and Public Information.

Date: September 21, 2004.

Open: 7:30 a.m. to 8:45 a.m.

Agenda: Outreach Activities for the National Library of Medicine.

Place: National Library of Medicine, Building 38, 2nd Floor Mezzanine, 8600 Rockville Pike, Bethesda, MD 20892.

Contact Person: Donald A.B. Lindberg, MD, Director, National Library of Medicine, National Institutes of Health, PHS, DHHS, Bldg. 38, Room 2E17B, Bethesda, MD 20894.

Name of Committee: Board of Regents of the National Library of Medicine.

Date: September 21-22, 2004.

Open: September 21, 2004, 9 a.m. to 4:30 p.m.

Agenda: Administrative Reports and Program Discussion.

Place: National Library of Medicine, Building 38, 2nd Floor Mezzanine, 8600 Rockville Pike, Bethesda, MD 20892.

Closed: September 21, 2004, 4:30 p.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: National Library of Medicine, Building 38, 2nd Floor Mezzanine, 8600 Rockville Pike, Bethesda, MD 20892.

Open: September 22, 2004, 9 a.m. to 12 p.m.

Agenda: Administrative Reports and Program Discussion.

Place: National Library of Medicine, Building 38, 2nd Floor Mezzanine, 8600 Rockville Pike, Bethesda, MD 20892.

Contact Person: Donald A.B. Lindberg, MD, Director, National Library of Medicine, National Institutes of Health, PHS, DHHS, Bldg. 38, Room 2E17B, Bethesda, MD 20894.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and, when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has instituted stringent procedures for entrance

into the building by non-government employees. Persons without a government I.D. will need to show a photo I.D. and sign in at the security desk upon entering the building.

Information is also available on the Institute's/Center's home page: www.nlm.nih.gov/od-bor/bor.html, where an agenda and any additional information for the meeting will be posted when available. BILLING CODE 4140-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Prospective Grant of Exclusive License: "BL22, an Immunotoxin That Shows Efficacy in Clinical Trials in Treating Patients With Chemotherapy-Resistant Hairy Cell Leukemia, and HA22, a Newly Engineered Immunotoxin, Which Shows Improved Cytotoxic Activity Over BL22"

AGENCY: National Institutes of Health, Public Health Service, DHHS.

ACTION: Notice.

SUMMARY: This notice, in accordance with 35 U.S.C. 209(c)(1) and 37 CFR part 404.7(a)(1)(i), that the Food and Drug Administration and the Department of Health and Human Services is contemplating the grant of an exclusive license to practice the inventions embodied in: E-146-1999/0, entitled Reduction of Nonspecific Animal Toxicity of Immunotoxin by Mutating Framework Regions of Fv To Lower Isoelectric Point, which includes: Pending U.S. Patent Application 10/416,129, based on PCT application PCT/US01/43602; E-216-2000/2, entitled Pegylation of Linkers Improves Antitumor Activity and Reduces Toxicity of Immunoconjugates, which includes: Pending U.S. Patent Application 10/297,337, based on PCT application PCT/US01/18503; E-129-2001/0, entitled Mutated Anti-CD22 Antibodies With Increased Affinity to CD22 Expressing Leukemia Cells, which includes: PCT application PCT/US02/30316; and E-046-2004/0, entitled Mutated Anti-CD22 Antibodies and Immunoconjugates, which includes: U.S. Patent Application number 60/525,371; to Genencor International, Inc.,

which is located in Palo Alto, California. The patent rights in these inventions have been assigned to the United States of America.

The prospective exclusive license territory will be worldwide and the field of use may be limited to the use of the BL22 and HA22 immunoconjugates for the treatment of hematologic malignancies.

DATES: Only written comments and/or license applications which are received by the National Institutes of Health on or before October 25, 2004 will be considered.

ADDRESSES: Requests for copies of the patent, inquiries, comments and other materials relating to the contemplated exclusive license should be directed to: Brenda J. Hefti, Technology Licensing Specialist, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, MD 20852-3804; Telephone: (301) 435-4632; Facsimile: (301) 402-0220; and E-mail: heftib@od.nih.gov.

SUPPLEMENTARY INFORMATION: This technology is a family of two immunoconjugates, each consisting of an anti-CD22 antibody coupled to a killing moiety, specifically pseudomonas exotoxin (PE38). The immunotoxins are both targeted towards CD22, and might be useful as therapeutics for the treatment of leukemias, lymphomas, and autoimmune diseases. The BL22 immunoconjugate has shown success in early clinical trials, and it is believed by the investigators that the HA22 immunoconjugate will be superior to the BL22 because of its increased affinity for CD22.

The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR part 404.7. The prospective exclusive license may be granted unless within sixty (60) days from the date of this published notice, the NIH receives written evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR part 404.7.

Applications for a license in the field of use filed in response to this notice will be treated as objections to the grant of the contemplated exclusive license. Comments and objections submitted to this notice will not be made available for public inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

Dated: August 18, 2004.

Steven M. Ferguson,

Director, Division of Technology Development and Transfer, Office of Technology Transfer.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Prospective Grant of Exclusive License: Development of Antibody-Based Therapeutics That Specifically Bind the Platelet-Derived Growth Factor Receptor Alpha (CD140A/PDGFR2/PDGFR1)

AGENCY: National Institutes of Health, Public Health Service, DHHS.

ACTION: Notice.

SUMMARY: This is notice, in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i), that the National Institutes of Health (NIH), Department of Health and Human Services, is contemplating the grant of an exclusive world-wide license to practice the inventions embodied in any or all of (a) U.S. patents 5,468,468 (11/21/1995); 5,833,986 (11/10/1998); 5,863,739 (01/26/1999); 5,965,359 (10/12/1999); 6,228,600 (05/08/2001) and 6,660,488 (12/09/2003), (b) U.S. patent applications 07/308,282 (02/09/1989, now abandoned), 07/915,884 (7/20/1992, now abandoned), 08/439,095 (05/11/1995, pending), 10/700,249 (11/03/2003, pending) and (c) foreign applications corresponding to PCT Patent Application PCT/US90/00617 entitled "Type Alpha Platelet Derived Growth Factor Receptor Gene", published as WO 90/10013 (9/7/1990) to ImClone Systems Incorporated of New York, New York.

The prospective exclusive license may be limited to the development of compositions and methods of utilizing antibody-based products that specifically bind the alpha platelet-derived growth factor receptor (α -PDGFR/CD140a/PDGFR1/PDGFR2/PDGFR α), for the treatment of cancer.

DATES: Only written comments and/or applications for a license which are received by NIH on or before October 25, 2004 will be considered.

ADDRESSES: Requests for a copy of these patent applications, inquiries, comment and other materials relating to the contemplated license should be directed to Susan S. Rucker, Esq., Technology Licensing Specialist, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard,
