(iii) At the time of death, the veteran had a service-connected disability that was continuously rated totally disabling by VA for the period specified in paragraph (c) of this section, but was not receiving compensation because:

(A) VA was paying the compensation to the veteran's dependents;

(B) VA was withholding the compensation under the authority of 38 U.S.C. 5314 to offset an indebtedness of the veteran;

(C) The veteran had not waived retired or retirement pay in order to receive compensation;

(D) VA was withholding payments under the provisions of 10 U.S.C. 1174(h)(2);

(E) VA was withholding payments because the veteran's whereabouts were unknown, but the veteran was otherwise entitled to continued payments based on a total service-connected disability rating; or

(F) VA was withholding payments under 38 U.S.C. 5308 but determines that benefits were payable under 38 U.S.C. 5309.

(b) For purposes of this section, "entitled to receive" means that the veteran filed a claim for disability compensation during his or her lifetime and one of the following circumstances is satisfied:

(1) The veteran would have received total disability compensation at the time of death for a service-connected disability rated totally disabling for the period specified in paragraph (a)(2) of this section but for clear and unmistakable error committed by VA in a decision on a claim filed during the veteran's lifetime; or

(2) Additional evidence submitted to VA before or after the veteran's death, consisting solely of service department records that existed at the time of a prior VA decision but were not previously considered by VA, provides a basis for reopening a claim finally decided during the veteran's lifetime and for awarding a total service-connected disability rating retroactively in accordance with §§ 3.156(c) and

3.400(q)(2) of this part for the relevant period specified in paragraph (a)(2) of this section; or

(3) At the time of death, the veteran had a service-connected disability that was continuously rated totally disabling by VA for the period specified in paragraph (a)(2), but was not receiving compensation because:

(i) VA was paying the compensation to the veteran's dependents;

(ii) VA was withholding the compensation under authority of 38 U.S.C. 5314 to offset an indebtedness of the veteran;

(iii) The veteran had not waived retired or retirement pay in order to receive compensation;

(iv) VA was withholding payments under the provisions of 10 U.S.C. 1174(h)(2);

(v) VA was withholding payments because the veteran's whereabouts were unknown, but the veteran was otherwise entitled to continued payments based on a total service-connected disability rating; or

(vi) VA was withholding payments under 38 U.S.C. 5308 but determines that benefits were payable under 38 U.S.C. 5309.

National Environmental Performance Track Program, Parallel Proposal To Direct Final Rule for RCRA Corrections

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed Rule.

SUMMARY: This proposed rulemaking is a parallel proposal to the direct final rulemaking EPA is also publishing today. EPA is taking direct final action on the National Environmental Performance Track Program, Direct Final Rule for RCRA Corrections. The revisions concern the proposed rule published on August 13, 2002 (67 FR 52674), and the subsequent final rule published on April 22, 2004 (69 FR 21737). Both the 2002 proposal and the 2004 final rule contained an inconsistency between the preamble language and regulatory language. The final rule also inadvertently omitted three references to applicable regulatory provisions that were properly referenced in the proposed rule. We are proposing today's revisions to address the inconsistency between the preamble and regulatory language, and to correct the inadvertently omitted applicable regulatory provisions.

In the "Rules and Regulations" section of today's **Federal Register**, we are approving these revisions and corrections in a direct final rulemaking because we view this as a noncontroversial amendment and anticipate no adverse comment. We have explained our reasons for this approval in the preamble to the direct final rule. If we receive no adverse comment, we will not take further action on this proposed rule. If we receive adverse comment, we will withdraw the direct final rule and it will not take effect, and we will address all public comments in a subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

DATES: Written comments must be received by November 24, 2004.

ADDRESSES: Submit your comments, identified by Docket ID No. OA-2004-0004, by one of the following methods:

Instructions: Direct your comments to Docket ID No. OA-2004-0004. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.epa.gov/edocket>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through EDOCKET, [regulations.gov](http://www.regulations.gov), or e-mail. The EPA EDOCKET and the federal [regulations.gov](http://www.regulations.gov) Web sites are "anonymous access" systems, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through EDOCKET or [regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the EDOCKET index at <http://www.epa.gov/edocket>. Although listed in the index, some information is
