the United States during the POR, we calculated a weighted-average CV based on the sum of the respondent's materials and fabrication costs, SG&A expenses, including interest expenses, packing costs, and profit. In accordance with section 773(e)(2)(A) of the Act, we based SG&A expenses and profit on the amounts incurred and realized by the respondent in connection with the production and sale of the foreign like product, in the ordinary course of trade, for consumption in India. We based selling expenses on weighted-average actual home market direct and indirect selling expenses. In calculating CV, we adjusted the reported costs as described in the COP section above.

Currency Conversion. Pursuant to section 773A(a) of the Act, we converted amounts expressed in foreign currencies into U.S. dollar amounts based on the exchange rates in effect on the dates of the U.S. sales, as certified by the Federal Reserve Bank.

Preliminary Results of Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margin exists for the period December 21, 2001, through June 30, 2003:

Manufacturer/exporter	Margin (percent)
Jindal Polyester Ltd	9.59

We will disclose the calculations used in our analysis to parties to this proceeding within 10 days of publicly announcing the preliminary results of review. See 19 CFR 351.224(b). Any interested party may request a hearing within 30 days of the publication date of this notice. See 19 CFR 351.310(c). If requested, a hearing will be held 44 days after the date of publication of this notice, or the first workday thereafter. Interested parties are invited to comment on the preliminary results. The Department will consider case briefs filed by interested parties within 30 days of the date of publication of this notice. Also, interested parties may file rebuttal briefs, limited to issues raised in the case briefs. The Department will consider rebuttal briefs filed not later than five days after the deadline for filing case briefs. Parties who submit arguments are requested to submit with each argument: (1) A statement of the issue, (2) a brief summary of the argument and (3) a table of authorities. Further, we ask that parties submitting written comments provide the Department with a copy of the public version of any such comments on a diskette. Unless extended, the

Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any written comments, within 120 days from the publication date of this notice.

Assessment Rate

Upon completion of this administrative review, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), when possible, we calculated an importer-specific assessment rate for merchandise subject to this review. Where the importerspecific assessment rate is above de *minimis*, we will instruct CBP to assess the importer-specific rate uniformly on the entered customs value of all entries of subject merchandise made by the importer during the POR. When it was not possible to calculate an importerspecific assessment rate because the importer was not known, we calculated an exporter-specific ad valorem assessment rate. The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of the final results of review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of the instant administrative review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be the rate established in the final results (except that if the rate is *de minimis, i.e.*, less than 0.5 percent, no cash deposit will be required); (2) for previously investigated or reviewed companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less than fair value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be the "all others" rate of 5.71 percent, which is the "all others" rate established in the LTFV investigation, adjusted for the export subsidy rate in the countervailing duty investigation. See Amended Final Determination and Order. These deposit requirements, when imposed, shall remain in effect until publication of the

final results of the next administrative review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and this notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 30, 2004.

James J. Jochum,

Assistant Secretary for Import Administration. [FR Doc. 04–18404 Filed 8–11–04; 8:45 am] BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 080904A]

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will convene a public meeting of the Aquaculture Advisory Panel (AP) to redraft the Generic Amendment Providing for Regulation of Offshore Marine Aquaculture in August 2004. **DATES:** The Council's Aquaculture Advisory Panel will convene from 1 p.m. on August 25, 2004 and conclude no later than 3 p.m. on August 26, 2004 (see **ADDRESSES** for the meeting location).

ADDRESSES: The meeting will be held at the Saint Louis Hotel, 730 Rue Bienville, New Orleans, LA; telephone: 888–508–3980 (see **DATES** for the meeting date and time).

Copies of the discussion material for this meeting may be obtained by calling 813–228–2815.

Council address: Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619.

FOR FURTHER INFORMATION CONTACT:

Wayne Swingle, Executive Director, Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619; telephone: 813–228–2815.

SUPPLEMENTARY INFORMATION: The AP consists largely of scientists with expertise in marine aquaculture. The AP will be redrafting the Generic Amendment Providing for Regulation of **Offshore Marine Aquaculture** (Amendment). The draft amendment contains scientific information on the culture of marine fish and on the environmental effects of such aquaculture. The amendment also contains many alternatives that could be used to regulate aquaculture by best management practices (BMP). The Council solicited public comment on the draft amendment in eight scoping hearings. The AP will consider these public recommendations in redrafting the amendment.

The Gulf of Mexico Fishery Management Council is one of eight regional fishery management councils that were established by the Magnuson-Stevens Fishery Conservation and Management Act of 1976. The Gulf of Mexico Fishery Management Council prepares fishery management plans that are designed to manage fishery resources in the U.S. Gulf of Mexico.

See **ADDRESSES** for copies of the discussion material for this meeting. Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

The meeting is open to the public and is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Dawn Aring at the Council (see **ADDRESSES**) by August 13, 2004.

Dated: August 9, 2004.

Alan D. Risenhoover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service. [FR Doc. 04–1783 Filed 8–11–04; 8:45 am] BILLING CODE

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 080904C]

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will convene a public meeting of the Finfish Stock Assessment Panel (FSAP) to review proposed revisions to the regulations serving as guidelines for interpreting National Standard One under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) in August 2004.

DATES: The Council's FSAP will convene from 1 p.m. to 4:30 p.m. on August 30, 2004.

ADDRESSES: The meeting will be held at the DoubleTree Guest Suites Tampa Bay, 3050 North Rocky Point Drive West, Tampa, FL; telephone: 813–888– 8800.

Copies of the discussion material for this meeting may be obtained by calling 813–228–2815.

Council address: Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619.

SUPPLEMENTARY INFORMATION: National Standard One of the Magnuson-Stevens Act provides management will prevent overfishing while achieving optimum yield from fishery stocks. The guidelines for this standard provide technical guidance on assessing the status of stocks, preventing overfishing and rebuilding overfished stocks. NOAA Fisheries, after scientific review, is preparing to amend the guidelines. The Council's FSAP consists of scientists with expertise on management of fishery stocks and mathematically assessing the status of such stocks. The FSAP will review the revisions proposed by NOAA Fisheries and make their recommendations to the Council on the scientific merit of the proposed changes and/or the need for additional changes.
