FOR FURTHER INFORMATION CONTACT: Barbara Twigg, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, EE-2J, 1000 Independence Avenue, SW., Washington, DC 20585-0121, (202) 586-9611, e-mail:

Barbara.Twigg@ee.doe.gov; or Francine Pinto, Esq., or Thomas DePriest, Esq., U.S. Department of Energy, Office of General Counsel, GC-72, 1000 Independence Avenue, SW., Washington, DC 20585, (202) 586-9507, e-mail: Francine.Pinto@hq.doe.gov, or Thomas.DePriest@hq.doe.gov, respectively.

SUPPLEMENTARY INFORMATION: In May 2001, the National Energy Policy Development Group reported a National

Energy Policy (NEP) to the President. One of the NEP's recommendations called for the President to direct the Secretary of Energy to take steps to improve the energy efficiency of appliances. The recommendation included supporting the existing appliance standards program, setting higher standards where technologically feasible and economically justified, and expanding the scope of the program to include additional consumer products and commercial and industrial equipment where technologically feasible and economically justified.

The Department reevaluates program priorities on an annual basis. On October 1, 2003, DOE completed and distributed the Fiscal Year 2004 priorities based on stakeholder comments regarding priorities drawn from appliance energy data sheets updated from the original FY 2003 Priority-Setting Summary Report and Actions Proposed, dated August 22, 2002. This year, the Department has conducted a more comprehensive updating of the FY 2003 report and has posted the new report, FY 2005 Preliminary Priority-Setting Summary Report and Actions Proposed, on its website for stakeholder comment. This includes draft data sheets on potential new covered products. The Department requests comments on these new products.

The June 9, 2004, public meeting will provide an opportunity to discuss the Department's draft priorities for FY 2005, the new and revised data sheets which support those draft priorities, potential new covered products, and the factors, data, and analysis methods that DOE uses, or might use in its decision-making process. The Department will consider these comments as it determines which products do not merit further consideration at this time for either a standard or a voluntary program, and as DOE assigns existing and new products a priority ranking. Prioritization will by necessity reflect funding and staffing constraints which limit how many rulemakings DOE can pursue.

The meeting will be conducted in an informal, conference style. There will not be any discussion of proprietary information, costs or prices, market shares, or other commercial matters regulated by the U.S. antitrust laws.

After the meeting and expiration of the period for submitting written statements, the Department will consider the comments received.

If you would like to participate in the meeting or be added to the DOE mailing list to receive future notices and information regarding the energy

conservation program for consumer products and commercial and industrial equipment, please contact Ms. Brenda Edwards-Jones at (202) 586-2945.

Issued in Washington, DC, on April 27, 2004.

Douglas L. Faulkner,

Principal Deputy Assistant Secretary, Energy Efficiency and Renewable Energy.

RIN 0607-AA41

Amendment to the Age Search Fee Structure

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of proposed rulemaking and request for comments.

SUMMARY: The Bureau of the Census (Census Bureau) is proposing to amend Title 15, § 50.5, of the Code of Federal Regulations (CFR) to increase the fee for conducting an Age Search from \$40.00 to \$65.00. The Census Bureau also is proposing to add an additional charge of \$20.00 per case for expedited requests requiring search results within one day. These changes are being made to recover the increase in operating costs associated with processing an Age Search request.

DATES: Written comments must be submitted on or before June 1, 2004.

ADDRESSES: Direct all written comments on this proposed rule making to Mark T. Grice, Acting Chief, National Processing Center, U.S. Census Bureau, 1201 East 10th Street, Room 247, Building 66, Jeffersonville, IN 47132, by telephone on (812) 218-3344, or by fax on (812) 218-3293. SUPPLEMENTARY INFORMATION:

Background

The age and citizenship searching service is a self-supporting operation of the Census Bureau, conducted in accordance with 13 U.S.C. 8(a). Under this statute, all expenses incurred in the retrieval of personal information from decennial census records and the preparation of census transcripts are covered by fees paid by individuals who request this service. The Age Search census transcript provides proof of age to qualify individuals for social security or other retirements benefits, proof of citizenship to obtain passports, proof of family relationships for rights of inheritance, or to satisfy other situations where a birth certificate is required but not available. Individuals request the Age Search service to qualify for social security/retirement benefits, obtain passports, documentation for court litigation or insurance settlements, and genealogical research. The 1910 through 2000 censuses in custody of the Census Bureau are confidential and protected from disclosure by 13 U.S.C. 9. No transcript of any record will be furnished that would violate statutes requiring that information furnished to the Census Bureau be held confidential and not used to the detriment of the person to whom it relates.

Program Requirements

There has not been an Age Search fee increase since February 1, 1993. Due to an increase in operating costs over this 11-year period and in order to help maintain the self-supporting financial status, the Census Bureau proposes the following amendment to 15 CFR part 50:

- Amend § 50.5 to update the fee structure and add a fee charge for expedited requests. The Census Bureau proposes increasing the fee structure from \$40.00 to \$65.00 on searches of one census for one person and one transcript. The Census Bureau also is proposing to add an additional charge of \$20.00 per case for expedited requests requiring search results within one day. The additional \$20.00 charge for expedited cases represents the estimated cost to the Census Bureau for this service.

Regulatory Flexibility Act

The Chief Counsel for Regulation of the Department of Commerce certifies to the Chief Counsel for Advocacy of the Small Business Administration that this proposed rule, if adopted, would not have a significant economic impact on a substantial number of small entities. Most, if not all, respondents affected by the proposed fee increase are
