Approval of the Clean Air Act Section 112(I) Program for Hazardous Air Pollutants and Delegation of Authority to the State of Louisiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Louisiana Department of Environmental Quality (LDEQ) has submitted updated regulations for receiving delegation of EPA authority for implementation and enforcement of National Emission Standards for Hazardous Air Pollutants (NESHAPs) for all sources (both part 70 and non-part 70 sources). These regulations apply to certain NESHAPs promulgated by EPA, as amended through July 1, 2002. The delegation of authority under this notice does not apply to sources located in Indian Country. EPA is providing notice that proposes to approve the delegation of certain NESHAPs to LDEQ.

DATES: Written comments must be received by April 26, 2004.

ADDRESSES: Comments must be submitted to Mr. Jeffery Robinson, Air Permits Section, Multimedia Planning and Permitting Division (6PD–R), U.S. Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202–2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in section I.B. of the Supplementary Information section of the direct final rule located in the Rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Mr. Jeffery Robinson, Air Permit Section, Air Permits Section, Multimedia Planning and Permitting Division (6PD–R), U.S. Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202–2733, at (214) 665–6435, or at robinson.jeffrey@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving LDEQ's request for delegation of authority to implement and enforce certain NESHAPs for all sources (both part 70 and non-part 70 sources). LDEQ has adopted certain NESHAPs by reference into Louisiana's state regulations. In addition, EPA is waiving its notification requirements so sources will only need to send notifications and reports to LDEQ.

The EPA is taking direct final action without prior proposal because EPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for this approval is set forth in the preamble to the direct final rule. If no adverse comments are received in response to this action rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is published in the Rules section of this **Federal Register**.

Authority: 42 U.S.C. 7412.

RIN 0938–AL76

Medicare Program; Durable Medical Equipment Regional Carrier (DMERC) Service Areas and Related Matters

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Proposed rule.

SUMMARY: This proposed rule would allow us to change the geographical boundaries served by the regional contractors that process durable medical equipment claims and to make other minor changes in the contract administration of the durable medical equipment regional carriers (DMERCs). It would allow us to increase or decrease the number of DMERCs, to change the boundaries of DMERCs based on criteria other than the boundaries of the Common Working File, and to name new contractors to perform statistical analysis or maintain the national supplier clearinghouse. We would publish the changes and their justifications in a **Federal Register** notice, rather than through notice and comment rulemaking.

Although we are proposing to allow changes to the number and configuration of regional carriers, we are not proposing to alter the criteria and factors that we use in awarding contracts.

The intent of this proposed rule would be to improve the contract process by swiftly meeting the challenges of the changing healthcare industry, addressing the changing needs of beneficiaries, suppliers, and the Medicare program, and facilitating our efforts to provide interested parties with the best value Medicare claims processing services. While we are not proposing to reconfigure the DMERC service boundaries at this time, the changes set forth in this proposed rule would provide a mechanism to swiftly make these kinds of changes without repeatedly invoking full rulemaking.

DATES: We will consider comments if we receive them at the appropriate address, as provided below, no later than 5 p.m. on May 25, 2004.
