

§ 39.13 [Amended]

2. Section 39.13 is amended by adding a new airworthiness directive to read as follows:

Eurocopter France: Docket No. 2003–SW–40–AD.

Applicability: Model EC 155B and B1 helicopters with auxiliary system unit (ASU) board 10 Alpha 2, part number (P/N) SE07451, installed, certificated in any category.

Compliance: Required as indicated, unless accomplished previously.

To prevent an electrical short circuit, failure of landing gear to extend, and an emergency landing, accomplish the following:

(a) Within 15 hours time-in-service (TIS), clean the auxiliary system unit (ASU) board 10 Alpha 2. Clean the ASU board by following the Accomplishment Instructions, paragraphs 2.B.1, and 2.B.2.a., of Eurocopter EC155 Alert Service Bulletin (ASB) No. 31A005, dated August 20, 2003 (ASB No. 31A005).

(b) Within 30 days, modify the wiring and wiring harness permanently by complying with paragraph (c) of this AD or temporarily by following the Accomplishment Instructions, paragraphs 2.B.1, and 2.B.2.a. through 2.B.2.d. of ASB No. 31A005. If temporarily modified:

(1) Install a self-adhesive placard of the size and in the location depicted in Figure 4 of ASB No. 31A005 with the following text in white letters on a red background: “CAUTION: ON GROUND OPERATION OF EMERGENCY LANDING GEAR PUMP IS TIME LIMITED—SEE OPERATING LIMITATIONS” and

(2) Revise the Operating Limitations by inserting the following text into the Rotorcraft Flight Manual (RFM):

“(i) Limit the emergency landing gear pump (pump) to 10 minutes of continuous operation.

(ii) When the pump is continuously operated from 1 to 5 minutes, allow it to cool for 15 minutes before further use.

(iii) When the pump is continuously operated from 5 to 10 minutes, allow it to cool for 30 minutes before further use.”

Note 1: Modifying the electric wiring covered by Alert Telex No. 31A005R1, dated September 19, 2002, led to inhibiting the protective thermal switch of the electric pump. This resulted in the need for a limitation placard. The purpose of the limitation placard is to remind operators about the on-ground operating limitations that apply to the electric pump.

(c) Within 10 months, modify the wiring and wiring harness by following the Accomplishment Instructions, paragraphs 2.A. and 2.B., of Eurocopter EC155 ASB No. 31A008, dated August 20, 2003 (ASB No. 31A008). If you made the temporary modifications described in paragraph (b) of this AD, remove the placard from the helicopter and the limitations inserted in the RFM as a result of paragraphs (b)(1) and (b)(2) of this AD.

(d) Permanently modifying the wiring and wiring harness following ASB No. 31A008 is

terminating action for the requirements of this AD.

(e) To request a different method of compliance or a different compliance time for this AD, follow the procedures in 14 CFR 39.19. Contact the Safety Management Group, Rotorcraft Directorate, FAA, for information about previously approved alternative methods of compliance.

(f) Special flight permits will not be issued.

Note 2: The subject of this AD is addressed in Direction Generale De L’Aviation Civile (France) AD Nos. 2002–515(A) R1 and 2003–323(A), both dated September 3, 2003.

Issued in Fort Worth, Texas, on March 10, 2004.

Scott A. Horn,

Acting Manager, Rotorcraft Directorate, Aircraft Certification Service.

[Docket No. FAA–2003–16722; Airspace Docket No. 03–AWP–19]

RIN 2120–AA66

Establishment of Restricted Area 2503D, Camp Pendleton; CA

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish a restricted area (R–2503D) over Camp Pendleton, CA. Specifically, this action proposes to convert the current San Onofre High and Low Military Operations Areas (MOA) and the associated Controlled Firing Area (CFA) to R–2503D. The FAA is taking this action to assist the Camp Pendleton U.S. Marine Corps (USMC) Base, CA, mission of providing realistic fleet training requirements and to enhance safety.

DATES: Comments must be received on or before May 10, 2004.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590–0001. You must identify FAA Docket No. FAA–2003–16722, and Airspace Docket No. 03–AWP–19, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules, Office of System Operations and Safety, ATOP–R, Federal Aviation Administration, 800

Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2003–16722, and Airspace Docket no. 03–AWP–19) and be submitted in triplicate to the Docket Management System (*see ADDRESSES* section for address and phone number). You may also submit comments through the Internet at <http://dms.dot.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to FAA Docket No. FAA–2003–16722, and Airspace Docket No. 03–AWP–19.” The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM’s

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA’s Web page at <http://www.faa.gov>, or the **Federal Register’s** Web page at <http://www.gpoaccess.gov/fr/index.html>.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (*see ADDRESSES* section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except

Federal holidays. An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, AWP-520, 15000 Aviation Boulevard, Lawndale, CA 90261.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, for a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 73 (part 73) to revise and expand the dimensions of the current San Onofre MOAs over the Camp Pendleton, CA, area. The USMC has requested these changes because the existing special use airspace does not permit essential large-scale amphibious assault activities (including artillery live-fire, fixed-wing close air support, and remotely operated aircraft operations).

The existing restricted areas over Camp Pendleton are R-2503A, extending from the surface up to 2000 feet mean sea level (MSL); R-2503B, extending from the surface up to 15,000 feet MSL; and R-2503C, extending from 15,000 feet MSL to FL 270. These areas will not be changed. The San Onofre High and Low MOAs lie adjacent to the restricted areas from 2,000 feet MSL up to, but not including 8,000 feet MSL. This proposed amendment would convert the San Onofre High and Low MOAs, and the associated CFA to R-2503D, which would extend from 2,000 feet MSL up to 11,000 feet MSL. The San Onofre MOA and CFA designations would be revoked.

The time of designation for R-2503D would be intermittent by NOTAM 24 hours in advance, and limited to a maximum use of 20 days per year from 0600 to 2400 hours local time, and no more than 90 days per year between 0001 and 0600 local time. The restricted area would be available for joint-use and scheduled for training operations on an as needed basis subject to the maximum use limits.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3)

does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to the appropriate environmental analysis in accordance with FAA Order 1050.1D, Policies and Procedures for Considering Environmental Impacts, prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 73

Airspace, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 73 as follows:

PART 73—SPECIAL USE AIRSPACE

1. The authority citation for part 73 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 73.25 [Amended]

2. § 73.25 is amended as follows:

* * * * *

R-2503D Camp Pendleton, CA [Added]

Boundaries. Beginning at lat. 33°22'42" N.; long. 117°36'45" W.; to lat. 33°27'13" N.; long. 117°34'17" W.; to lat. 33°18'41" N.; long. 117°23'58" W.; to lat. 33°17'30" N.; long. 117°16'43" W.; to lat. 33°14'09" N.; long. 117°26'38" W.; to the point of the beginning by following a line 1 NM from and parallel to the shoreline.

Designated altitudes. 2,000 feet MSL to 11,000 feet MSL.

Time of designation. Intermittent by NOTAM 24 hours in advance not to exceed 20 days per year from 0600 to 2400 local time and not more than 90 days per year between 0001 and 0600 local.

Controlling agency. FAA, Southern California TRACON.

Using agency. U.S. Marine Corps, Commanding General, MCB Camp Pendleton, CA.

* * * * *

Issued in Washington, DC, March 18, 2004.

Reginald C. Matthews,

Manager, Airspace and Rules.

BILLING CODE 4910-13-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

[REG-121475-03]

RIN 1545-BC61

Qualified Zone Academy Bonds; Obligations of States and Political Subdivisions

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice of proposed rulemaking and notice of public hearing.

SUMMARY: This document contains proposed regulations that amend the final regulations on qualified zone academy bonds. These regulations provide guidance to State and local governments that issue qualified zone academy bonds and to banks, insurance companies, and other taxpayers that hold those bonds. These regulations provide guidance on the maximum term, permissible use of proceeds, and remedial actions for qualified zone academy bonds. This document also provides notice of a public hearing on these proposed regulations.

DATES: Written or electronic comments on this rule must be received by June 24, 2004. Requests to speak and outlines of topics to be discussed at the public hearing scheduled for July 21, 2004, at 10 a.m., must be received by July 12, 2004. Comments on the collection of information should be received by May 25, 2004.

ADDRESSES: Send submissions to CC:PA:LPD:PR (REG-121475-03), room 5203, Internal Revenue Service, POB 7604, Ben Franklin Station, Washington, DC 20044. Submissions may be hand delivered Monday through Friday between the hours of 8 a.m. and 4 p.m. to CC:PA:LPD:PR (REG-121475-03), Courier's Desk, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, DC. Alternatively, taxpayers may submit comments electronically via the IRS Internet site at: <http://www.irs.gov/regs>. The public hearing will be held in room 7218, Internal Revenue Building, 1111 Constitution Avenue, NW., Washington, DC.

FOR FURTHER INFORMATION CONTACT: Concerning the regulations, Timothy L. Jones or Zoran Stojanovic, (202) 622-3980; concerning submissions of comments, the hearing, and requests to be placed on the building access list to attend the meeting, Guy R. Traynor, (202) 622-3693 (not toll-free numbers).

SUPPLEMENTARY INFORMATION:
