

KPC further states that due to an inadvertent error and the moving of its office personnel to comply with the Commission's Order 2004 Energy Affiliate Rule, its Regulatory Department did not receive the Commission's notice of the 2004 ACA unit change prior to the September 1, 2004 filing deadline for making such changes to its FERC Gas Tariff. Additionally, KPC states that it believes good cause exists and therefore requests a waiver of the requirements of § 154.207 of the Commission's regulations, and any other waiver that may be necessary, to permit the proposed tariff sheets to be made effective on October 1, 2004.

KPC states that copies of its transmittal letter and appendices have been mailed to all affected customers and interested state commissions.

Northern Natural Gas Company; Notice of Limited Waiver

September 14, 2004.

Take notice that on August 31, 2004, Northern Natural Gas Company (Northern) tendered for filing a petition for limited waiver of Northern's FERC Gas Tariff in order to allow FDD shippers to use the imbalance-to-storage option for resolving imbalances during the period of August 25, 2004 through September 30, 2004.

Northern states that the purpose of the storage allocation provision is to prevent shippers from injecting or withdrawing from their FDD or IDD storage accounts when there is insufficient daily storage capacity to accommodate all daily storage nominations. On storage allocation days imbalance-to-storage shippers still have the option to resolve their imbalances using the Monthly Imbalance Trading or Monthly Cash-in/out provisions.

[Docket No. CP04-13-002]

Saltville Gas Storage Company L.L.C.; Notice of Application To Amend Certificate

September 14, 2004.

On August 2, 2004, Saltville Gas Storage Company L.L.C. (Saltville) submitted a compliance filing pursuant to the Commission's June 14, 2004 "Order Issuing Certificates" in Docket Nos. CP04-13-000, CP04-14-000, and CP04-15-000. *Saltville Gas Storage Company L.L.C.*, 107 FERC ¶ 61,267 (2004). On August 5, 2004 the Commission issued a "Notice of Compliance Filing" in Docket No. CP04-14-002 taking notice of Saltville's August 2, 2004 submittal of a compliance filing. The notice established August 20, 2004 as the deadline for submitting protests to Saltville's compliance filing.

An application to amend the certificate of public convenience and necessity issued in Docket No. CP04-13-000 was also included in Saltville's August 2, 2004 compliance filing. The August 5, 2004 notice did not address the amendment application. Accordingly, Saltville's amendment application is the subject of the instant notice.

Specifically, Saltville's August 2, 2004 compliance filing contains rates designed on the *Equitable* method as required in the June 14, 2004 Order, as well as rates based on an alternately proposed rate design method. The filing also reflects a lowering of the originally proposed capacity of Saltville's salt storage caverns. Therefore, the Commission is considering Saltville's compliance filing to be, in part, a request in Docket No. CP04-13-002 to amend the certificate of public convenience and necessity issued in Docket No. CP04-13-000. The filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. Any person who filed a motion to intervene in response to Saltville's applications filed on November 10, 2003 does not need to refile a motion to intervene in response to this request for
