#### Correction to Revision of Licensee's Responsibility To Communicate License Conditions

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Interim rule; Correction.

**SUMMARY:** The Bureau of Industry and Security is correcting an interim rule that appeared in the **Federal Register** of November 23, 2004 (67 FR 68076). The rule amended the regulations to require licensees to communicate in writing specific licensing conditions. This rule amends the Export Administration Regulations (EAR) by correcting an error by inserting regulatory text inadvertently omitted.

**DATES:** This correction is effective: November 23, 2004.

**FOR FURTHER INFORMATION CONTACT:** Jeffery Lynch, Regulatory Policy Division, Office of Exporter Services, Bureau of Industry and Security; e-mail: [jlynch@bis.doc.gov](mailto:jlynch@bis.doc.gov).

**SUPPLEMENTARY INFORMATION:** This rule amends the document appearing on page 68077 of the **Federal Register** of Thursday, November 23, 2004. BIS amends the rule to correct an error in the interim rule requiring licensees to communicate in writing specific license conditions to the parties to whom the license conditions apply.

#### § 750.7 [Corrected]

1. On page 68077 of the **Federal Register**, in the second column, amendment number 3 to section 750.7 is corrected to read as follows: "It is the licensee's responsibility to communicate in writing the specific license conditions to the parties to whom those conditions apply."

#### Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget

(OMB) Control Number. This rule involves a collection of information subject to the PRA. This collection has been approved by OMB under control number 0694-0122, "Multi-Purpose Application," which carries a burden hour estimate of 10 minutes for a manual or electronic submission. Send comments regarding these burden estimates or any other aspect of this collection of information, including suggestions for reducing the burden, to David Rostker, Office of Management and Budget (OMB), by e-mail to [David.Rostker@omb.eop.gov](mailto:David.Rostker@omb.eop.gov), or by fax to (202) 395-7285; and to the Office of Administration, Bureau of Industry and Security, Department of Commerce, 14th and Pennsylvania Avenue, NW., Room 6883, Washington, DC 20230.

3. This rule does not contain policies with federalism implications as that term is defined under E.O. 13132.

4. The Department finds under 5 U.S.C. 553(b)(B) that good cause exists to waive prior notice and opportunity for public comment. This rule revises the EAR to require licensees to communicate in writing specific license conditions to the parties to whom they apply. This rule merely clarifies the identify of the person to whom the notice must be provided. The previously existing EAR requirement to provide such notice is unchanged by this rule. Because the rule containing the error has not become effective, this correction is not a substantive change to the EAR. Accordingly, it is unnecessary to provide prior notice and opportunity for public comment. Therefore, this rule is being issued in final form.

Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis. Comments should be submitted to Jeffrey Lynch, Regulatory Policy Division, Office of Exporter Services, Bureau of Industry and Security, P.O. Box 273, Washington, DC 20044, e-mailed to: [jlynch@bis.doc.gov](mailto:jlynch@bis.doc.gov), or faxed to (202) 482-3355. The public record concerning this regulation will be maintained in the Bureau of Industry and Security Freedom of Information Records Inspection Facility, Room 6881, Department of Commerce, 14th Street and Pennsylvania Avenue, NW., Washington, DC 20230. Records in this facility may be inspected and copied in accordance with regulations published in part 4 of Title 15 of the Code of Federal Regulations. Information about the inspection and copying of records at the facility may be obtained from the Bureau of Industry and Security Freedom of Information Officer, at the above address or by calling (202) 482-0500. ##### Background

On January 23, 2004, the President signed, thereby enacting into law, the Consolidated Appropriations Act, Fiscal Year 2004 (the Act), Public Law 108-199, 118 Stat. 3. Division F of the Act (the Transportation, Treasury, and Independent Agencies Appropriations Act, 2004, at 118 Stat. 279), Title I, section 124, directs the Secretary of Transportation to amend the MUTCD to include a provision permitting information to be provided to motorists to assist motorists in locating licensed 24-hour pharmacy services open to the public. The Act also allows placement of logo panels that display information disclosing the names or logos of pharmacies that are located within three miles of an interchange on the Federal-aid system.<sup>1</sup>

The FHWA published an interim final rule on May 10, 2004, at 69 FR 25828, that amended the 2003 Edition of the Manual on Uniform Traffic Control Devices (MUTCD) to implement the requirements of the Act and provide for the uniformity of signing for pharmacy services when jurisdictions choose to install such signs. Those changes were designated as Revision No. 1 to the 2003 Edition of the MUTCD, and they became effective on July 21, 2004. In the interim final rule, the FHWA provided a 50-day comment period for the public to review and make comment on the technical details. Based on the comments received and its own experience, the FHWA is adopting as final the interim rule for Revision No. 1, with certain changes to

<sup>1</sup> Federal-aid systems are defined in 23 U.S.C. 101 and 103.

the technical details to address pertinent comments to the docket.

The text of this Revision No. 1 and the text of the 2003 Edition of the MUTCD with Revision No. 1 final text incorporated are available for inspection and copying as prescribed in 49 CFR part 7 at the FHWA Office of Transportation Operations. Furthermore, final Revision No. 1 changes are available on the MUTCD Internet site (<http://mutcd.fhwa.dot.gov>). The entire MUTCD text with final Revision No. 1 text incorporated is also available on this Internet site.

##### Summary of Comments

The FHWA received 36 letters submitted to the docket, of which four were duplicates of letters previously submitted to the docket. Comments were received from the National Committee on Uniform Traffic Control Devices (NCUTCD), four State Departments of Transportation, four members of Congress and a Senator all representing the State of Illinois, two national organizations representing pharmacy businesses, six other national organizations representing a variety of interests, nine organizations representing retail merchants or drug stores in individual States, one major national chain drug store company, and four individual private citizens. The FHWA has reviewed and analyzed all the comments received. General comments are discussed first, followed by discussion of significant comments and adopted changes in each of the individual sections of the MUTCD affected by this final rule.

##### Discussion of General Comments—Part 2 Signs

Nearly all the letters to the docket expressed either support for or opposition to the general concept of adding signing for 24-hour pharmacies to the MUTCD. The comments from the four members of Congress and the Senator representing the State of Illinois were in support of the changes. The FHWA was required by the law described above to add pharmacy signing to the MUTCD and, as a result, the interim final rule solicited comments only on the technical details of the signing and not the general concept. The comments we received in opposition to the general concept provided insufficient information to suggest that the FHWA should seek legislative relief at this time.
