

Antidumping Duty Order

On July 29, 2004, in accordance with section 735(d) of the Act, the International Trade Commission (“the Commission”) notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Act that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from the PRC. Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (“CBP”) to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price of the merchandise for all relevant entries of THFA from the PRC. These antidumping duties will be assessed on all unliquidated entries of THFA from the PRC entered, or withdrawn from the warehouse, for consumption on or after January 27, 2004, the date on which the Department published its *Notice of Preliminary Determination of Sales at Less Than Fair Value: Tetrahydrofurfuryl Alcohol From The People’s Republic of China*, 69 FR 3887 (January 27, 2004).

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of THFA, we extended the four-month period to no more than six months. See *Notice of Postponement of Final Determination of Antidumping Duty Investigation: Tetrahydrofurfuryl Alcohol From The People’s Republic of China*, 69 FR 12127 (March 15, 2004). In this investigation, the six-month period beginning on the date of the publication of the preliminary determination ends on July 27, 2004. Furthermore, section 737 of the Act states that definitive duties are to begin on the date of publication of the ITC’s final injury determination. Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of THFA from the PRC entered, or withdrawn from warehouse, for consumption on or after July 27, 2004, and before the date of publication of the ITC’s final injury determination in the

Federal Register. Suspension of liquidation will continue on or after this date.

On or after the date of publication of the Commission’s notice of final determination in the **Federal Register**, CBP will require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as listed below. The “PRC-wide” rate applies to all exporters of subject merchandise not specifically listed. The weighted-average dumping margins are as follows:

Manufacturer/exporter	Weighted-average margin (percent)
Qingdao Wenkem (F.T.Z.) Trading Co., Ltd	136.86
PRC-Wide	136.86

This notice constitutes the antidumping duty order with respect to THFA from the PRC pursuant to section 735(a) of the Act. Interested parties may contact the Department’s Central Records Unit, Room B-099 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This order is published in accordance with section 736(a) of the Act and 19 CFR 351.211.

Dated: August 2, 2004.
Joseph A. Spetrini,
Acting Assistant Secretary for Import Administration.

Proposed Information Collection; Comment Request; Tilefish Reporting in the Gulf of Mexico

AGENCY: National Oceanic and Atmospheric Administration (NOAA).
ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before October 5, 2004.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to John Poffenberger, Southeast Fisheries Science Center, 75 Virginia Beach Drive, Miami, FL 33149, (phone 305-361-4263).

SUPPLEMENTARY INFORMATION:

I. Abstract

Fishery quotas are established for species in the tilefish management unit within the Gulf of Mexico Reef Fish Fishery Management Plan (FMP) (see 50 CFR 622.42(a)(1)(iv)).

The existing methods of monitoring the tilefish quota established by the FMP are likely to be ineffective. The Southeast Fisheries Science Center intends to use the authority under section 50 CFR 622.5(c)(3)(ii) to require dealers to report purchases (landings) of species in the tilefish fishery on a monthly basis. This reporting methodology is the same as the procedures that have been established to monitor the deep-water and shallow-water grouper quotas also established under the Reef Fish FMP.

II. Method of Collection

The Southeast Fisheries Science Center will provide a reporting form to each dealer selected to report. The dealer must complete the reporting form by providing the name and permit number of the company and the amount purchased (landed) for the previous month for the individual species in tilefish management unit. This form must be faxed or sent as an e-mail attachment to the Southeast Fisheries Science Center, Miami, FL, within five business days of the end of each month until the quota is reached and the fishery is closed. For dealers that do not have a rapidfax machine or access to e-mail, pre-addressed, pre-paid envelopes will be provided.

III. Data

OMB Number: None.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business and other for-profit organizations (seafood dealers and fishermen).

Estimated Number of Respondents: 85.

Estimated Time Per Response: 2 minutes.

Estimated Total Annual Burden Hours: 3 hours.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: July 20, 2004.

Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of affirmative finding renewal.

SUMMARY: The Assistant Administrator for Fisheries, NMFS, (Assistant Administrator) renewed the affirmative finding for the Government of Mexico under the Marine Mammal Protection Act (MMPA). This affirmative finding renewal will allow yellowfin tuna harvested in the Eastern Tropical Pacific Ocean (ETP) in compliance with the International Dolphin Conservation Program (IDCP) by Mexican-flag purse seine vessels or purse seine vessels operating under Mexican jurisdiction to continue to be imported into the United

States. The affirmative finding renewal was based on review of documentary evidence submitted by the Government of Mexico and obtained from the Inter-American Tropical Tuna Commission (IATTC) and the Department of State.

DATES: Effective April 1, 2004, through March 31, 2005.

FOR FURTHER INFORMATION CONTACT:

Regional Administrator, Southwest Region, NMFS, 501 West Ocean Boulevard, Suite 4200, Long Beach, California, 90802-4213; Phone 562-980-4000; Fax 562-980-4018.

SUPPLEMENTARY INFORMATION: The MMPA, 16 U.S.C. 1361 *et seq.*, as amended by the International Dolphin Conservation Program Act (IDCPA) (Public Law 105-42), allows the entry into the United States of yellowfin tuna harvested by purse seine vessels in the ETP under certain conditions. If requested by the harvesting nation, the Assistant Administrator will determine whether to make an affirmative finding based upon documentary evidence provided by the government of the harvesting nation, the IATTC, or the Department of State. The finding will be reviewed annually to ensure that the nation continues to meet the requirements for an affirmative finding. The requirements must be met in order for the finding to remain valid for the following 12-month period (April 1 through March 31) or for such other period as the Assistant Administrator may determine.

The affirmative finding process requires that the harvesting nation meet several conditions related to compliance with the IDCP. Every 5 years, the government of the harvesting nation must request an affirmative finding and submit the required documentary evidence directly to the Assistant Administrator. A nation may provide information regarding compliance with the IDCP directly to NMFS on an annual basis or may authorize the IATTC to release the information to NMFS in years when NMFS will review and consider whether to issue an affirmative finding determination without an application from the harvesting nation.

An affirmative finding will be terminated, in consultation with the Secretary of State, if the Assistant Administrator determines that the requirements of 50 CFR 216.24(f) are no longer being met or that a nation is consistently failing to take enforcement actions on violations, thereby diminishing the effectiveness of the IDCP. Every 5 years, the government of the harvesting nation must request an affirmative finding and submit the
