

were increasingly subject to automated computational checks.

This study will provide current information on the quality of tenant interviewing (e.g., whether they are they being asked about all sources of income) and the reliability of eligibility determinations and income verifications. It is anticipated successive studies will be done on a one or two year cycle. Legislation that has been approved by the House and the Senate (H.R. 4878) may require annual updates.

Members of the Affected Public: Recipients of Public Housing and Section 8 housing assistance subsidies.

Estimation of the Total Number of Hours Needed With Those Surveyed to Conduct the Information Collection, Including Number of Respondents, Frequency of Response, and Hours of Response: The researchers will survey approximately 400 PHA/program sponsor staff about (re)certification procedures, training, interview procedures, and problems encountered in conducting (re)certifications. Although more than one staff member may need to be contacted to obtain answers to all questions, the questionnaire will be administered once at each participating project and the interviews are expected to take less than 35 minutes. Researchers will survey approximately 2,400 program participants to obtain information on household composition, expenses, and income. The time required for these interviews will vary, but is estimated to require an average of about 50 minutes per interview.

The time estimated provided are based on the 2000 QC survey. This survey will again make use of Computer Assisted Interviewing (CAI) questionnaire and equipment, which are being used in part because they are known to reduce interview times. This software also provides for consistency checks and ensures that all needed data have been collected, thereby reducing the need for follow-up contacts.

Status of the Proposed Information Collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: November 13, 2002.

On March 26, 2002 (67 FR 13927), HUD published a Notice of Funding Availability (NOFA) announcing the availability of \$7.5 million in Fiscal Year 2002 for the Community Outreach Partnership Centers Program. The Department reviewed, evaluated and scored the applications received based on the criteria in the NOFA. As a result, HUD has funded 15 applications for New Grants and 7 applications for New Directions Grants. New Grants, which cannot exceed \$400,000, are for institutions of higher education just beginning a COPC project.
