

describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request and the ICR will also be posted on our Web site at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm.

Public Comment Policy. We will post all comments in response to this notice on our web site at http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm. We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Individual respondents may request that we withhold their home address from the public record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Jo Ann Lauterbach, (202) 208-7744.

Dated: October 15, 2002.

Lucy Querques Denett,

Associate Director for Minerals Revenue Management.

BILLING CODE 4310-MR-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0057).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under 30 CFR part 250, subpart C, Pollution Prevention Control, and related documents. This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements.

DATES: Submit written comments by December 16, 2002.

ADDRESSES: You may submit comments directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010-0057), 725 17th Street, NW., Washington, DC 20503. Mail or hand-carry a copy of your comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170-4817. If you wish to E-mail your comments to MMS, the address is: rules.comments@MMS.gov. Reference Information Collection 1010-0057 in your subject line. Include your name and return address, and mark your message for return receipt.

FOR FURTHER INFORMATION CONTACT: Alexis London, Rules Processing Team, telephone (703) 787-1600. You may also contact Alexis London to obtain a copy at no cost of the regulations that require the subject collection of information.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR part 250, Subpart C, Pollution Prevention and Control.

OMB Control Number: 1010-0057.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner which is consistent with the need to make such

resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

Section 1332(6) states that "operations in the [O]uter Continental Shelf should be conducted in a safe manner by well-trained personnel using technology, precautions, and techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstruction to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property, or endanger life or health." Section 1334(a)(8) requires that regulations prescribed by the Secretary include provisions "for compliance with the national ambient air quality standards pursuant to the Clean Air Act (42 U.S.C. 7401 *et seq.*), to the extent that activities authorized under this Act significantly affect the air quality of any State." Section 1843(b) calls for "regulations requiring all materials, equipment, tools, containers, and all other items used on the Outer Continental Shelf to be properly color coded, stamped, or labeled, wherever practicable, with the owner's identification prior to actual use."

This notice concerns the reporting and recordkeeping elements of 30 CFR part 250, subpart C, Pollution Prevention and Control, and related notices to lessees and operators that clarify and provide additional guidance on some aspects of the regulations. Responses are mandatory. No questions of a "sensitive" nature are asked. MMS will protect proprietary information according to 30 CFR 250.196 (Data and information to be made available to the public), 30 CFR part 252 (OCS Oil and Gas Information Program), and the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR 2).

MMS OCS Regions collect information required under subpart C to ensure that there is no threat of serious, irreparable, or immediate damage to the marine environment, and to identify potential hazards to commercial fishing caused by OCS activities. We also use the information collected to ensure that operations are conducted according to all applicable regulations and permit conditions/requirements, comply with the approved emission levels to minimize air pollution of the OCS and adjacent onshore areas, and are

conducted in a safe and workmanlike manner. In addition, we require daily inspection of facilities to prevent pollution and to ensure that problems observed have been corrected.

In the Gulf of Mexico OCS Region (GOMR), we require lessees/operators to periodically monitor and collect air emissions and meteorological data to satisfy Environmental Protection Agency and Clean Air Act requirements. The States and regional air quality groups use the information to perform regional air quality modeling in support of State Implementation Plans (SIPs). The GOMR plans regional modeling for emissions data in the year 2005. In preparation, affected respondents will be required to collect and report air pollutant emissions data for OCS

activities in the GOMR for the year 2005. The year 2005 corresponds to a Clean Air Act requirement for States with non-attainment areas to prepare and/or update air pollutant emission inventories suitable for air quality modeling in support of the development of SIPs. Thus the year 2005 OCS emissions inventory will be contemporary with the emissions inventory the States are required to prepare. The onshore and OCS 2005 data will be used in regional air quality modeling and emissions control decision-making. Respondents will gather OCS 2005 data during the calendar year 2005 and report in 2006.

Frequency: On occasion, monthly, or annually; and daily for pollution inspection records.

Estimated Number and Description of Respondents: Approximately 130 Federal OCS oil and gas or sulphur lessees and 17 States.

Estimated Reporting and Recordkeeping "Hour" Burden: The estimated annual hour burden for this information collection is 159,913 hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Citation 30 CFR 250 subpart C	Reporting and recordkeeping requirement	Hour burden	Average annual responses	Annual burden hours
300(b)(1), (2)	Obtain approval to add petroleum-based substance to drilling mud system or approval for method of disposal of drill cuttings, sand, & other well solids, including those containing NORM.	3	130 lessees	390
300(c)	Mark items that could snag fishing devices	1/2	130 lessees	65
300(d)	Report items lost overboard	1	130 lessees	130
303(a) thru (d), (i), (j); 304(a),(f)	Submit or revise Exploration Plans and Development and Production Plans; submit information required under 30 CFR part 250, subpart B.	Burden covered under 1010-0049		0
303(k); 304(g)	If requested, submit additional follow-up monitoring information for year 2000 study of selected sites in the BNWA area.	8	75% of 350 platforms = 262.	2,100 over 3 years = 700
303(k); 304(a), (g)	If requested, submit additional or follow-up monitoring information for year 2000 study of selected sites in the western/central GOM area on ozone and regional haze air quality.	4	75% of 1,500 platforms = 1,125.	4,500 over 3 years = 1,500
303(k); 304(a), (g)	Monitor air quality emissions and submit data to MMS or to a State (new 1-year study of sites in the western/central GOM area on ozone and regional haze air quality; data collection in 2005; report submitted in 2006).	2 hours per month x 12 months = 24.	1,850 platforms	44,400 over 3 years = 14,800
303(l); 304(h)	Collect and submit meteorological data (not routinely collected).	None planned in the next 3 years		0
304(a), (f)	Affected State may submit request to MMS for basic emission data from existing facilities to update State's emission inventory.	4	5 requests	20
304(e)(2)	Submit compliance schedule for application of best available control technology.	40	10 schedules	400
304(e)(2)	Apply for suspension of operations	Burden covered under 1010-0114		0
304(f)	Submit information to demonstrate that exempt facility is not significantly affecting air quality of onshore area of a State.	8	10 submissions	80
300-304	General departure and alternative compliance requests not specifically covered elsewhere in subpart C regulations.	2	130 requests	260
Subtotal—Reporting			3,782	18,345
300(d)	Record items lost overboard	1	130 lessees	130
301(a)	Inspect drilling/production facilities daily for pollution; maintain inspection/repair records 2 years.	1/4 hour/day x 365 days = 91.25.	1,550 facilities	141,438
Subtotal—Recordkeeping			1,680	141,568
Total hour burden			5,462	159,913

Estimated Reporting and Recordkeeping "Non-Hour Cost"

Burden: We anticipate no paperwork non-hour cost burdens during the next 3 years.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. * * *" Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on March 28, 2002, we published a **Federal Register** notice (67 FR 14964) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control numbers for the information collection requirements imposed by the 30 CFR part 250 regulations and forms. That regulation also informs the public at they may comment at any time on the collections of information and provides the address to which they should send comments. We received no comments in response to the notice or unsolicited comments from respondents covered under these regulations.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by December 16, 2002.

Public Comment Policy: Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual

respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by the law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Jo Ann Lauterbach, (202) 208-7744.

Dated: October 10, 2002.

E. P. Danenberger,

Chief, Engineering and Operations Division.
