**AGENCY:** International Trade Commission.

**ACTION:** Termination of five-year reviews.

**SUMMARY:** The subject five-year reviews were initiated in October 2002 to determine whether revocation of the antidumping duty orders on collated roofing nails from China and Taiwan would be likely to lead to continuation or recurrence of dumping and of material injury to a domestic industry. ### **Durum and Hard Red Spring Wheat From Canada**

#### **Determinations**

On the basis of the record<sup>2</sup> developed in the subject investigations, the United States International Trade Commission (Commission) determines,<sup>3</sup> pursuant to sections 703(a) and 733(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a) and 1673b(a)) (the Act), that there is a reasonable indication that industries in the United States are materially injured by reason of imports from Canada of durum and hard red spring wheat,

<sup>1</sup> Subsequent to the Commission's institution of these investigations, the Department of Commerce (Commerce) initiated separate countervailing duty investigations on durum wheat (C-122-846) and hard red spring wheat (C-122-848), and separate antidumping investigations on durum wheat (A-122-845) and hard red spring wheat (A-122-847). For consistency, the Commission is further delineating its investigation numbers for the duration of the investigations as follows: investigations Nos. 701-TA-430A and 731-TA-1019A will cover durum wheat and investigations Nos. 701-TA-430B and 731-TA-1019B will cover hard red spring wheat.

#### **Commencement of Final Phase Investigations**

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from Commerce of affirmative preliminary determinations in the investigations under sections 703(b) and 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) and 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

#### **Background**

On September 13, 2002, a petition was filed with the Commission and Commerce by the North Dakota Wheat Commission (hard red spring wheat), Bismarck, ND; the Durum Growers Trade Action Committee (durum wheat), Bismarck, ND; and the U.S. Durum Growers Association (durum wheat), Bismarck, ND, alleging that industries in the United States are materially injured and are threatened with material injury by reason of subsidized and LTFV imports of durum and hard red spring wheat from Canada. Accordingly, effective September 13, 2002, the Commission instituted countervailing duty and antidumping

The conference was held in Washington, DC, on October 4, 2002, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on November 25, 2002.

The views of the Commission are contained in USITC Publication 3563 (December 2002), entitled *Durum and Hard Red Spring Wheat from Canada: Investigations Nos. 701-TA-430A and 430B and 731-TA-1019A and 1019B (Preliminary)*.
