### Farm Service Agency

#### Biologically Engineered Low-Nicotine Tobaccos

**AGENCIES:** Farm Service Agency.

**ACTION:** Notice.

**SUMMARY:** In a notice published in the *Federal Register* on May 15, 2002, the Farm Service Agency (FSA) invited comments from the public about whether the biologically-engineered, low-nicotine Burley Tobacco type 31-V and related tobaccos should be considered quota or non-quota tobacco. The preponderance of public comments supported these tobaccos being considered non-quota for the 2003 and subsequent crop years. This notice announces that there will be no change to the FSA regulations to include these tobaccos among those which are subject to marketing quota regulations.

**FOR FURTHER INFORMATION CONTACT:** Director, Tobacco Division, FSA, USDA, 1400 Independence Avenue, SW., Room 5750, STOP 0514, Washington, DC 20250-0514, by phone at (202)720-2715, or email at [tob\\_comments@wdc.fsa.gov](mailto:tob_comments@wdc.fsa.gov).

**SUPPLEMENTARY INFORMATION:** Recently, tobacco that was biologically-engineered to have a low nicotine content became available to producers. The regulations of the Agricultural Marketing Service (AMS), which classifies tobacco for inspection purposes but does not determine types for FSA's tobacco marketing quota program, provide that certain tobacco which in its cured state has a nicotine content of not more than eight-tenths of one percent (8/10 of 1%), oven dry weight, be classified as type 31-V, if burley, or type 73, if flue-cured. AMS thus classified, for inspection purposes, the biologically engineered tobacco, which fell at or below that nicotine level, as being either type 31-V (burley) or, if cured in the same

manner as flue-cured tobacco, as type 73 (flue-cured).

FSA invited the views of interested persons before making any determination on considering biologically-engineered, low-nicotine tobacco as quota or non-quota tobacco. The majority of comments received, which were considered in formulating FSA's decision, support biologically-engineered, low-nicotine tobaccos being considered non-quota. Therefore, because current FSA marketing quota regulations include type 31 (burley) and types 11-14 (flue-cured) as tobacco subject to quotas, but do not include the biologically-engineered low-nicotine tobaccos type 31-V or type 73, FSA has determined that there will be no change to the marketing quota regulations. All comments are a matter of public record and may be viewed at the address shown above.

Signed in Washington, DC, on November 27, 2002.

#### Bulk Aspirin From the People's Republic of China; Extension of Time Limit for the Final Results of Antidumping Duty Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of extension of time limit.

**SUMMARY:** The Department of Commerce is extending the time limit for the final results of the administrative review of the antidumping duty order on bulk aspirin from the People's Republic of China. The period of review is July 6, 2000, through June 30, 2001. This extension is made pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act").

**EFFECTIVE DATE:** December 3, 2002.

**FOR FURTHER INFORMATION CONTACT:** Julie Santoboni or Cole Kyle, Office 1, Import Administration, International Trade

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; at telephone (202) 482-4194 and 482-1503, respectively.

#### Statutory Time Limits

Section 751(a)(3)(A) of the Act requires the Department of Commerce ("the Department") to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

#### Background

On August 20, 2001, we published a notice of initiation of the administrative review of bulk acetylsalicylic acid, commonly referred to as bulk aspirin, from the People's Republic of China. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part*, 66 FR 43570 (August 20, 2001). The period of this review is July 6, 2000, through June 30, 2001. On August 7, 2002, we published the preliminary results of our review. In our notice of preliminary results, we stated our intention to issue the final results of this review no later than 120 days after the date of publication of the preliminary results, December 5, 2002.

#### Extension of Time Limits for Final Results

Due to the complexity of the surrogate value issues raised in the petitioner's case brief, we determine that it is not practicable to complete the final results of this review within the original time limit. Therefore, the Department is extending the time limit for completion of the final results until no later than February 3, 2003. This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: December 4, 2002.

#### Iron Construction Castings from Canada: Rescission of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of rescission of antidumping duty administrative review.

**EFFECTIVE DATE:** December 10, 2002.

**FOR FURTHER INFORMATION CONTACT:** Karine Gziryan or Howard Smith, AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4081 and (202) 482-5193, respectively.

#### SUPPLEMENTARY INFORMATION:

#### The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR part 351 (2002).

#### Background

On March 1, 2002, the Department of Commerce (the Department) published a notice of opportunity to request an administrative review of the antidumping duty order on iron construction castings from Canada covering the period March 1, 2001 through February 28, 2002 (67 FR 9438).

On April 17, 2002, pursuant to a request by Canada Pipe Company, Ltd. (Canada Pipe), the Department initiated an administrative review of the antidumping duty order on iron construction castings from Canada for the period March 1, 2001, through February 28, 2002, (67 FR 20089) (April 24, 2002). On November 25, 2002, Canada Pipe withdrew its request for an administrative review.

#### Rescission of Review

Section 351.213(d)(1) of the Department's regulations provides that a party that requests an administrative review may withdraw the request within 90 days after the date of publication of the notice of initiation of the requested administrative review.

Although Canada Pipe withdrew its request for the review after the 90-day period had expired, the Department is rescinding the administrative review of the order on iron construction castings from Canada for the period March 1, 2001, through February 28, 2002 because no other party requested a review of Canada Pipe and it is otherwise reasonable to rescind the review. This action is consistent with the Department's practice. *See e.g., Frozen Concentrated Orange Juice From Brazil; Final Results and Partial Rescission of Antidumping Duty Administrative Review*, 67 FR 40913 (June 14, 2002) where, pursuant to a request filed after the 90 day deadline, the Department rescinded the review with respect to one respondent because the review of that respondent had not progressed beyond a point where it would have been unreasonable to grant the request for rescission.

This notice is in accordance with section 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: November 29, 2002.
