

**ACTION:** Notice of public meeting.

**SUMMARY:** We are advising the public that the Animal and Plant Health Inspection Service will hold a public meeting for the purpose of exchanging information on our Plant Protection and Quarantine (PPQ) programs with stakeholders that are affected by our programs. This notice provides additional information about the agenda for the meeting, which is now being finalized.

**DATES:** The meeting will be held December 9 and 10, 2003.

**ADDRESSES:** The meeting will be held at the Melrose Hotel, 2430 Pennsylvania Avenue NW., Washington, DC.

**FOR FURTHER INFORMATION CONTACT:** Ms. Paula Henstridge, Special Assistant to the Deputy Administrator, Plant Protection and Quarantine, Room 302—E Whitten Building, 14th Street and Independence Avenue SW., Washington, DC 20250; (202) 720-1737; e-mail

[paula.henstridge@aphis.usda.gov](mailto:paula.henstridge@aphis.usda.gov); or Mr. Michael Lidsky, Assistant Director for Regulatory Coordination, Plant Health Programs, 4700 River Road Unit 141, Riverdale, MD 20737 (301) 734-5762; e-mail

[michael.a.lidsky@aphis.usda.gov](mailto:michael.a.lidsky@aphis.usda.gov).

**SUPPLEMENTARY INFORMATION:** The Animal and Plant Health Inspection Service's Plant Protection and Quarantine (PPQ) unit protects and safeguards the Nation's plant resources through programs and activities to prevent the introduction and spread of plant pests and noxious weeds. On September 5, 2003, APHIS published a notice in the **Federal Register** (68 FR 52736, Docket No. 03-075-1) announcing that PPQ plans to hold a public meeting on December 9 and 10, 2003, to exchange information with stakeholders. We believe that such an information exchange is particularly timely as PPQ moves forward from the operation of certain agricultural quarantine and inspection activities, which have been transferred to the newly established Customs and Border Protection function of the Department of Homeland Security.

We solicited comments for 30 days regarding suggestions for topics for discussion at the meeting. A total of five comments were received. Commenters raised issues concerning whether APHIS needs to establish a process for seeking comment from stakeholders prior to discussions with the North American Plant Protection Organization (NAPPO) or the International Plant Protection Convention (IPPC), and whether permit requirements for exotic and domestic

microbial plant pathogens affect the cost and quality of research on important pathogens. Other commenters raised issues about the accessibility of operational work plans pertaining to imports; making details available about risk mitigation early on in the risk assessment process; expanding, via the stakeholder registry, notifications on proposed actions of international standard-setting bodies such as NAPPO and the IPPC; and the agency's plans with regard to the revision of the regulations for importing nursery stock. The agency believes that these topics are appropriate for discussion at one of the following five workshop sessions that are planned for December 10:

- Pest Risk Assessments—Models, Process, and Participation
- Import Permits and Export Certification—Service, Standardization, Security, and Automation
- Developing Strategic Approaches to Exports
- The Stakeholder Role in the Department of Homeland Security
- Integrating Federal, State, Tribal, and Industry Players/Partners in the Incident Command System

The agency is also planning a separate presentation with regard to strategies for revising the nursery stock regulations.

In addition to the workshops and presentation referenced above, the following topics are on the agenda for the meeting: An overview of the PPQ mission and structure as well as the year in review; governmental perspectives on the relationships between PPQ, State cooperators and Tribal governments; future priorities in plant quarantine programs; an industry perspective on needs and emerging pest threats; the view from Congress; the partnership with Department of Homeland Security and how the shared mission is being accomplished; how the harnessing of information, collection of data, and use of improved response models is transforming plant health; a budget update and outlook; the harmonization of regulatory approaches for the regulations for importing nursery stock and the regulations for importing fruits and vegetables; and an update on import and export issues.

We request that all persons wishing to attend the meeting preregister on the PPQ Web site, <http://www.aphis.usda.gov/ppq/stakeholders/meeting/index.html>. There is no registration fee. Attendance will be guaranteed to the first 100 persons who preregister by November 30, 2003. Persons who preregister should indicate which one of the five concurrent workshops they would like to attend.

Those without access to the Internet may preregister by contacting Ms. Linda Toran at (301) 734-5307. A tentative final agenda has now been posted on the Web site referenced above.

The Melrose Hotel is setting aside a number of rooms at the conference rate. When reserving a room, please specify that you would like the USDA/APHIS rate. The telephone number for the hotel is (202) 955-6400 or toll free (800) 635-7673. The hotel's Web site is <http://www.melrosehotelwashingtondc.com>.

Done in Washington, DC, this 10th day of November 2003.

**Peter Fernandez,**

*Acting Administrator, Animal and Plant Health Inspection Service.*

### Foreign-Trade Zones Board

[Docket 57-2003]

#### Foreign-Trade Zone 219—Yuma, AZ; Application for Expansion

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Yuma County Airport Authority, Inc., grantee of Foreign-Trade Zone 219, requesting authority to expand FTZ 219, Yuma, Arizona, to include an additional site within the San Luis Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 3, 2003.

FTZ 219 was approved by the Board on April 2, 1997 (Board Order 874, 62 FR 17580, 4/10/97), and expanded on April 5, 2001 (Board Order 1161, 66 FR 19422, 4/16/01), and on February 7, 2003 (Board Order 1267, 68 FR 9047, 2/27/03). The zone project currently consists of two sites in Yuma: *Site 1* (125 acres) within the Yuma International Airport complex, 2191 East 32nd Street; and, *Site 2* (95 acres)—Yuma Commerce Center, approximately 5 miles east of the Yuma International Airport on Business Loop Interstate 8.

The applicant is now requesting authority to expand the general-purpose zone to include an additional site (75 acres) in Yuma County: *Proposed Site 3* (75 acres)—Big Industrial, LLC, warehouse facility, located at 10793 W. County 20½ Street, Somerton. This action will also formally terminate Subzone 219A (Meadowcraft) which closed in 2001 and subsequently sold

the property to Big Industrial, LLC. No specific manufacturing authority is being requested at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th Street, NW., Washington, DC 20005; or

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Avenue, NW., Washington, DC 20230.

The closing period for their receipt is January 16, 2004. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to February 2, 2004).

A copy of the application and accompanying exhibits will be available during this time for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above, and at the Yuma Main Library, 350 South 3rd Avenue, Yuma, Arizona 85364.

Dated: November 4, 2003.

**Dennis Puccinelli,**

*Executive Secretary.*

### Foreign-Trade Zones Board

[Docket 58-2003]

#### Foreign-Trade Zone 134— Chattanooga, TN, Request for Manufacturing Authority; Sofix Corporation (Black Colorformer Chemicals)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Chattanooga Chamber Foundation, grantee of FTZ 134, on behalf of Sofix Corporation (Sofix), requesting authority to manufacture black colorformer chemicals under FTZ procedures within FTZ 134—Site 2. The application was formally filed on November 4, 2003.

The Sofix facility (42,000 sq. ft. of production area and 17,500 sq. ft. of warehouse space) is located at 2800 Riverport Road, Chattanooga, Tennessee, within Site 2 of FTZ 134. The plant (32 employees) produces black colorformer chemicals, known generically as Spiro Phthalide Xanthene (HTSUS 2932.29.30, 7.2%). Foreign-sourced materials include ACME (HTSUS 2922.29.60, 7.2%) and benzoic acid (HTSUS 2922.50.35, 7.2%) and will account for some 50-60 percent of finished product value.

Zone procedures would exempt Sofix from Customs duty payments on foreign materials used in production for export. Some 60 percent of the plant's shipments are currently exported. On domestic shipments, the company would be able to defer duty on foreign-sourced inputs until formal Customs entry is made. Zone procedures would also exempt Sofix from Customs duty payments on foreign materials used in certain production resulting in scrap or waste (some 5 percent by weight). The application also indicates that Sofix may realize logistical/procedural benefits from subzone status. The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is January 16, 2004. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to February 2, 2004).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above, and at the U.S. Customs and Border Protection Office, Port of

Chattanooga, 5959 Shallowford Road, Suite 429-0, Chattanooga, TN 37421.

Dated: November 4, 2003.

### International Trade Administration

[A-791-809]

#### Certain Hot-Rolled Carbon Steel Flat Products from South Africa: Final Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, U.S. Department of Commerce.

**SUMMARY:** On July 9, 2003, the Department of Commerce (the Department) published the preliminary results of its administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products from South Africa (68 FR 40903). The review covers shipments of this merchandise to the United States for the period May 3, 2001 through August 31, 2002, by Iscor Ltd. (Iscor), Saldanha Steel Ltd. (Saldanha) and Highveld Steel & Vanadium Corp. Ltd. (Highveld).

We gave interested parties an opportunity to comment on our preliminary results. We received a case brief from the United States Steel Corporation (USS), and Nucor Corporation (Nucor) filed a letter in support of the case brief of USS. Iscor and Saldanha (Iscor/Saldanha),<sup>1</sup> and Highveld filed rebuttal comments. Based on our analysis of comments, we have made no changes to the preliminary results. For the final dumping margins see the "Final Results of Review" section below.

**EFFECTIVE DATE:** November 17, 2003.

<sup>1</sup> In the final determination of the antidumping investigation, the Department determined that Iscor and Saldanha were affiliated, and should be treated as a single entity for purposes of the investigation. See *Notice of Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Hot-Rolled Carbon Steel Flat Products from South Africa*, 66 FR 48242 (Sept. 19, 2001) (LTFV investigation). This was based on information on the public record of the contemporaneous countervailing duty investigation of hot-rolled products from South Africa that (1) Iscor is a 50 percent shareholder in Saldanha, and is in a position to exercise control of Saldanha's assets, and (2) both companies produce the subject merchandise. In this review, the Department requested that, if the circumstances had not changed, the two parties file a combined response. Although Iscor/Saldanha did not file any response, the December 30, 2002 letter declining to respond to the questionnaire was filed jointly.
