

service date either justifying the existing rates or proposing alternative rates.

Vector's in-service date was December 1, 2000. Vector states that its filing satisfies that requirement.

Vector is requesting an increase in the recourse rates for service under Rate Schedules FT-1, IT-1, and PALS, based on a cost of service of \$134,911,668.

Vector states that the presently pending rate for Rate Schedule TTS service in Docket No. RP02-479-002 and the existing rate for Rate Schedule MBA service are unchanged by this filing. Vector also is proposing recourse rates for two new firm transportation services, limited firm in Rate Schedule FT-L and hourly firm in Rate Schedule FT-H.

In addition to the rate change, Vector states that it is submitting various revised tariff sheets for the purpose of correcting and cleaning-up minor errors, making editorial corrections, clarifying certain tariff provisions, and deleting a section of the General Terms and Conditions (section 39) which is no longer applicable. Vector states that it also is electing to modify the terms of its Management of Balancing Agreement service to accommodate the requests of customers for a more broad-based service that could be used by customers who take interruptible service in addition to those who use firm transportation service.

Vector states that copies of its filing have been mailed to all customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with § 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. ### Federal Energy Regulatory Commission

[Docket No. CP03-131-000]

### Natural Gas Pipeline Company of America; Notice of Intent to Prepare an Environmental Assessment for the Proposed North Lansing Storage Field Abandonment and Request for Comments on Environmental Issues

June 3, 2003.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the proposed North Lansing Storage Field Abandonment Project proposed by Natural Gas Pipeline Company of America (Natural) in Harrison County, Texas.<sup>1</sup> The facilities to be abandoned include an inactive injection/withdrawal well, about 2,380 feet of 8-inch-diameter lateral pipeline, and the associated 6-inch meter facilities. This EA will be used by the Commission in its decision-making process to determine whether the project is in the public convenience and necessity.

### Summary of the Proposed Project

The proposed abandonment is responsive to a Commission Order issued December 24, 2002, in FERC Docket No. CP02-391-000, involving the expansion of Natural's North Lansing storage field. An environmental condition of the Order required Natural to identify any currently unused aboveground facilities and pipelines on the property of S.J. Keasler, a landowner on the North Lansing storage field, and provide a timetable for filing an abandonment application with the

<sup>1</sup> Natural's application was filed with the Commission under section 7 of the Natural Gas Act and part 157 of the Commission's regulations.
